REBELS COMPEL CRUISER TO FIRE UPON WARSHIPS

Small Band Boards Chinese Vessel and Forces Crew to Bombard Other Craft

Shanghai, Dec. 6.—Three outbreaks by small bands of rebels within the last twenty-four hours have been put down by the authorities, who now apparently have the situation well in hand. The cruiser Chao-Ho, seized yesterday afternoon by forty men who boarded her from a launch, was abandoned by the rebels early to-day after she had been shelled and set on fire. It was reported at first that the crew of the Chao-Ho had mutinied, but it developed to-day that the bombardment by the cruiser of other warships and the arsenal was carried on under compulsion from the rebels, who surprised and overpowered the crew. Three men on the cruiser were killed and five wounded. An attack from land on the arsenal at midnight was repulsed quickly after some rifle firing. The third outbreak occurred at 4 o'clock this morning. A party of thirty or forty rebels attacked the Chapel police station, throwing bombs, which killed one policeman and injured three. The outlaws were dispersed by troops. Carried Bombs. Although a number of shots fell in the foreign settlement, no damage of importance was done there. About forty men in a launch boarded the cruiser Chao-Ho, each carrying a revolver and a bomb concealed beneath handkerchiefs. The rebels whipped off the handkerchiefs concealing their weapons and covered the crew with their revolvers, threatening death unless their orders were obeyed instantly. They compelled the crew to open fire on the arsenal and the other warships.

Accident to Trolley Car Causes Holiday in Factory

Mechanicsburg, Pa., Dec. 6.—A trolley car on the Valley Traction line, bound for Harrisburg at 11:10 o'clock this morning was partly derailed at a switch and the rear portion struck an electric light pole at the edge of the pavement, breaking it entirely off near the ground. The pole was held in mid-air by the wires until taken down by the wrecking crew. Only one passenger, a woman, was in the car, and she was uninjured, but George Storey, conductor, was severely injured about the back. Travel was interfered with for about an hour, until repairs were made. Breaking of the electric wires cut off the power from the skirt factory of E. F. Snelbaker, in East Simpson street, and the employees, about 75 in number, were given a half day off. TRAFFIC EXPERTS GO HOME. New York's traffic experts who came here to look over conditions, returned home yesterday. Before his departure, Inspector Meyers said he and Lieutenant Snyder would prepare a report and present it to Arthur Woods, commissioner of traffic, early next week. The report will later be submitted to the Municipal League of Harrisburg. TAKE BOY THIEF HOME. Henry Ford Will Try to Go Across Germany

On Board S. S. Oscar II, Dec. 6.—Henry Ford will endeavor, he admitted, to cross Germany on his peace mission, traveling by rail from Copenhagen to The Hague. When asked what he expected to do about permission to enter Germany without a passport to that country, he admitted he didn't know. "I'm not worrying about that yet," he said "I will try, anyhow." If Mr. Ford is not worrying, however, he is unlike some of his passengers, who when they heard of the plan, frankly admitted that they foresaw a considerable possibility of a visit to one of the Kaiser's jails if it were attempted. No application for permission to cross Germany, however, has as yet been made. CELEBRATE MACCABEAN FESTIVAL. The Hebrew Educational Institute celebrated the Maccabean festival at the Congregation Keshet Israel last evening. The opening address was made by Joseph Claster. A number of wagers were reported at odds of 5 to 5 on Williams.

Germany Cuts Down Demands in Latest Peace Proposition

Washington, D. C., Dec. 6.—Germany is about ready for peace with less spoils of war than she has so far demanded, according to an outline of the terms that would be acceptable, as was given to the New York Tribune yesterday by a German long resident in America, but in intimate touch with Berlin's policies. The statement is, of course, unofficial, but is believed to repeat accurately the views now held by the Kaiser's advisers. The peace terms, as outlined, are as follows: Germany to have full power over the Balkans, insuring her road to Constantinople and Asia Minor, thus giving her a "place in the sun" independent of British sea power. Buffer states to be maintained between Germany and Russia, including the proposed new kingdom of Poland, and the strengthening of Rumania. The restoration of the old boundaries in the west, with complete freedom for Belgium, and even, possibly, a slight concession to France of the French-speaking parts of Alsace. There is no mention of indemnities or of Doctor Dernberg's demand for "freedom of the seas." ANTHONY AMENDMENT IS INTRODUCED AGAIN. Washington, Dec. 6.—Woman Suffrage workers, undismayed by defeat in Eastern States last month, or by the failure of the last Congress to grant equal suffrage, took their fight again to-day to the National Capitol. The Susan B. Anthony amendment, introduced and defeated for many years, was introduced against to-day in the House by Representative Mondell of Wyoming. A colorful and picturesque demonstration by suffragists of many States, including a parade to the Capitol, preceded the introduction. PEN FOR HORSE STEALING. For stealing a horse some time ago, Edward Flecklin was sentenced from fifteen months to three years in the pen, late this afternoon.

Will Not Live With Wife; Wants Her to Re-marry Him

Several ways in which William E. Smith vented his spite when he quarreled with his wife were explained to the Dauphin County Court this morning when he was haled before the judges on a charge of failing to support his wife. Here are some of the things he did: On washdays he seized the boiler full of hot water from the stove and chucked it into the yard; carried his liquor in a trunk to the table; called his wife names; refused to live with her again "unless she went along to the squire's office with him and gets married again." Of the \$44 he admitted he had saved only about 10 cents remains, he said. Not that he spent it foolishly, he declared, although aside from paying his attorney he doesn't remember what else he paid. He was ordered to pay his wife and family \$5 a week. RAILROAD STEEL ORDERS Largest in Many Months. Special to The Telegraph. New York, Dec. 6.—The railroads last week were reserved in placing contracts for equipment, as nothing was to be gained by pushing the overcrowded steel mills through the merchant builders of cars and locomotives. Late Saturday, however, the Pennsylvania is reported to have distributed orders for 4,500 cars, and the November sales record of the car shops was the largest since November, 1912, while the November locomotive orders were the largest since June. Von Hindenberg Says Allies Are Now Battered Enough to Desire Peace

London, Dec. 6, 3:13 p. m.—Field Marshal Von Hindenberg, in an interview obtained by Dr. Paul Goldman, expressed the view that the foes of Germany do not desire peace at the present time, says a Berlin dispatch transmitted by Reuter's correspondent at Amsterdam. "They are not yet sufficiently battered," the field marshal is quoted as saying. "We must continue, therefore, to press them, since they will not admit any successes." AFTER 28 YEARS. Chase Thorne to-day began proceedings in the Dauphin county courts to obtain a divorce from his wife, Ella M., on the grounds of desertion—after twenty-eight years of married life. Russell Bender asked for divorce on similar grounds. He married Ethel J. on New Year's Day, 1908, and she deserted him, he says, on Independence Day, 1914. TO INVESTIGATE INTERFERENCE.
