254B, Marcellus Avenue, Manassas, N. J. Better cut out this notice and show it to any other who are ruptured—you may save a life or at least stop the miseries of a rupture and the worry and danger of an operation.—Advertisement.

Surely There Is Not A Better Gift Than Furniture

Each season finds the increased use of furniture for gift giving. It is the return to the good old sensible custom, when you and the whole family were overjoyed on a Christmas morning by receiving a gift of furniture—it was doubly appreciated on account of it being useful. Years and years after you referred to it with pleasure and remembrance.

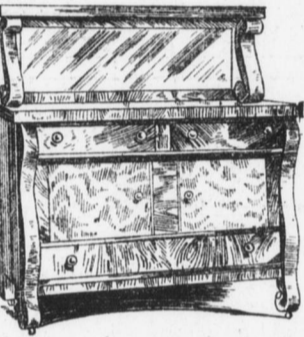

With our pocketbooks better filled than last Christmas, people are going to give more substantial presents, so we look for a general use of furniture for gift giving, as really there's nothing you can give so desirable. There's everything here that will make acceptable gifts—and you're doubly sure of its quality being right and the price fair, if it comes from this store.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; it can be cured by F. J. Cheney & Co., Toledo, O. Sold by Druggists, etc. Take Hall's Family Pills for constipation.
