BORO' BOOSTERS ELECT OFFICERS

President Wright Delegate to Convention of American Civic Association

The Municipal League of Steelton at its annual meeting last evening elected all its old officers for another year, appointed President Harry C. Wright delegate to the convention of the American Civic Association at Washington next month and discussed further plans for the development of a comprehensive system of parks and playgrounds for the borough.

C. S. Davis, chairman of the park committee of the league, in his annual report reviewed the excellent results of the Spring and Fall field day exercises in Luther R. Kelker park and mapped out plans for continued development of parks and playgrounds.

In pointing out the steps to be taken in carrying out Warren H. Manning's plans for park and playground development Mr. Davis urged the borough council about the athletic activities on the various grounds and act as a supervisor to the various instructors who may be employed from time to time. Many of the towns the size of Steelton and smaller have such supervisors and find them paying investments.

In pointing out steps in the development of a playground instructor to take charge of the Cottage Hill field and the new playgrounds which it is proposed to establish in various parts of borough from time to time. This instructor could direct all the athletic activities on the various grounds and act as a supervisor to the various instructors who may be employed from time to time.

Try this! Your hair gets soft, wavy, abundant and glossy at once.

Save your hair! Beautify it! It is only a matter of using a little Danderine occasionally to have a head of heavy beautiful hair; soft, lustrous, wavy and free from dandruff. It is easy and inexpensive to have pretty, charming hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; freshness, fluffiness and an incomparable gloss and luster, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower; destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

side of the park should be developed. He also suggested that the fine springs of water in Kelker park should be fished and then walled for drinking purposes.

Work in Kelker Park
As a closing suggestion Professor Davis suggested that the Municipal League request council to place a number of trees in Kelker park this Fall to remove briars and vines so that the park will be in good shape next Spring.

Referring to council's action in adopting Warren H. Manning's plan for park development and the plan for making a formal entrance to Kelker park, Chairman Davis praised the progressive spirit shown by the councilmen and expressed the sincere appreciation of the borough for the generosity of Brightbill & Wright for their donation of land for the proposed entrance. It is such public-spiritedness, he declared, that results in a progressive, well-developed municipality.

All of the league's old officers were re-elected, as follows: President, H. C. Wright; Vice-presidents, P. T. McEntee and H. L. Dress; secretary, C. R. Holton, and treasurer, G. M. Long. President Wright was appointed a delegate to the convention of the American Civic Association at Washington, D. C., December 28-31.

VALUE-GIVING

Value-giving is our aim and purpose here---trying to see how much we can give for the money instead of how much money we can get for what we give.

We value the good will of the public more than swollen profits. We sell the best clothes we can find on the smallest margin we can live on, and treat our customers as we would ask to be treated ourselves. If we fall short of giving absolute satisfaction in every detail---new goods or money back is the policy here.
