YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

Hurry, Mother! Remove poisons from little stomach, liver. bowels.

Give "California Syrup of Figs" if cross, bilious or feverish.

No matter what ails your child, a sentle, thorough laxative should always be the first treatment given. your little one is out-of-sorts

half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross irritable, feverish, stomach sour, breath bad or has stomach-ache, diar rhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

a well, playful child again.

Mothers can rest easy after giving this harmless "fruit 1 ative," because it never fails to cleanse the little one's liver and bovels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs;" then see that it is made by the "California Fig Syrup Company."—Advertisement.

Get the Habit of **Drinking Hot Water** Before Breakfast

Says we can't look or feel right with the system full of poisons.

Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles if you could believe these hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleepiessness, impure blood and all sorts of aliments.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggy, just an appli-

That beautiful, even shade of dark,

dry, wispy and scraggy, just an application or two of Sage and Sulphur enhances its appearance a hundredfold. Don't bother to prepare the tonic; you can get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.—Advertisement.

FINDS SAVAGES ORIGINATE "400" FADS

MRS. P. M. WOODS

San Francisco—The lap dog fashion originated among the savage Negritos of the Philippine Islands, according to Mrs. P. M. Woods, wife of a United States army officer, stationed at Cavite, Philippine Islands. Mrs. Woods, her husband and a bodyguard of soldiers recently spent more than a month among these half-naked natives, studying their customs.

"The Negritos carry the cutest little dogs with them wherever they go," said Mrs. Woods upon her return to her home here. "Men and women both carry the dogs and the habit is just the same as the one which holds the society women of this country. The only difference is in the appearance of the people and the dogs."

real cause of the allment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomen troubles. If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don'tscare feeling, no ambition or energy, troubled with undigested food you should take Olive Tablets, the substitute for calomel.

Ix: Edwards' Olive Tablets are a purely-wegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O.

GOVERNOR ENTERTAINS JURY HURRIES TO MANY AT DINNER

[Continued from First Page]

The Governor's Speech Among other things the Governor

My immediate interest, as you know

My immediate interest. as you know, grows out of the fact that in the very near future the Capitol Extension Park will have been acquired completely by the Commonwealth, and its treatment will become an important and imminent problem.

"It was my thought that the planning commission of Harrisburg, the two boards of the State government, the city officials of Harrisburg, and the gentlemen who in the past have put their hearts and their souls into the planning of a greater Harrisburg, should come together here, that we might be able to start a series of conferences that would help the State and help Harrisburg to work out the proper treatment of the extension of the Capitol Park in harmony with the plans for a greater Harrisburg, to which you have devoted so much of your thought. Those of us who represent the State in these matters hope that when the park is finally completed, it shall be a thing that all will be proud of, and that it will represent a part of the whole park system of the city of Harrisburg, and be a dignified setting for the great Capitol of this State.

"My interest in that — and Mr.

of the city of Harrisburg, and be a dignified setting for the great Capitol of this State.

"My interest in that — and Mr. Young, who sits here with me, and Mr. Powell, who could not be with us because he was obliged to be in Pittsburgh to-night, both share that feeling I know—is deep, and we are anxious at all times to meet with those of you in Harrisburg who have this matter at heart, in order that there may be no mistakes, no crossing of purposes, no conflicting of ideas, and therefore no delay and no mistake in the working out of the additional ground that the State holds in the heart of your city.

"Another thing I had brought to my attention to-day when with Mr. Todd I walked over that piece of ground. There is the State street bridge which hardly adequately now portrays its quality, because of the buildings that surround it. The moment the State removes the properties and bares that iniquitous sight, you will age how absolutely impossible it is going to be for the State to work out its problem with that great mass of stone impinging upon an essential part of the park.

"I want to go just a litter further

of stone impinging upon an essential part of the park.

"I want to go just a litter further into the park extension question. The other day you had an election here, and your good people voted another loan to put humps over the landscape, a thing that seriously interferes with what I had hoped would be and what I still hope will be and believe ought to be the proper treatment of the extension ground.

