COLD WEATHER RHEUMATISM

Why should rheumatism, a disease of the blood, be worse in cold weather than in summer?

The rheumatic poison in the blood is the predisposing cause of the disease. If you have the taint in your blood you may have rheumatism whenever the exciting cause stirs it to action. Cold, wet weather and dampness are exciting causes of rheumatism. They excite to action something already in the blood, something that you must get rid of if you would be free from rheumatism.

What this something is, nobody knows. Not very long ago it was thought to be uric acid. Many doctors now think it a microscopic organism or a specific bacillus, but they cannot find the bacillus.

It is a known fact that in rheumatism the blood becomes thin rapidly, that building up the blood relieves the rheumatism and that there will be no return of the rheumatism as long as the condition of the blood is maintained. Dr. Williams' Pink Pills are recommended for rheumatism because they keep the blood rich and red and free from rheumatic poisons.

The free book, "Building Up the Blood" tells all about the treatment. Send for a copy to-day to the Dr. Williams Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.—Advertisement.

NO QUININE IN THIS COLD CURE

"Pape's Cold Compound" ends colds and gripe in a few hours.

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all gripe misery goes and your cold will be broken. It promptly opens your clogged-up nostrils and the air passages of the head; stops nasty discharge or nose running; relieves the headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffing! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.—Adv.
