COURT HEARS ARGUMENT ON PENNSY EJECTMENT ACTION

Argument was heard to-day by the Dauphin county court on the question of the ejectment of the Pennsylvania railroad from property just north of the city in Susquehanna township, owned by Cal. F. M. Ott. Col. Ott complains that many years ago his father deeded to the Southern Railways company, a strip of ground conditional upon the company's constructing a spur of track and a small way station. The Pennsylvania later absorbed the Southern company and has since held possession of the land. The colored contends the ground reverts to him because the Southern company never complied with the conditions of transfer.

For the "Weaker Sex"

A healthy body is important to every woman. Women cannot go happily about their work or duties when they feel weak, run-down, nervous, listless or depressed. Many women are seldom really ill, but suffer at times from lassitude, loss of appetite, sick headache and other ailments which interfere with health and take the joy out of living, and make work irksome. No woman should neglect her health, her digestion, her nerves or good looks. She should take proper care of herself, and fortify her system against the disorders peculiar to her sex, by promptly taking

CAN YOU THINK OF AN EXCUSE? LONE PINE TO BE COMMUNITY TREE

What Caused Council's 10-Year Record For Promptness to Be Broken? Majestic Sentinel High Above Susquehanna to Be Felled For Big Celebration

Whether it was the effects of the November election, the cold weather, the rush of work at the steel mills or—well, the usual reason for such things—is a problem that is puzzling five faithful servants of the people in Steelton's council to-day.

This problem is the effect; the cause is the fact that last evening Steelton's council broke a ten year record for promptness in convening. Last evening council didn't convene at all—there was no quorum. And that is the first time in ten years that this has happened, according to Borough Secretary Charles P. Feidt. Five members—no less than a quorum—were ready and waiting to do business, but five other councilmen were absent. That's why the five faithful are wondering.

Incidentally it might be said that there was considerable business to come before council and a special meeting will likely be called by President J. V. Reynolds.

The ordinance giving the Pennsylvania Railroad the right to cross Franklin, Conestoga and Trewick streets at grade with the new freight spur which will be built along the old Pennsylvania canal was ready for introduction last evening.

READING ORDERS FREIGHT EMBARGO

Scarcity of Cars and Vessels Brings Special Orders; No Tie-Up at Rutherford

Until vessels for export freight are available, the Philadelphia and Reading Railway Company will continue its embargo on grain shipments from the West. At present every available car on the Reading system is in service. Car repair shops have few cars on hand and there is little hope of getting any of the new cars before January.

At present the Reading is hauling large coal shipments and there is a big demand for coal cars. The mines are still in operation and considerable anthracite is being stored along the main line of the Reading. The road is also doing a big business in cement shipments from Coatesville and Reading.

There is no freight blockade in the Rutherford yards. Trains are being handled promptly. Trouble is experienced at times in getting crews. Along the main line, it is said, 1,500 cars loaded with grain for export are tied up. These shipments are east of Reading and between Allentown and Reading.

TO PAY INSANE'S KEEP FROM ESTATE

Court Hears Argument on State's Appeal on Lunatic Problem

Argument was heard yesterday by the Dauphin county court on the question of whether the State can claim costs of maintenance in State institutions from the estates of the patients. The State is attempting to collect this money in all the counties. Attorneys for half a dozen patients yesterday raised the question as to whether or not provision should not be made for wives, children, or others dependent on them before the State receives its share. John Hyatt Taylor, Norristown, represented the State to-day and C. H. Bergner, C. C. Stroh, J. Clarence Funk were among the local lawyers who appeared as guardians of some of Dauphin's insane. The case was continued for further argument.

WARNS AGAINST SOLICITORS

STOP DANDRUFF! HAIR GETS THICK, WAVY, BEAUTIFUL

Girls! Draw a cloth through your hair and double its beauty. Spend 25 cents! Dandruff vanishes and hair stops coming out.

To be possessed of a head of heavy, beautiful hair, soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine. It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Knovitch's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and down at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.
