A NERVINE TONIC

In many severe nervous disorders the best remedy is often a tonic. The most active tonic treatment is recommended by the highest medical authority to arrest the progress of such diseases.

It is impossible to reach the nerves directly with medicine. Dr. Williams' Pink Pills are a nervine tonic but they act on the nerves through the blood, enabling the blood to carry to the nerves the elements needed to build them up.

Neuralgia, sciatica, sick headache and a number of more severe nervous troubles are properly treated by building up the blood with Dr. Williams' Pink Pills and are often entirely corrected in this way.

If you are nervous you can help yourself by refusing to worry, by taking proper rest, sleep and vacations, by avoiding excesses and by taking out-of-door exercise. For medicine take Dr. Williams' Pink Pills, the non-alcoholic tonic.

Sufferers from nervous disorders who have been taking treatment without benefit should investigate the tonic method. Write to-day to the Dr. Williams' Medicine Co., Schenectady, N. Y., for the booklet, "Diseases of the Nervous System." It will be sent free on request.

Your own druggist sells Dr. Williams' Pink Pills or they will be sent by mail on receipt of price, fifty cents per box, six boxes for \$2.50—Advertisement.