"Personally, I do hope that you will in some way contravene any effort that may be put forth to put that hump on the Walnut street site of our park extension and thus mar it for-

nump on the Walnut street site of ou park extension and thus mar it for ever. I am not an architect, and do not speak for the experts, but am talking just as a plain citizen. I would be a shame, almost a crime, fo your government to allow that thin to be done, and I hope you won' do it.

Gifts which have been collected during the last few months by the Harrisburg branch of the Needlework was a constant of the control of the control of the control of the collect of the city to-morrow morning to the Young Women's Christian Association, Mrs. John Fox Weiss, the president, and the other directors of the Harrisburg branch will have charge of the distribution.

NAME ASSESSOR Irvin F. Moyer to-day was appointed by the County Commissioners as as-sessor for West Hanover township to succeed B. C. Shope who resigned be-cause of ill health. The court ap-pointed James H. Flowers, a Royalton councilman, to succeed John M. Ruth-erford as tax collector for that hor-ough.

HERSHEY PARK TO CRITICISE ART

Dancing Ladies on Guiseppe Donato's Fountain the Cause

Twelve of Dauphin's good men and

true this morning went to Hershey park to criticize art. The twelve comprised the Novem ber Common Pleas jury which is hear-ing the action Guiseppe Donato, a Philadelphia sculptor, has instituted against Milton S. Hershey, the "chocqlate king" to recover a claim of \$25 000 for work the sculptor put in for sculpturing a mighty classy fountain. For the last five years Donato and Mr. Hershey have been at odds over

that fountain. Originally it was intended to be a thing of beauty and a

joy for ever at Hershey but some question as to extra cost for additional sculpting developed some ill feeling between the chocolate king and the artist. The chief point of contention hinged upon who really is the owner since Hershey says he doesn't want the fountain because it will cost more than he cared to put into it: Donato doesn't want it because he says his part of the contract is finished—all but the collection of the \$25,000.

The row over the extra money—originally Hershey contends he only wanted to sink about \$3500 into the art work—occurred when Donato added some special trimmings. Instead of an ordinary fountain it is now a huge affair with a big drop basin and dainty daughters of Pan dancing with perfect abandon on the edges of the fountain. It was to bring out the features of the daughters in boider relief, 'tis said, that cost Donato so much extra time and mental strain—and Hershey the Additional \$20,000.

Attorneys discoursed at length at the opening of court this mercales.

Attorneys discoursed at length at the opening of court this morning on the beauties of the fountain and its dancing attendants and the artistic sense of the jurors was aroused. Finally, it was suggested that the twelve go out to the park to "look 'em over." The jury did.

Do You Dread the Cold?

Tuskegee, Alabama, Nov. 17.—Simplicity marked the funeral of Booker T. Washington, noted negro educator, race leader and author, which took place here this morning at Tuskegee Institute, which he made famous, and which has taken such an important part in the elevation of the negro race. Fully \$,000 people came to Tuskegee to Day their last tribute of respect to Dr. Washington, only 2.—The bidd lacks nourishment and the sufferer is always cold, takes a chill easily and is miserable all winter.

The simple episcopal burial service was read and many old plantation songs which Dr. Washington loved so well were sung. A few of the thousands of telegrams' of condelence from all parts of the country were read. Prominent men from all walks of life, whites as well as negroes, attended the services. Burial was in the institute grounds.

PIMPLES CAUSED

To You Dread the Cold?

Some people enjoy cold weather, take pleasure in winter sports and the ween air calls the pink to their cheeks and the red to their lips. Others shrink from cold and turn blue at the least exposure to frosty air.

The difference is in the blood. Rich, red blood warms the body. Every long to the safe to every part of the system. Thin blood is unable to take up the life-sustaining oxygen. The body lacks nourishment and the sufferer is always cold, takes a chill easily and is miserable all winter.

Thin blood is largely the sufferer's own fault. It results from neglect, because the blood can be built up. Dr. Williams' Pink Pills supply the elements that the blood does not call attention to itself it is often neglected. Have you seriously considered taking a course of treatment with these blood-making pills? If you are in doubt write for information.
