John S. Weaver Commits Suicide at Mechanicsburg

Mechanicsburg, Pa., Dec. 1.—John S. Weaver, ex-postmaster, committed suicide yesterday afternoon about 3 o'clock at his home in East Main street by shooting himself through the head. Previous to this time Mr. Weaver had been around transacting business and about five minutes before was talking to his wife. Hearing the sound of his fall, Mrs. Weaver rushed upstairs, where she found him lying on the floor in the bathroom with blood streaming from his mouth and nose. Beside the body lay a five-shot revolver of 32 caliber, four cartridges loaded and one discharged. Mr. Weaver had placed the muzzle of the revolver in his mouth, the bullet taking an upward course and lodging in his head. Death was instantaneous. Despondency over ill health is given as the cause for the act. Several years ago he sustained a stroke of paralysis and never entirely recovered from the effects. He was 63 years old.

WOMEN SUBJECT TO KIDNEY TROUBLES

I beg to say that I have been a constant sufferer with severe pains in my back and was on the verge of nervous prostration resulting from kidney trouble and other complications. A friend of mine recommended Dr. Kilmer's Swamp-Root as a sure cure for these troubles. Acting upon her advice I began taking Swamp-Root and began to improve before I had finished the first bottle. I continued its use until I had taken several bottles and continued to improve until I was completely cured. I am happy to say that I am as well as any woman on earth and have been so for the past nine years, thanks to Dr. Kilmer's Swamp-Root, and I cheerfully recommend it to all who suffer from kidney troubles. Very truly yours, MRS. ALVA BAXTER, 1166 Main St., Orange, Texas. Subscribed and sworn to before me this 21st day of March, 1912. JOHN J. BAILL, Notary Public.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and luster, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use this old-time recipe. Nowadays we get this famous mixture by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and luster and gives it an appearance of abundance.—Adv.

Dandruff Soon Ruins the Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single skin trace of it. You will find, too, that all itching and itching of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simply remedy never fails.—Advertisement.
