SPECIALTIES ARE

New York, Nov. 22. — Specialties were the sole features of interest on the resumption of trading to-day. Texas Company on its initial advance of 3% scored a new record at 204. General Motors was 5 higher at 426 and United States Alcohol 4% at 118 %. California and Mexican Petroleum advances in Amèrican Locomotive, Baldwin Locomotive, Lackawanna Steel, American Car and United Fruit, while Marine preferred rose 2% to 71 %. Westinghouse yielied a point and United States Steel lagged. Union Pacific and New Haven were firm features among the railroads.

The market moved listlessly throughout the morning, sales of the first hour barely aggregating 150,000 shares, which established a minimum of operations for several months. Of this total such issues as Mexican Petroleum and Distillers' Securities each contributed more than erstwhile favorites like United States Steel. Coppers and war shares improved over early quotations, the former on prospects of another advance in the metal. United Fruit gained 4½ points at 161,% and other unclassified stocks were higher. Rails reflected a further lack of demand. Bonds were firm.
