SEAPORT IS NOW NONALCOHOLIC

Imperial Edict in Gateway to Rough Country Carefully Observed

PERMANENT PROHIBITION

Everyone Wants It; Town Was One of Gayest Before War Started

(Correspondence of Associated Press)

Vladivostok, Dec. 1.—Vodkaless Vladivostok has been realized in spite of the predictions that a seaport which is the gateway to a rough frontier country could not be rendered non-alcoholic.

The imperial edict against alcohol has been so thoroughly enforced that but little liquor is sold. Punishment of bootleggers is so harsh that few men care to engage in the forbidden traffic, regardless of the immense profits it offers.

Vodka is the one drink which persons of all classes of society cherish in Siberia just as in European Russia. Before the Czar's order against liquor vodka sold in Vladivostok at about fifty kopecks or twenty-five cents gold a pint. Harbin, which is located in Manchuria and consequently is under Chinese control, is the nearest place to Vladivostok where liquor is now sold and the liquor smuggled in from that point for secret sale in Vladivostok brings as much as five rubles or \$2.50 gold, a pint. This price is prohibitive for most men of the humbler classes. Yet a few of them manage to get liquor and an occasional drunken peasant is encountered through the streets.

Fires at Thief, Kills Baby in Her Own Arms

Special to The Telegraph

Kane, Pa., Dec. 2.—Ana, 4-year-old daughter of Mr. and Mrs. Stephen Benk of James City, was shot and killed shortly before last midnight by her mother.

At 2 o'clock this morning Dr. L. A. Larson, of this city, was summoned. He found the child lying dead in bed in a pool of blood.

Standing beside the bed of the mother, a bullet hole in the palm of her left hand, she told him she had heard a noise at one of the windows. Thinking it was a burglar, she picked up the child in her left arm and got her husband's revolver.

As she passed the window she heard a noise, and, turning quickly, fired. As she did so the child leaned forward, the bullet piercing her heart and continuing through the mother's left hand.

As a result of the tragedy, decided by the coroner to have been accidental, Mr. Benk asserts he will leave his wife.

girls. Rabbi Leon Album will deliver an address on the "Religious Problem Among the Old Generation." Those who will participate in the celebration will be Dr. Trieman, chairman of Young Men's Hebrew Association, who has issued invitations to all of the members of the Young Men's Hebrew Association to be present at the synagogue on Sunday, at 2 p. m. and he hopes that all members will respond to the invitation.

Mr. Hoffman, of the Newsboys' Association, will give prizes to children, boys in a body. Dr. Goldberg, chairman of the school, and S. Krentzman will distribute prizes to children.

Among the boys who will recite in the three languages are: Harry Micholowitz, B. Koplowitz, Sam Abrams, Earl Dublin, Sam Friedman, Hyman Williams, Julius Katzman, S. Garancik, Earl Alexander, Israel Krentzman, Albert Cohen, William Goldstein, Frank Fishman, Morris Abramson, Julius Levin, Teddy Levin, Harold Houck, L. Capin, Sam Isaacman, Nathan Blum, Israel Donowitz, Arthur Lack and Morris Micholowitz.

"THE ABSENTEE," FEATURING ROBERT EDISON, AT THE REGENT TODAY ONLY

Robert Edison, the celebrated star, appears at the Regent to-day in "The Absentee."

The play opens with a scenically lovely depiction of the Valley of Hope, where man is seen wandering in the guise of a beggar. Two roads widen before him. One leads to Success, the other to Failure. Here Pleasure and Ignorance struggle with him. When he realizes the truth of life happiness returns to him. At this point the prologue fades into the story proper.

Power, the Absentee, leaves light in charge of his factory. Might lowers the wares of the operatives without Power's knowledge and pockets the difference. A strike results. On his wife, Extravagance, and his daughter, Vanity, might squanders his ill-gotten gains while the employees of the mill are left to starve. Under the terrible stress of these unfortunate conditions two young girls, Happiness and Innocence, go wrong, and Contentment, crazed by the death of his daughter, turns to Evil. Justice, the office stenographer, becomes blind as she sits down to write Power's truth about conditions, so she goes to him in person.

IS YOUR STOMACH CLOGGED WITH WASTE?

Druggists Guarantee to Return the Money if Mi-o-na Does Not Relieve You

It's a pleasure to sell a medicine when customers come in afterward and tell you how much good it has done them.

Druggists everywhere can tell of this experience in their sale of Mi-o-na, the well-known stomach remedy. And that is the reason why they are always glad to sell and recommend Mi-o-na. It does the work and ends all stomach distress just like the Mi-o-na people say it will. As a result of this success most every druggist goes a step further and sells Mi-o-na on a positive guarantee that unless it helps the purchaser he can have his money back.

That may seem rash, but customers have said so many good words in Mi-o-na's favor that very few packages are likely to be returned.

