

# HARRISBURG HUNTERS START BUSY SEASONS TODAY---INDIANS MAY QUIT FOOTBALL

## INDIANS TO QUIT FOOTBALL GAME

### Officials Claim Winning Team Cannot Be Had Without Rule Violations

Carlisle, Pa., Dec. 1.—Persistent rumors to the effect that football will be dropped as a sport at the Carlisle Indian School following the present disastrous season were given partial confirmation yesterday by Superintendent Lippé. He said the Indian Arrow would carry an account of the stand of the authorities on the matter.

He would, however, not give any information of the character of the statement, although it is generally believed that it will take the form of an order stopping the fall sport. It is believed the sport will be halted on the ground that a winning team cannot be conducted without violating governmental regulations.

**First Bad Season**

The present season has been one of the worst in the history of the Red and Gold team in some ways. The aborigines have won but few games of their schedule although in many cases, as against Harvard, they outplayed their opponents. Frequent fumbling and various tactical errors featured the year. It is reported also that there has been internal dissension under the new management.

That Carlisle will not take favorably to the elimination of football is generally believed. The Indian School primarily through its football team has been one of the biggest advertisements the town has had and the school has been noted especially for its athletic prowess.

## Army's Head Coach Quits; Returns to His Regiment

West Point, Dec. 1.—Lieutenant Charles D. Daly, U. S. A., who for the past three seasons has been head coach for the Army football team, will not act in that capacity next fall. He sails on December 5 from San Francisco to join his command, the First regiment of Field Artillery, now on duty at Schofield, Honolulu.

Daly was captain of the Harvard football team in 1909. He entered the military academy in June, 1901, was graduated in 1905 and played on the Army eleven for the first two years of his stay here. The Army won from the Navy in both these years.

No successor to Lieutenant Daly has yet been selected as coach.

## Bender After Back Pay; Sues Baltimore Feds

New York, Dec. 1.—Charles Albert Bender, the Indian twirler, who was dropped from the Baltimore Federals last August because, as the manager of the club declared, he did not keep himself in "good condition," brought suit here yesterday for breach of contract, for \$8,666, in the United States district court against the Federal League.

On December 4, 1914, Bender, the former Athletic star, signed a two-year contract with the Federal League under which he was to get \$7,500 a year. He pitched for the Baltimore Federals until August 30 last.

## BLACK TO CAPTAIN YALE

New Haven, Conn., Dec. 1.—Clinton B. Black, of New York city, was elected captain of the Yale football team for 1915 at a banquet at the Taft hotel last night. Black played guard on the university team this year and was captain of his Freshman team.

Black is twenty-one years old, weighs 207 pounds and is five feet eight inches tall. He prepared at Exeter under Tad Jones and played on the first Exeter team that defeated Andover for eight years.

## FIFTEEN DEATHS GRIDIRON TOLL

### Season's Fatalities Equal in Number to Those of Last Year

Philadelphia, Pa., Dec. 1.—The 1915 football toll was the same as last year, fifteen players meeting fatal accidents in games or practice scrimmages. As in the past, it is notable that the deaths all occurred in high schools or the smaller colleges, there not being a single casualty in the bigger universities or colleges. Ten of the fifteen were high school lads, and other five college players.

The youngest victim was Floyd Rollins, aged eleven years of Austin, Tex., who sustained a head injury in a practice scrimmage and died of a burst blood vessel. Bryan Scott, captain of the Knox College, Galesburg, Ill., was killed in the game with St. Louis University on October 21. The most recent fatality was that of Fred McGough of Altoona, the twenty-year-old Dickinson Freshman player who was killed on Thanksgiving Day in the game at Williamsport.

## Johnson-Willard Films in United States Court

Washington, Dec. 1.—Assistant Attorney General Charles Warren yesterday filed in the United States Supreme Court a Government brief in reply to the appeal in the Jack Johnson prizefight film case, in which the constitutionality of the law of 1912 against the importation of prizefight films for purpose of public exhibition is supported.

The films were taken at the fight at Havana last April between Jess Willard and the negro champion, who was worsted.

The government argument holds that even if the films imported should not be used for public exhibition and should be used only for private enjoyment by the owner they cannot be used.

## Tech 'Cross-Country Squad Has Nine Fast Sprinters

Candidates for the Tech 'cross-country squad will hold practice every night this week in preparation for the meet on Saturday with Central, Steelton and the Academy. The final cut will be made Thursday evening when the five runners will be chosen to participate. Saturday, Hutch, Harmon and Degaming, all of whom made enviable records on the track as long distance runners, will likely make positions. The other two places will be fought for by the other six runners.

For several years Herring was chosen as guard on the All-American professional team. Last year he played with Trenton and before that, for years, in New York State.

