Missionaries Returned From Asia Minor Report Conditions Intolerable

New York, Nov. 26.—The Rev. Dr. William N. Chambers, who has been doing missionary work in Asia Minor for thirty years, his wife and a number of women and children from the mission at Adana, Asia Minor, arrived today on the Greek steamer Themistocles. Dr. Chambers said conditions in Asia Minor became so intolerable that he was forced to bring out all the women and children.

One of the party said Dr. Chambers had been held in jail two days because he was a British subject, but that an American consul succeeded in having him released. Dr. Chambers said large numbers of Armenians have been deported from near Adana and other places in Asia Minor.

Besides Mrs. Chambers who is a sister of Talcott Williams, dean of the Columbia School of Journalism, the party included Mrs. Cyril H. Haus, and her four children; Mrs. William L. Nute and her son, Miss Mary C. Webb and Miss Lila Khyat.

Mrs. Elizabeth Yaghjian, an Armenian who arrived in the steamer

said she had taken her daughter from their home at Ababasar, Turkey to Plerus, and from there sent her to Philadelphia, where she is now at school. Turkish authorities would not allow Mrs. Yaghjian to return to Ababasar and when she heard a report that her husband and son had been deported to the Assyrian desert she decided to join her daughter at Philadelphia.

Discuss Newly Formed U. S. Trade Corporation

London, Nov. 26.—Discussing the newly formed American International Corporation, the Morning Post says: "It is evident that the United States is making preparations for capturing the world's trade after the war. This company must be treated as a quite serious proposition. Since the commencement of the war American prosperity has received an enormous impetus from foreign orders, particularly those of England, France and Russia. Moreover, the financial prestige of America has been increased by the extent to which its bankers are

able to finance the necessities of European and other countries. "Nothing, therefore, is more natural than that American bankers and businessmen should be looking ahead and taking steps for maintaining this financial and commercial prosperity after the war. At the present moment, of course, we are preoccupied with the pressing problems of war finance, but we shall do well not to lose sight of the commercial possibilities after the war, especially in view of the closer commercial and financial relationship of Great Britain and her allies as well as the commercial disadvantages under which Germany is likely to labor."

The usual big rush during Christmas season is expected at the Harrisburg Post Office, and the delay in delivering mail abroad due to slow steamship is the reason given for the caution.

HIGHER INCOME TAX IS PLANNED

Wilson Sanctions Increase in Rates Suggested by McAdoo to Raise Revenue

Special to The Telegraph
Washington, D. C., Nov. 26.—The first authoritative intimation of the program of taxation that the administration will suggest to the next Congress was given out yesterday by Secretary McAdoo. While his statement gives the items merely in the form of personal suggestions, there is no doubt that his utterance was approved by the President and that Mr. Wilson has in mind the tax levies suggested.

Secretary McAdoo voices the opposition of the administration to a bond issue for national defense purposes and expresses the opinion that it will not be necessary; that the needed expenditures can be met with taxes "widely diffused and scarcely felt."

He also takes a more optimistic view of the revenue situation confronting the government than do many leaders of Congress. Mr. McAdoo figures that the new revenue necessary to meet the deficit in 1917 and the increased national defense program will be \$112,806,394. In other words, the additional taxes will represent a little more than a dollar for every person in the United States if there is to be no issue of bonds.

McAdoo's Plan

Secretary McAdoo's plan, briefly, is as follows: An increase in the rates of taxation of individual and corporate incomes.

A reduction of the income tax exemption from \$3,000 to \$2,000 for single persons and from \$4,000 to \$3,000 for married persons.

The application of the surtax to income above \$10,000 or \$15,000, instead of \$20,000, as fixed by the present law.

An extension of the war tax to gasoline, crude and refined oils, horsepower of automobiles and "other internal combustion engines."

Re-enactment of the war revenue tax in its present form.

Repeal of the income tax in the present tariff law which puts sugar on the free list beginning with May 1 next, thus retaining this large item of revenue.

HALF MILLION IN CHRISTMAS FUNDS

[Continued From First Page.]

will help close the present year most flourishingly for Harrisburg in a business way; and the outlook for the new year is of the very brightest."

Al. K. Thomas, secretary of the Harrisburg Clearing House Association so characterized the business prospects of the city to-day.

Bank clearings are indicative in a way of the trend of business, although the increase in deposits, the fact that ready employment for labor at good wages is available and that the banking business is taking on its old-time activity are the best indications of better conditions, according to Mr. Thomas.

The bank clearings up to and including November 23 are away ahead of the first eleven months of 1914; the prospects are that the remaining few days in this month and the busy month of December will break the records of 1914. For the twelve months of 1914 the total clearings amounted to \$82,087,150.92. The first eleven months including all of November totaled \$74,927,942.49. The total to date for 1915, including November 23 amounts to \$77,525,875.77. November's clearings in 1914 amounted to \$6,348,579.92; November to date has reached the remarkable total of \$5,211,119.40.

The comparison of the 1914 and 1915 by months follows:

Month	1914	1915

MANY ACHEs AND PAINs COME FROM SICK KIDNEYS

New Uric Acid Solvent Quickly Relieves All Such Troubles.

The greater part of all sickness can be avoided by keeping the kidneys working properly. This is as important as keeping the bowels moving regularly, because the kidneys and bladder are the filters and sewers of the body. It is their duty to clean the blood and keep it pure. Not to make new blood—the food we eat does that—but to remove from the blood impurities it has gathered up during its passage through the body. All the blood in the body passes through the kidneys once every three minutes. There it is filtered and when the kidneys are healthy, they remove about 500 grains of impure matter daily; but if for any cause this cleaning process is interfered with, the evil effects of the poisons retained in the system soon are apparent. Though the kidneys were the first cause of the trouble, it does not follow that the symptoms experienced will be connected with them for the poison, having been carried into the general system, the weakest part of the body is generally the first to break down. Here then we have the cause of very many cases of rheumatism, stone, dropsy, gravel, urinary troubles, backaches, headaches, swollen joints, and a number of other every-day complaints.

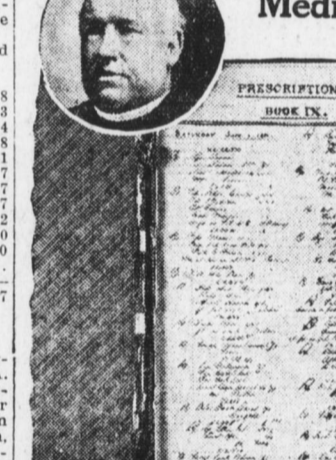

It will readily be seen, then, that there will be disease so long as waste matter remains in the system. Before the patient can be cured this waste matter must be cleared out of the system, the blood must be purified and so made to impart full strength and vigor to every part of the body.

It was to meet just these conditions that the new prescription, Solvax, was placed on the market. Solvax is more than just a kidney remedy. It is made up of a number of quick-acting but thoroughly safe ingredients that aim to reach the seat of all kidney and bladder trouble and all painful disorders that are a direct or indirect result of clogged-up or improperly working kidneys. Solvax overcomes the very worst cases because it removes the cause. You will find its results entirely different from anything you have ever used. There is nothing else to compare with it. It doesn't matter how old you are or how long you have suffered, Solvax will show results.

You can obtain an original package of Solvax from H. C. Kennedy or any other reliable druggist in Harrisburg or vicinity, under a guarantee of satisfaction, or money back.—Advertisement.
