Genuine Prescription For All Rheumatism

Pain Disappears and Swelling Vanishes in a Few Days

Rheuma—that is the name of the scientific prescription that is putting rheumatism out of business. Rheumatism cured by driving the uric acid from the blood. It also acts directly on the kidney and is better for them than most so-called kidney cures.

Says Samuel Powell of Geneva, Ky.: "For several years I was such a sufferer from rheumatism I could not straighten out my right arm or leg. After taking one bottle of Rheuma my limbs are supple and free from pain."

Gratifying relief comes in a day, because Rheuma acts at one time on the kidneys, stomach, liver and blood, 50 cents a bottle of H. C. Kennedy's and all druggists.—Advertisement.
