DEPRESSION WILL END STEEL BOOM

Iron Age Sees Danger in Too Rapid Expansion; Allies Stop Buying Munitions

That the present boom in the steel trades is too rapid to insure prosperity to the trade, is the assertion of the Iron Age, a leading steel journal, today.

Among other things, the Iron Age points out the rapid expansion of steel manufacturing plants in Europe and the soaring prices in this country, to show that the boom here is rapidly approaching the danger stage.

"The steel trade is rushing on at a speed which may easily carry it past any danger signal. The rapid advance of prices is viewed with concern in some quarters, but the protests are rather of helplessness in the face of such a situation."

"The Pennsylvania Railroad's announcement of the withdrawal of its inquiry for 10,000 cars, on which the bids showed a startling advance in prices—nearly 10 per cent. in some cases over the lowest bid of the year—is the first strong demurrer in the home market. The complaint is that producers have been buying thus far rather from the mills than from consumers who could not fill their orders for lack of steel or could get no place on the books of the mills for steel sure to be needed in the second quarter of next year."

"Following the recent statement that France would limit further steel buying in this country because of high prices, a London cable announces that the allies have reached an understanding in the hands of the Allies' agents here, but it is known that options were taken on quantities beyond those named in existing contracts. Further, whatever the increased munitions capacity of the Allies, they have found no way of increasing their output of steel. It is known, too, that one large buyer here for a French steel company that has already taken 90,000 tons of large rounds will continue to be a buyer in this country for steel for a twelve-month period. So far as reminders that the war demand will not go on indefinitely to do some of the dangers in the present steel situation, they are of little welcome. There has been no little uneasiness over the prospect that home consumption would suffer while mills were busy with attractive war contracts."

SAYS NATION HAS MUCH TO BE THANKFUL FOR

National prosperity while the world is in throes of depression; geographical position, which shields us from invading armies, and the fact that we are at peace while the rest of the world is engaged in war, are the things for which we should give thanks, declared the Rev. C. Sanderson, pastor of the First Methodist church, in yesterday's sermon at the annual union Thanksgiving service in the First Reformed church.

The Rev. Charles A. Huvette, pastor of the First Reformed church, president, and the Rev. R. B. Wagner, of the First Presbyterian; the Rev. G. N. Lauffer, of the John's Lutheran, and the Rev. William B. Smith, of St. Mark's Lutheran church, also participated in the services, which were well attended.

NEW ECZEMA CURE

Antiseptic Remedy That Cures Most Cases in Short Time

The many sufferers from eczema in Harrisburg and vicinity will welcome the news that a new antiseptic has been discovered that relieves the itching and soreness almost as soon as it is applied, and which will soon make an absolute and thorough cure in even the worst case.

Antiseptic Ucanol kills the germs when applied to the diseased skin, and grows new, healthy flesh that is free from soreness and eruption.

A liberal supply can be had for not more than 50 cents at any good drugist while J. C. Kennedy sells it with a guarantee to refund the money if Ucanol does not do all that it is claimed.

FALLS UNDER CAR; LOSES LEFT ARM

Joshua R. Bennet, Attorney, Loses Balance and Slips Hand Under Wheels

Falling with outstretched arms beneath the rear wheels of a trolley car on the Steelton line of the Harrisburg Railways Company near Front and Eleanor streets at 9:25 o'clock this morning, Joshua R. Bennet, colored, an attorney of Harrisburg and Steelton, had his left arm severed near the elbow.

Attorney Bennet, according to passengers on the car, was running up Front street in an effort to reach Franklin street ahead of the trolley so that he could board the car to come to Harrisburg. As the car passed him Bennet threw out his left arm in an effort to grab the car, the passengers say.

The lunge threw the lawyer off his feet and he fell sprawling to the pavement beside the car. His arms were extended and the rear wheels of the car passed over his left wrist.

As the car came to a stop Motorman E. F. Davis and Conductor C. C. Page hastened back and with the assistance of passengers picked up the injured attorney and placed him in the car.

A record run was then made to the Harrisburg Hospital, where the attorney's left arm was amputated near the elbow.

Attorney Bennet is 35 years old, lives at 44 Balm street, Harrisburg, and but recently opened an office at 120 North Front street, Steelton.

Do You Feel Headachy? Look to Your Stomach

It is an unusual thing for a druggist to sell medicine under a guarantee to refund the money if it does not cure. Yet this is the way that nearly every druggist in Harrisburg is selling Mi-o-na.

Druggists say that a medicine has been successful as with Mi-o-na. People who a few months ago suffered continually with their stomachs to-day are ruddy and vigorous with perfect digestion and good health. They say Mi-o-na did it.

Headaches, all forms of indigestion, specks before the eyes, dizzy feelings, poor sleep, ringing in the ears and all forms of liver trouble are helped by Mi-o-na. A few days' treatment should show considerable gain in health, while a complete cure often follows rapidly.

These days are the best in the whole year for the enjoyment of good health and Mi-o-na will put you in such perfect condition that you can enjoy every minute of them. Sold and recommended by H. C. Kennedy and other leading druggists.—Advertisement.

Greek Assurances Regarded With Skepticism
By Associated Press
London, Nov. 26.—The Pall Mall Gazette, recalling the assurances given by Eleutheros Venizelos, the Grecian ex-premier, and the way they were nullified by King Constantine's actions, regards the present Greek assurances with skepticism and declares that the promises of Premier Skouloudis and his colleagues, whatever shape they may assume, are not to be taken too seriously.

What has been secured apparently by the gentle pinch of four days' arrest of Greek shipping," the newspaper says, "is the assurance that Greece will not be as treacherous as words which certain of her ministers might have implied. That the Greek army is to remain mobilized will prevent any sure sense of safety on the part of the (entente) allies."
