"The Thinkers of the Country Are the Tobacco Chewers"—

said one of the greatest thinkers this country ever produced.

Keeping the Keen Edge.

The men who wrote and printed this paper you are reading must be on "the keen edge" every minute of the working day. So must every man who is truly successful.

There is no better "controller" of nerves and mind than a *mild* tobacco—the PICNIC TWIST sort.

Former users of black, rank tobaccos are becoming PICNIC TWIST chewers. They are finding in PICNIC TWIST a softer, sweeter chew with a long-lasting flavor, milder than they imagined tobacco could be. Why should they risk the strong tobacco's come-back on the nerves?

If you want a tobacco you can chew *all day long* without feeling it, PICNIC TWIST is your meat.

Warms the Bedroom in a Jiffy

It's no fun to crawl out of your warm bed and have to dress in a cold room while your teeth chatter and chills run up and down your spine. You stand a mighty good chance of catching a cold or the grippe—yes, even pneumonia. And it's not at all necessary.

Get a Perfection Oil Heater and in a few minutes your bedroom will be as warm as toast and make dressing a pleasure instead of a misery. And if there's an infant in the house, night after night you'll bless the convenience of a

PERFECTION Smokeless Oil Heater

Why, it'll warm baby's milk in a jiffy and save you many a cold midnight trip to the kitchen. It's economical, too. You don't have to keep piling the coal in the furnace simply to keep one room warm.

The Perfection burns kerosene, the most economical fuel you can buy. It will not smoke, soot or create unpleasant odors. There are no ashes to bother with. Can be safely carried from room to room when lighted. The best results are obtained by using Atlantic Rayolight Oil.

Perfection Oil Heaters are sold by dealers everywhere for \$2.75 to \$5.00.

LOOK FOR THIS SIGN—
The store that displays it is usually a mighty good place to trade, for the dealer who is careful about the kerosene he sells is equally particular about all the other necessities you buy from him.

ATLANTIC Rayolight

is ordinary kerosene that the rich milk of the Jersey cow is to ordinary milk. Atlantic Rayolight Oil burns without smoke, soot or smell, but at the same time costs no more than ordinary kerosene.
