BEST WAY TO USE TOBACCO-CHEWIT!

Most Wholesome and Enjoyable Form of Chewing Tobacco Is the Plug Form

"AMERICAN NAVY" TASTIEST PLUG

You'll always find that the most contented tobacco users are the men who chew. It's the only way that the wholesome, mellow-sweet leaf gets close to the tongue and pleases the palate with rich, juicy flavor. And when the palate is pleased, digestion is aided and the general health promoted.

But the form of your chew is highly important. While tobacco is made in various forms for chewing, it is a fact that no form has ever been discovered which will compare in healthful and satisfying quality with the old-fashioned plug.

Chew a first-class plug tobacco, like American Navy, with the delicious, appetizing, digestion-promoting flavor pressed right into it and kept there, and you get all the enjoyment and benefit out of tobacco that the choicest leaf can give you.

Too-o-o-o-o-o-o-o-ot! The morning whistle sounds. Men and girls are coming to work. What of those who come to the spotless Sterling Kitchens?

They lift down uniforms spic and span—caps that are spotless. They put on fresh laundered gloves of white. All day long these gloves of white keep their hands from touching Sterling Gum.

They work in the bright day-light—in a factory which is fairly sparkling with broad, high windows. And they are not hemmed in by the walls of other factories. The Sterling factory stands alone.

When you open your packages of Sterling Gum remember that your hands are the first to touch it. And then, perhaps, you'll feel an added pleasure in hunting that 7th Sterling point!
