Bets are being placed on the local Thanksgiving game. Central is a favorite. It may also be said that no begging is necessary to get Tech money. Both teams have an army of supporters.

Here is the way one Tech student put it yesterday: "The Thanksgiving game is still to be played. There is such a thing as counting chickens before they are hatched. If Central wins it will be the last football victory they will get for many Thanksgivings to come."

Basketball enthusiasts are ready for to-night's opening. The Independents gave Harrisburg good sport last seacon and should receive a liberal patronage during the ensuing five months. The schedule includes many big offerings.

The bowling craze has hit Harrisburg harder tha never. Severn leagues are working and here are more to come. Why not pull off one big tournament this season? Harrisburg will stand for it. It will be a good way to find which league has the best team.

What Harrisburg needs right now, according to a general opinion, is a large hall for indoor sports. A busy winter would be assured if there was a desirable place for indoor baseball, roller polo, volley ball, wrestling and legitimate boxing.