## DILLON DEFEATS FLYNN

New York, Dec. 1.—Jack Dillon, of Indianapolis, defeated Jim Flynn, of Pueblo, Col., fireman, in a ten-round bout in Brooklyn last night. Dillon weighing 175 pounds, conceded eighteen pounds to his opponent.

Flynn was severely punished throughout, taking a count of four in the ninth round after receiving a hard fight to the jaw.

## Sister Shot in Arm; Ball Lodges in Another's Head

Kane, Pa., Dec. 1.—Mary, 2-year-old daughter of Carmella Kutiggen Johnsonburg, is dying at the Rideway Hospital and her sister, Gertrude, is at her home with a bullet hole in her arm. The shooting occurred last night by their 16-year-old brother John.

The boy was playing with his father's rifle and, not knowing it was loaded, pulled the trigger. The bullet passed through Gertrude's arm and struck the infant in the forehead.

## A CARTOONIST OF THE OLD SCHOOL

Many years have passed since Joseph Keppler, Sr., drew his lithographic cartoons for Puck, but he is still remembered. Eugene Zimmerman, who was associated with him nearly a generation ago, gives the following pen picture of the artist in the current number of Cartoons Magazine:

"Keppler was rather an attractive figure, with mustache and Imperial; a soft hat which he often wore and a cloak thrown over his shoulders gave him the appearance of a master of the old school. Gilliam was tall and had a scholarly stoop to his shoulders, with head bent downward, thinking always of ideas for cartoons. He was seldom to be approached in his office, for the door tender usually delivered a caller's card, and unless he was a personal friend, the answer would come back 'not in.' This is not uncommon in busy offices where everything is supposed to move on schedule time. Upon being admitted, however, one found a modest and most cordial gentleman, with a beam of welcome that made one feel immediately at ease."

## LOCAL HUNTERS AFTER BIG GAME

## WELLY'S CORNER

If reports are true about an abundance of deer, venison will be a part of the bill of fare in many Harrisburg families between now and Christmas. Local deer hunters have been prominent for many seasons, but this year it is said the Harrisburg nimrods have increased in numbers.

Players who this season brought fame to the University of Pittsburgh are still in training. There are prospects of one more game. Cornell has been challenged by the Pitt team. The westerners yesterday sent a challenge to the Ithacans. An answer is expected to-day.

All sorts of offers are coming to Jess Willard. While the new champion has proven his ability as a fighter, there is a wide-spread opinion that as a real champion the "Cowboy" fighter is not a certainty. In Boston, where no color line is drawn, a syndicate is raising \$50,000 for a battle between Willard and Sam Langford.

Ray Bigelow, former Yale football captain and head coach, scores football conditions at New Haven. He urges the selection of Foster Sanford as head coach. Bibelow says: "Yale is a bigger thing than the faculty and undergraduates, and the fact must not be overlooked that we, too, have a right to say what shall be done."

Reading high promises to be a factor in next season's scholastic football games. Only two of the varsity stars will graduate in June. Harold Lettich, right end for two years has been elected captain; and Paul M. Reed will be the coach.

## CHAMBER URGES SPRINKLER SYSTEM

Commerce Body Urges Businessmen to Protect Their Property From Fire

The Harrisburg Chamber of Commerce, following out its well-marked path of constructive work, is making a strenuous effort to induce the businessmen and manufacturers generally to follow in the footsteps of those progressive ones who have taken means to protect their own premises and lower the fire risk in their neighborhood by installing the sprinkler system of fire prevention.

The danger of fire in congested districts particularly is ever present and the sprinkler system, which is automatic and sends forth a deluge of water that floods the room immediately upon the fire touching any part of the sprinkler connection, infinitely diminishes the danger of a destructive conflagration. Particularly is this so when the sprinkler's work is aided by the protection of all elevator and air shafts, floor and other openings, by metal doors or wired glass. No matter how fire proof a building may be, there is always danger in a congested district that the fire may come through the open spaces such as windows and follow in the footsteps of those progressive ones who have taken means to protect their own premises and lower the fire risk in their neighborhood by installing the sprinkler system of fire prevention.

The Chamber has circulated an article in pamphlet form taken from the Scientific American Supplement, which goes into the matter of fire protection and advocates laws in the different states that will accomplish by actual application what the Chamber of Commerce in this city is striving so hard to put through by the medium of public sentiment. Already such establishments as Dives, Pomeroy & Stewart, David Kaufman, the Telegraph Printing Company, Moorhead Knitting Company, Henry Gilbert & Son, Hickok Manufacturing Company, Bowman & Co., have installed the sprinkler system, and it is safe to say that others will soon follow their lead.
