## SERB ARMY IN CRITICAL SHAPE

[Continued from First Page]

tary situation is going from bad to worse. In the north the main Serbian armies are giving way slowly before the battering Austro-German forces, which probably would move more rapidly if weather conditions were better. It is established that the Bulgarians are in Prolep and at least have made Monastir untenable. The Anglo-French armies based on Saloniki seem to be in no better condition than to hold their positions.

Optimistic feeling in regard to the diplomatic situation in Greece still persists in England. The reasons for this optimism, however, continue to be obscure. The weather seems to have intervened again in Russia. Little activity is reported except the retirement of the Russians to the east bank of the Styr, in Galicia. Wet weather in the swampy district evidently has brought both sides to a standstill.

On the other fronts there are few changes. Desperate fighting continues between Austrians and Italians. In Mesopotamia, General Nixon is reported to be in sight of Bagdad.

## Bombardment of Gorizia Continues With Vigor

Rome, Nov. 19, via Paris, Nov. 20.—The Italian bombardment of Austrian positions in and around Gorizia continues with unabated vigor, according to the official statement issued to-day at the headquarters of the general staff. The text of the communication follows:

"All along the front the artillery duel continues. Our guns dispersed enemy marching columns in the Astico zone and in the upper Cordevole; it destroyed shelters on Mittagskofel (Gall); it bombarded barracks at Gorizia and also swept numerous enemy batteries posted on heights to the east of the city and others hidden in orchards and gardens near the city. Finally it shelled a column of troops which retreated hastily to Gorizia. Enemy aeroplanes yesterday threw bombs on Verona where four citizens were wounded and on Vincenza and Orade where there were neither victims nor damages. Another day's squadron threw 15 bombs on Udine, killing 12 persons and wounding 19 civilians and eight soldiers. The material damage done was unimportant."

## Retreating Serbs, Aided by Deep Snows, Are Making Desperate Resistance

Zurich, Switz., Nov. 20.—Advance of the Austro-German troops through Serbia is being hampered not only by the desperate resistance of the Serbs but by heavy snow storms.

The invaders are struggling through deep snow in the mountains northwest of the Sanjek where their hardships are increasing by low temperatures.

Serb positions are taken only after bitter fighting. Some of the fiercest engagements have been fought on heights more than 5,000 feet high where the troops on both sides are cramped.

Swiss papers report that there have been heavy artillery engagements for several days near Czernowitz, Bukovina, where the Russians are well supplied with munitions and are being strongly reinforced.

## German Advance on Pristina Is Progressing

Vienna, Nov. 20, via London, Nov. 20.—The Austrian war office to-night gave out the following statement: "The German divisions of General Koeves' army captured Rieska. In the region south of this place Austro-Hungarian troops are engaged at the foot of Koponik Plina. The advance of the German and Bulgarian division against the Pristina basin is progressing."

## CAPTURE 2800 SERBS

Berlin, Nov. 20.—By wireless to Sayville. — Announcement was made by the war office to-day of the capture of 2,800 more Serbians.

## Austrian Submarine Sent Ancona to Bottom

Washington, D. C., Nov. 20.—The Italian foreign office has notified American Ambassador Page at Rome that it has no reason to believe that the submarine which sank the liner Ancona with the loss of several Americans was other than an Austrian. This with the Austrian Government's acknowledgment of the act clears up the last possibility that it might have been a German boat.

The Italian Government also informed Ambassador Page that it has made no contention that the submarine was German.

## Maxim Says Invaders Would Sweep Through to Alleghenies in Two Weeks

Kansas City, Mo., Nov. 20.—Hudson Maxim, inventor of many implements of war, addressing the Kansas City Commercial Club at its annual dinner here last night asserted that the only way America could be saved from war would be to have a navy powerful enough to stand successfully against any other navy in the world and "an army big enough to save the country from defeat and humiliation, even should our navy be destroyed."

"Our army would make just about one good day's killing," said Mr. Maxim. "Suppose the enemy should land at Boston or New York or at any of the ports between. Nothing under heaven we could do would prevent the invaders from capturing the entire country between the Alleghenies and the sea, within two weeks." Mr. Maxim's suppositional invasion was by a first-class European Power at the conclusion of the present conflict.