Anyone who has dyspepsia, whose food does not digest well, and who has to take thought as to what he can eat, and when, can leave 50 cents deposit at any drug store and take home a box of Mi-o-na and if the remedy does not regulate his digestion and help his dyspepsia he can withdraw his money.

This shows great faith in the merit of Mi-o-na. It is really a most unusual medicine and the rapid increase of sales since it was introduced in Harrisburg shows that it does all that is claimed to do—relieves dyspepsia, regulates digestion and enables those who use it to eat just what they want with no fear of trouble after. Sold by H. C. Kennedy and any other leading druggist in this vicinity.—Advertisement.

Makes Your Stuffed, Germ-laden, Catarrhal Head Clear as a Bell

When you wake in the morning plagued with the tortures of head aches and catarrh, head, nose and throat stopped up, air passages clogged, with obnoxious catarrhal discharges that have collected during the night and you can hardly breathe—just put reading in your nostrils a little Hyomel Pocket Inhaler charged with the pleasant healing oil of Hyomel betweens your lips. Hold it there while dressing and breathe the medicated, antiseptic, germ killing air deep into your nose, throat and lungs with every breath you draw.

By the time you are dressed your head will be clear as a bell, you will breathe with ease and comfort, eat your breakfast with a relish and get about your day's work with a clear brain and steady eye.

This clean smelling, germ destroying air of Hyomel penetrates deep down into every fold and crevice of the membranous linings of your nose, throat and lungs where no liquid spray could possibly get and absolutely kills and drives out of your system every germ it finds there, heals the inflamed swollen tissues and after the very first trial you notice a wonderful improvement. A few weeks' use and every catarrhal germ is killed and driven out of your system.

Druggists everywhere think so well of Hyomel that they agree to give you a guarantee with every complete Hyomel set you purchase that if it does not satisfy you will gladly return your money. It is so simple to use that for the first time be sure to ask for the complete Hyomel Pocket Inhaler outfit. This Hyomel package does not contain the inhaler, H. C. Kennedy or most any other reliable druggist will gladly supply you on request.—Adv.

Many Political Jokes

So the dinner hour in the Siberian Paris has been moved up to 10 o'clock and the orchestra and performers in the cafes and restaurants open their programs at that hour. The guests at these cafes is now offering a revue something after the order of those produced in European capitals. Political jokes are the chief feature of the performance. One of the actors impersonates the Sultan and deplores at great length the fate into which he has been trapped by Germany. Another actor caricatures Emperor Francis Joseph, with very exaggerated whiskers, and is given a sound drubbing by a muscular young woman, dressed to represent Hungary, who charges the aged monarch with gross mismanagement of affairs. Two young women, representing Rumania and Greece appear with baskets labeled "Neutrality" and endeavor to get a high bid for their baskets. The revue closes with a tableau in which Russia and her allies are all represented by young women who stand triumphant over actors representing down-cast enemies.

Women Run Circus

Vladivostok also has a circus which has enjoyed a run of several months and is housed in permanent quarters. But the Czar has claimed most of the strong men and the acrobats for his army. So the performers are chiefly women and animals. A few male performers who are neutrals still have a place in the programs, along with the trained dogs, cats, horses and parrots. Several clowns belong to the military and impersonate Germans and delight the audience with thrusts at the Kaiser.

The attendance at the circus is confined chiefly to the cheaper seats and the standing space, where soldiers and sailors in uniform accompanied by their sweethearts, applaud the performance heartily.

Moving picture theaters are numerous in Vladivostok and very well patronized. War pictures are especially popular. In one of these theaters the correspondent of the Associated

TRADE WITH SWISS GROWS

Special to The Telegraph

New York, Dec. 3.—The announcement that arrangements to facilitate the importation into Switzerland of merchandise from neutral countries has been completed and put into operation leads considerable interest to the compilation made by the foreign trade department of the National City Bank on the market which that country now affords for American merchandise. These statistics show that the imports of Switzerland aggregate nearly \$400,000,000 a year and that her purchases from America are much greater than is generally supposed, being in fact many times greater than that shown by our own statistics of exports to that country.

Mince Pie Is Barred by Colorado Dry Law

Special to The Telegraph

Denver, Dec. 3.—The Prohibition law was interpreted from its various angles by Governor Carlson and Attorney General Farrar at a conference yesterday with representatives of the wholesale and retail liquor trades.

It was decreed that the dry law forbids the manufacture for sale of mince-pie, plum-pudding, brandied peaches, Italian macaroons and other desserts in which intoxicating liquors may be an ingredient.

The question as to whether there can be such a thing as an "intoxicating food" was not definitely determined, but the ban was placed on the sale of liquor in any form for use in

Wilkes-Barre, Pa., Dec. 3.—A large part of the business and residential sections here were given a thrill by the appearance of a large deer, which ran through the city for several miles before jumping into the Susquehanna river, swimming to the west side where it traveled for several miles through thickly populated boroughs and then disappeared into the woods. Hunters say the deer, which old residents say is the first to appear in the streets here, in the last half century.
