The soothing, healing Resinol balsams in Resinol Soap, combined with its freedom from harsh, irritating alkali, give to red, rough and pimply complexions that whiteness and velvety softness for which women yearn. A skin washed only with Resinol Soap is usually a skin to be proud of.

Sold by all druggists. For sample free, write to Dept. 10-P, Resinol, Baltimore, Md.

Dancers and Singers Pack Kioto Streets

Kicto, Nov. 17.—The people of the empire are feasting and rejoicing over the coronation to an extent hitherto unknown in the history of Japan. The streets of Kicto last night were filled with paraders, dancing and singing. Men, girls and children, wearing burlesque costumes and carrying paper lanterns, beat drums and gongs.

You do not want a slow treatment, when hair is falling and the dandruff germ is killing the hair roots. Delay means—no hair.

Get, at any drug store, a bottle of zemo for 25c or \$1.00 for extra large size. Use as directed, for it does the work quickly. It kills the dandruff germ, nourishes the hair roots and immediately stops itching scalp. It is sure and safe, is not greasy, is easy to use and will not stain. Soaps and shampoos are harmful, as they contain alkal. The best thing to use is zemo, for it is pure and also inexpensive.

Zemo, Cleveland.

SUNDAY EXCURSION

Pennsylvania R. R.

Sunday, November 28

AERO SQUADRON WILL TEST WAR CONDITIONS

[Continued from First Page] lay in completion of hangars, barracks and quarters at San Antonio, however, may delay the trip. The distance to be covered is 450 miles. Stops will be made at these points in Texas: Wichita Falls, Bowie, Decatur, Fort Smith, Cleburne, Hillsboro, Waco, Georgetown, Austin and possibly at Granger and Temple.

Austin and possibly at Granger and Temple.

The flight is intended to give a line on just how army aviators may be expected to work during a war. It is desired to test to the utmost the ability of the fliers to follow a previously designated rouje over unknown country; it will give an opportunity to try the army transport system under stipulated war conditions, since trucks following the aeroplanes will be forced to make an average of eighty inlies a day on land; it will test the power of the motors to stand up under service conditions and the resourcefulness and adaptability of the army flying organizations, particularly its supply department.

SERBIAN ARMY FACES TOTAL DEFEAT

[Continued from First Page] limited to rather general artillery ex-changes.

Greece Is Adopting Less **Uncompromising Stand**

By Associated Press

London, Nov. 17. — The Greek government appears to be adopting a less uncompromising attitude, says the Athens correspondent of Reuters Telegram Company. It is believed to be seeking a satisfactory solution of the question as to its attitude toward allied troops which might take refuge in the Greek territory, although it hesitates to make a declaration in the form demanded by the entente powers.

E. M. Colquhoun, of the United Gas Improvement Company, Philadelphia, according to a dispatch from Philadelphia to-day, has purchased an interest in the Wincroft Stove Works, one of Middletown's principal industries, and will occupy the position of vice-president and general manager.

Mr. Colquhoun is prominently known in the gas industry, having been a traveling representative in the new business department of the U. G. I. for several years, and with the company fourteen years.

OLD-TIME COLD CURE-DRINK TEA!

a small package of Hamburg Breast Tea, or, as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vege-table, therefore harmless.—Adv.

where the contract and extended not will be described with a partner shapeful and attempts of the contract of a partner shapeful and attempts of the contract Water Supply Discussed

Robert A. Zentmeyer, of Tyrone, a member of the State Water Supply Commission, spoke of the work of his commission and said that the work he felt was greatly misunderstood in some sections, where it was almost looked upon as "the government rainmaker." Mr. Zentmeyer told of the work of his commission in controlling the water resources of the State and for the utilization of water power and supervision of flood controls and bridges over streams. Mr. Zentmeyer showed the detail of the work of water supply throughout the State.

State Librarian Thomas Lynch Montgomery presided at the afternoon session. Deputy State Fire Marshal Wolfe spoke in place of State Fire Marshal Thomas L. Baldwin, who was called out of the city on official business.

A serious accident was narrowly averted late in the afternoon by John Fox Weiss, president of the Country Club. After the fire had been extinguished, several of the boys who are caddles at the club, were rummaring around in the ruins, searching for possible treasures undevoured by the flames. Mr. Weiss warned them to get away from such a dangerous locality, and no sooner had they left the ruins than the tall chimney, which alone with its mate remained standing, crashed to the ground on the very spot occupied a moment before by the boys.

Reconsideration of Hillstrom
Murder Sentence Is Urged

By Associated Press
Washington, Nov. 17.—President Wilson to-day urged Governor Spry of Utah to reconsider the case of Joseph Hillstrom, a Swedish citizen, sentenced to death next Friday for murder.

Hillstrom is an I. W W. worker in whose behalf the President appealed to Governor Spry at the request of the Swedish minister several weeks ago on the ground that Hillstrom had not had a fair trial. murder.

Wear-Ever"

Four-quart Aluminum Kettle

For ONLY 98c on or before November 23, 1915.

Without grease and without water a delicious pot roast can be made in the Kettle.

Place the kettle empty over a low flame. In the heated kettle, sear the roast on all sides; then turn the fire down to a mere flicker. When half

done turn the meat over. Thus cheaper cuts of meat may be made as palatable as more expensive cuts. The "Wear-Ever" Windsor Kettle may be

used for many purposes every day in the year. The steamer section—which regularly sells for \$1.40

-combined with the kettle may be used for all the purposes to which a steamer may be put. It is an excellent colandar. The price of the Steamer alone on or before November 23, 1915—is 98c.

The price of the Kettle and the Steamer ordinarily is \$2.85. The special price for the limited time is \$1.96.

You will get the Kettle-or the Steamer-at the special price, on or before November 23, 1915, at the following stores: HARRISBURG

Bowman & Company 318 Market St. Cleckner & Burke 1226 North Third St.

Bowman & Co., (G. N. Stecher & S. C. Hertzler),
Carlisle, Pa,
Imperial Dept. Store, (South Hanover St.)
Hershey Store Company
Hershey, Pa,

Rothert Company
Stechton Store Company
Ryan's Dept. Store
F. E. Taylor Other stores located wherever this paper circulates may supply you with the Kettle at the special price. If your dealer cannot supply the Kettle, mail us your name and address and \$1.20—the 22c being added to pay the cost of packing and transportation—and we will send you the Kettle prepaid—or the Steamer—or the Kettle and the Steamer for \$2.40, prepaid.

When buying aluminum ware be sure to look for the "Wear-Ever" trade mark. Refuse substitutes. Aluminum utensils are NOT "all the same."
