The funeral will be held Monday afternoon at 2 o'clock at the home, the Rev. J. Bradley Markward, pastor of Beth-lehem Lutheran Church, officiating. Burial will be made at East Harris-burg Cemetery. The holdup was foiled through the coolness of Theodore P. Homard, the engineer, and so quickly were officers and citizens on the trail of the would-be robbers that a battle was fought with them less than three hours later. Sheriff J. Stanley, of Malvern, was wounded in the foot. Two men climbed on the "blind bag-gage" into the engine cab and ordered Engineer Homard to stop the train when he saw a camp fire. Committee Off to Manada Gap "to Look Up a Tree" For City's Celebration

Literally, figuratively and slangily speaking, C. M. Kaltwasser and J. Wil-liam Bowman, members of the Munici-pal Christmas celebration, went out to Manada Gap this morning and looked up a tree. The purpose of the trip was to allow the preliminary surveying committee to chose several candidates for the job as Harrisburg's Municipal Christmas tree which could be called to the atten-tion of the remainder of the committee during the next few days. The tullest pine that ever slighed lonesonely from the slopes of the Blue Mountains for the gap white lights of the city will be picked, according to Mr. Kaltwasser.

GERMAN ATTACHE ELUDES ARREST

San Francisco, Dec. 4. --- A Federal warrant charging Baron George Wilhelm Von Brincken, captain of cavalry in the German army and attache of the German consulate in this city, with attempting to destroy commerce, was given to-day to the United States marshal's office for service. Von Brincken avoided arrest last night at his hotel by claiming immunity as a diplomatic attache.

SECRETAR SENATOR HAMBERLAN GARRISON. Washington, D. C., Dec. 4.—Such a multiplicity of questions of highest importance are to come before the Sixty-fourth Congress that, even if the Senate should decide to gag itself against unlimited debate, it is unlikely that the coming session will end before midsummer. Perhaps the biggest question coming before the Senate will be the national defense program. The military affairs committee of the Senate, headed by Senator Chamberlain, of Oregon, as well as the House military affairs committee, of which Congressman Hay is chairman, has been working day and night with Secretary of War Gar-rison and the general staff of the army shaping the program into the form of bills. These bills will cover every feature of the plan detailed by President Wilson in his speech last month before the Manhattan Club of New York. Although some Republican senators will fight the bill because they consider it inadequate and some Demo-crats oppose it because they believe, like Bryan, that it proposes superfluous strength, the chances are that the majority of the Senate will view the President's plan as a satisfactory medium between the extreme of perpared-ness and unpreparedness. Most of the senators who have so far reached Washington from their respective states have stated that they feel sure the sentiment of the people favors preparedness, but not more than the amount of preparedness proposed by the President. **CONSPIRATORS ARE** COMPENSATION **INSURANCE AS** WEEK OBSERVANCE

SENT TO PEN FOR YEAR AND HALF

Could be improved Traffic regulations in Harrisburg need improvement, This is the opinion of two expert traffic officers of New York City, who are here looking over conditions at the request of the Mu-nicipal League. They are Inspector Meyers and Lieutenant Snyder, of the New York traffic department. These experts will make suggestions recarding traffic features for the pro-posed isle of safety in Market Square. Speaking of conditions in Marrisburg, Inspector Meyers said to-day: "After being in Harrisburg twenty-four hours we can say traffic in your city is looked after in an efficient man-ner. I notice the drivers obey signals and apparently are anxious to keep within the laws, but some changes are needed. I have no recommendations to make at this time. We will be bet-ter able to fell the real needs of your city after another day's investigation.

Joseph Popping-haus was sentenced to ore year. The Hamburg-American Line was fined one dolar. All the defendants were admitted to ball pending the suing out of a writ of error in their behalf. Ball was fixed at \$10,000 in each case and was accepted from a surety company. Sentence was pronounced after Judge Howe had overruled mo-tions by William Rand, Jr., chief coun-ions by William Rand, Jr., chief coun-sel for the defense for dismissal of the verdict on the ground that it was contrary to the evidence and law in the case. In making his motion, Mr. Rand said he had little hope that it would be entertained by the court.
