Remedy Prescribed by Many Doctors

Compound of Simple Laxative Herbs Proves Most Efficient.

Dr. W. A. Evans, writing for the Chicago Tribune, makes the assertion that practically everyone, at some time or other, suffers from constipation. This applies regardless of age or condition of life.

The congestion of stomach waste in the bowels is evidenced in various ways; bloating, eructation of foul stomach gases, sick headache, languor, all indicate constipation, and call for prompt attention, not only to relieve the present discomfort, but also to avoid possible disease that follows neglect of this important function.

Harsh cathartics and violent purgatives should not be employed, as these afford only temporary relief, while they serve to shock the entire system. A mild laxative such as Dr. Caldwell's Syrup Pepsin is far preferable and is now the remedy generally used and prescribed by many doctors. It is free from opiate or narcotic drugs, acts easily and pleasantly, without gripping or other pain and is a safe, effective family remedy.

Mr. Chas. Schell, 132 Church St., Grenada, Miss., writes that he found relief himself by using Dr. Caldwell's

MR. CHAS. SCHELL

Syrup Pepsin and now keeps it on hand for family use. A bottle of Dr. Caldwell's Syrup Pepsin should have a place in every family medicine chest. A trial bottle can be obtained, free of charge, by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Illinois.

SILVERSMITH

Seemingly Snatched From the Very Jaws of Death Expels Probably the Longest Tapeworm Ever Seen Here

She Followed the Health Teachers Advise. See the Result.

Esther Hickernell

She Took Quaker Herb Extract and it Saved Her Life.

Miss Esther Hickernell of Middletown, Pa., a few days ago was in a dangerously critical condition, now she is well.

Was it not fortunate that she called on the Health Teacher at Croll Keller's drug store?

Another life saved by that most wonderful of all remedies, Quaker Herb Extract, assisted by the Quaker Worm Remedy. This assertion may not be generally believed but just read the following particulars and you will agree that this young lady will have cause all during her life to be grateful for the simply astounding results she received from the Quaker treatment recommended to her by the Health Teacher at Croll Keller drug store, No. 405 Market street, only a few days ago. It did not require months or weeks to accomplish this cure, it did not require long fasting, starving or dieting; it did not require the administration of enormous quantities of sickening purgatives; it did not require the attendance of a doctor; but it only required a few hours without any particular preparations for the Quaker treatment to force from the young lady's system probably the longest tapeworm ever seen here or elsewhere, and thus saved her from a terrible death.

So that any person who might wish to investigate these strong assertions may do so without much difficulty, here are complete particulars. The young lady's name is Esther Hickernell, she lives at No. 155 Susquehanna street, Middletown, Pa. She is 21 years of age. Her father is Mr. S. S. Hickernell, the well known carpenter, who is an old resident of Middletown. For over 2 years this young lady suffered from the tortures of a tapeworm. Treatment obtained locally and outside cities failed to produce any results. Doctors admitted their failure in the successful treatment of this particular case. Finally it was resolved a few days ago to visit the Health Teacher at Croll Keller drug store and learn what he had to say. He recommended the Quaker treatment and so sure was he that this treatment would produce the required results that he said: "If

this Quaker treatment does not produce the required results within a day, no charge will be made for it. Could any living person suggest more honest or liberal terms?" Miss Hickernell took the treatment, carefully following directions and, to her behold! in less than 2 hours afterwards she expelled the tapeworm complete with head. It was indeed a monster. At that moment her life was saved. This cure spread like wild-fire and created much excitement at Middletown. She is now being congratulated on all sides for her narrow escape from death. All who wish may see the monster parasite at her home and when you see it you will wonder how she really could have lived as long as she did with such a beast thriving in her system. She and all her people at home will also cheerfully certify that her cure is due to the Quaker treatment and nothing else. What do all the great cures mean? Why are they published? They mean that the Quaker remedies can be relied upon, that they actually give results even after all other remedies have failed. These cures in other words create confidence in the remedies. Therefore act quickly. If you are a sufferer from rheumatism, catarrh or stomach troubles, indigestion, constipation, kidney or bladder complaints, impure blood or bad circulation, call today, do not lose another moment, and learn about these wonderful Quaker remedies. The Health Teacher can be seen at Croll Keller drug store, No. 405 Market street daily from 8.30 a. m. to 9 p. m. If you cannot call order by mail and on receipt of price the remedies will be sent to you promptly. Quaker Herb Extract, 3 bottles for \$2.50. Off of Balm 50c, Quaker Kidney Pills 50c. These special remedies cannot be obtained in any other store in Harrisburg. Remember the place, Keller's drug store, No. 405 Market St.—Adv.
