MONEY TO LOAN

METAL AND WAR SHARES ACTIVE

Cuban American Sugar Rises to New Record; Odd Mixture

New Record; Odd Mixture

of Gains

System Record; Odd Mixture

of Gains

By Associated Press

New York, Nov. 24. — Metal shares and some of the war specialties were again moderately active and higher at the outset of to-day's trading. Utah Copper was the chief feature, its rise of 1½ to 75½ being associated with the proposed disintegration of the Guggenheim Company. Lackawanna Steel, Westinghouse and shullar descriptions were one to two points higher, while Cuban-American Sugar rose almost four to the new record of 14½ to 155½. New Haven's recurrent heaviness featured the railways.

An odd mixture of gains marked the first hour, which was slightly more active than yesterday's same period. This same distinction was shared by Cuban-American Sugar on its advance of 8½ to 150. Other oil and sugar shares were strong, and United Press (Are Opposing Advance) and of dividends. Increased weakness of Mew Haven, which fell 2½ to 755½, nosetled other rails. Bonds were firm.

CHICAGO CATTLE

appears to be communation of the report that the Serbian army of General
Bokovitch is now opposing only a thin
screen to the Austro-German advance," says a Saloniki dispatch dated
Monday in the Temps to-day. "The
main forces have been concentrated
on the Kossovo Plain. General Bokovitch will hurl 90,000 men against the
120,000 Bulgarians guarding the defiles of Katchanik and Kortchou.

"The Serbians may even attempt the
supreme effort of dashing into Uskup,
and then on to Veles, there to join
hands with the French. But in order
that the battle shall end in anything
but sublime suicide the operation must
be carried out energetically and success must be achieved promptly.

"There is good reason to believe the
Bulgarians will not occupy Monastir
until the arrival of the first detachments of Austro-German troops."

Democrats Favor Early

National Convention New York, Nov. 24. — Democratic sentiment, judging from reports from William F. McCombs, chairman of the national committee, favors an early national convention. Mr. McCombs said to-day that from what he had gathered from the members of his commitee it was likely that the convention would be held during the first two weeks of June.

Bids for the convention have been received from Chicago, St. Louis, Dallas and San Francisco. Mr. McCombs expects a full meeting of the members of the national committee in Washington on December 7, when an effort will be made to decide upon the time and place for the convention.

Henry W. Taft Resigns

From Relief Committee New York, Nov. 24. — Henry W. Taft other of former President William H New York, Nov. 24. — Henry W. Taft, brother of former President William H. Taft, announced to-day his resignation as vice-president of the National Allied Relief Committee. The committee was organized about a month ago to administer funds collected in the United States for the relief of war sufferers of the entente allies. Among its members are: Charles W. Eliot, Myron T. Henrick, August Belmont and Howard Mr. Taft said that he resigned because his signature had been attached without his knowledge or consent to an appeal for funds, issued by an orficial of the committee, which contained a denunciation of Germany.

Hay — Market firm: No. 1, large bales, \$21.00\; 21.50; medium bales, \$20.50\; 20.21.00; No. 2, do., \$19.50\; 20.00; No. 3, do., \$16.00\; 818.00\; London, Nov. 24.—The Daily Mall devotes considerable editorial space to an urgent demand for the suppression of "bogus war charities" "Of the £27,000,000 (\$135,000,000) raised for charitable purposes since the beginning of the war," says the Mail, "those who know best believe that a very considerable part has some to enrich clever exploiters of public philanthropies. A case recently came to enrich clever exploiters of public philanthropies. A case recently came under police notice where only £70 of £1,200 collected had found its way into the official charity bank account, the remainder vanishing in expenses. The Mail argues for a system of
