REAL REASON FOR THANKSGIVING

[Continued From First Page.] The winter are excellent, according to the managers. At the Pennsylvania Steel Company, 6,000 men are employed, a slight decrease over last year's total, but an increase in orders is keeping nearly all of the departments running.

almost 500 are working daily, one of the busiest seasons is now on. The total number employed there last year was about 100 less than this year. Big Orders Keep Wheels Humming A twenty per cent. increase in the number of employees at the Harrisburg Shoe Manufacturing Company, together with orders which will keep them working all winter is announced at the offices of the plant.

this year, as were at work last year. Large orders are keeping both places working practically full time. At the Blough Manufacturing Company plant, there is a forty per cent. increase in the number of employees. A thirty per cent. increase in the force is reported by W. O. Hickok Manufacturing Company. Big contracts for supplies are held by both these firms.

quoted in the article is the same as the one of the manufacturers—that the public be educated to wear white goods. The manufacturers claim that it would be consistent to manufacture the supply here, but with the present rates, it would be almost folly to start big dye works in this country, only to have them lose trade at the close of the war, when the German factories again ship supplies with a low tariff to help them.

league. If I had known how things were I would never have taken the job. "I will let you know when I am ready to send out the checks. Mr. Barrow spoke the other day of sending me to Harrisburg to straighten things out. I hope he does. He has to wait until he gets authority from the league before he can advance me any more money. This may not be done until the annual meeting."

New York he informed the official scorer that a few bills that remained unpaid would be attended to within a week after his arrival in New York city. Everybody believed he was acting as President Barrow's representative. Secretary Douzlass said to-day that he would make a statement later, as he would have to look up the accounts.

Bar Liquor on Trains When Colorado Goes Dry Denver, Col., Nov. 24.—The sale of intoxicants upon all Denver and Rio Grande railroad trains will cease after January 1, 1915, when Colorado becomes dry territory, according to a statement to-day by W. H. McAbee, superintendent of dining car service of the railroad.

WHAT IS URIC ACID?

THE CAUSE OF BACKACHE, RHEUMATISM, LUMBAGO, GRAVEL AND SUDDEN DEATH

Ever since the discovery of uric acid in the blood by Scheele, in 1773, and the bad effect it had upon the body, scientists and physicians have striven to rid the tissues and the blood of this poison. Because of its overabundance in the system it causes backache, pains here and there, rheumatism, gout, gravel, neuralgia and so on. It was Dr. Pierce who discovered a new agent called "Anuric," which will throw out and completely eradicate this uric acid from the system. "Anuric" is 37 times more potent than lithia, and consequently you need no longer fear muscular or articular rheumatism or gout, or many other diseases which are dependent on an accumulation of uric acid within the body.

"WE'LL PAY OUR BILLS," SNAPS BASEBALL HEAD

[Continued From First Page.] count of the transfer to Harrisburg.

Why League Hesitates "Naturally, in face of these things, the league hesitates about locating in Harrisburg again next season. The statement that some of the money taken in at Harrisburg must have been used for other clubs in the league is absolutely untrue and ridiculous. "President Barrow says the International League is not any more responsible for the Harrisburg club's debts than you are, but will see that they are paid just the same. He says he gave you and Fogarty explicit instructions against running up any bills, but to keep everything paid up. How Fogarty followed out those instructions is shown by the fact that bills have been coming in to me ever since the close of the season, not alone from Harrisburg, but from hotels and other sources in the other towns of the

LETTER STARTS GOSSIP

President DeWan's letter when shown to a number of businessmen created a big surprise. Figures given out by Mr. DeWan before he left the city showed that while the International club was in Harrisburg the receipts were sufficient to meet all expenses. No request was made to the men who worked to get the team to Harrisburg to make any effort to pay debts incurred at Newark. Every promise made for Harrisburg was fulfilled.

HANS SCHMIDT MUST DIE IN CHAIR; APPEAL DENIED

By Associated Press Albany, N. Y., Nov. 24.—Hans Schmidt, convicted of the murder of Anna Amuller must die in the electric chair at Sing Sing. The Court of Appeals to-day upheld the verdict. Schmidt, who was performing the office of a priest at St. Joseph's church in New York City, was arrested September 15, 1913, and confessed to the police that he had killed Miss Amuller, whose dismembered body had been found in the North River.