## LIBERTY BELL IN ILLINOIS

Calto, Ill., Nov. 20.—The Liberty Bell on its homeward journey from the Pacific coast to Philadelphia, was taken through southern Illinois to-day and great crowds viewed the relic at every town in which it was exhibited.

## Serbs Retreating in Good Order, With Small Loss

London, Nov. 20.—A Reuter dispatch from Athens says: "Arrivals from the front depict the situation as less somber than has been reported. The Serbians are retreating in perfect order and have lost no prisoners. The guns captured by the Bulgarians are old pieces of little value and a thousand pieces of artillery remain in the possession of the Serbs whose morale is still good. The ultimate issue depends upon the timely arrival of the allies' forces."

# A Practical Idea And a Little Foresight

NUMEROUS good stores throughout the country are ever striving to attain the ideal in service-giving. Public Desires guide and govern them.

¶ In many such establishments Educational Departments have been created to give co-workers an opportunity to further increase their knowledge in the art of selling, whereby the customer would have a better understanding of the goods she purchases.

¶ The Bowman Educational Department followed in the wake of this wide-spreading, progressive movement, and through the growing demand for better service to be given in our completed store.

¶ The experiment has proven wonderful! Not alone has the customer benefited, for co-workers are highly enthused—their minds have become instilled with spirit, ambition, self-confidence, loyalty—realizing that advancement, ultimate success and contentment are self-made and self-dependent.

¶ We cannot foresee, nor can we prophesy the over-abundance of good that will come to Harrisburg through its Continuation Schools. We can but warmly endorse the movement and wish success to those who will seek to enlarge its scope and make still more certain its value.

## Bulgarians Advancing on All Fronts, Taking Many Prisoners and Guns

Amsterdam, Nov. 20.—An official statement received here from Sofia the date of which is not given, says that the Bulgarians are advancing on all fronts, capturing many prisoners and large quantities of war material. The statement announces the capture of Prilep, made known several days ago and adds that possession of Babuna Pass by the Bulgarians has opened the way to Monastir.

The Bulgarians in the Tetovo region are said to have advanced to the southward, while their forces operating in the direction of Pristina have occupied Gilan, breaking through the line of the retreating Serbians.

## "Beauty and Brains!" Well Surely Miss Given Has a Chance to Win Contest

She is given to "beauty and brains," is Miss Amy Given, of 1102 North Third street, and if the quality of her mentality is on a par with the first part of the requirement her friends will vouch for her success in a contest being staged by the Photoplay Magazine in conjunction with the World Film Corporation for amateur actresses who have an ambition to star as moving-picture performers.

Eleven out of a list of beautiful and brainy maidens will be chosen by a number of judges, including Lillian Russell and William A. Brady, and the eleven will be sent to the studios at Fort Lee, New Jersey, across the river from New York, where they will be given a thorough tryout as film actresses. All of their expenses will be paid on this trip and if they show any talent they will be given contracts for a period of not less than one year at regular salaries paid to stars. Miss Given has entered the contest.

## BUSINESS HEAD OF LIGHT CO. DIES

[Continued from First Page]

ROBERT W. KIPLE

merical management of the local firm November 1, succeeding Robert W. Hoy, who resigned a short time before to accept a position with the Elmira, N. Y., Water, Light and Power Company.

Came Here From Easton  
Mr. Kiple came here from the Pennsylvania Utilities Company, of Easton, Pa. He has been associated with electrical companies and electrical work for almost 25 years. In 1893, he went into the business with the old Suburban Light Company, of his home town, Scranton. For a number of years since then he has been connected with electrical firms in New York and Eastern Pennsylvania.

He became manager of the Wayne County Electric Company at Lyons,

## Personal Social

HARRISBURG PENNA.

**FOREIGN GOVERNMENTS CAN'T PLACE RAIL ORDERS**  
By Associated Press  
Pittsburgh, Pa., Nov. 20.—The inability of the mills of this district to accept orders for steel rails for quick delivery has resulted in numerous inquiries from foreign governments for second-hand rails.

It was learned yesterday that agents for Italy, Switzerland and the Belgium Congo are trying to place orders here for 50,000 tons of old rails, to be used chiefly for repair work on continental railroad lines.

**WOODMEN CHIEF DIES**  
Ionia, Mich., Nov. 20.—General John Mitchell, major-general in command of Modern Woodmen of America, Foresters Uniform Rank, died here yesterday after a long illness. He was 66 years old. He was born in Franklin, N. Y.
