# Solid Mahogany Chime Clocks

All of the fine chime clocks are manufactured in Europe, and on account of the war the supply in this country has become so small that the prices have advanced away above normal figures. We have made extensive purchases before the supply was diminished to any great extent, and are in position to offer these beautiful imported clocks at our former low prices.

A Chime Clock is an ornament, a reliable time keeper and a musical instrument combined. Westminster Chimes that strike the hours, half hours and quarter hours. The sweet tones and beautiful appearance makes it a delight in the home. We can supply you with a first class Imported Chime

Clock for \$18.50 and upwards

"A FAVORITE FOOL." While attending the Colonial the other day some one remarked that one nice thing about the Triangle pictures is the fact that it is not a case of being good now and then, but they always hit the high water mark of excellence. That this is more than true was evidenced by the opening programs, each of which were admirable, and a glance over the new Triangle program that will be uncovered at the Colonial to-morrow, looks ever better. This is because Frank Keenan, who has achieved many artistic successes on the stage, for thirty-seven years, is admirable at the head of a cast of four other stars in "The Coward," a masterpiece in Civil War drama. The war scenes call in thousands of people and players and the staging of the whole is magnificent.

**Combing Won't Rid** 

Hair of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you de-stroy it entirely. To do this, get about

four ounces of ordinary liquid arvon;

apply it at night when retiring; use enough to moisten the scalp and rub

Do this to-night, and by morning, most if not all, of your dandruff will be gone, and three or four more ap-plications will completely dissolve and

entirely destroy every single sign and trace of it, no matter how much dan-

The off it, no matter how much dath druff you may have. You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lus-trous, glossy, siky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

and Abundance.

Gray hair, however handsome, de-notes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scrag-gly, just a few applications of Sage tea and Sulphur enhances its appear-ance a hundred-fold. Do't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50-cent bot-de of "Wyeth's Sage and Sulphur Compound." Thousands of folks rec-ommend this ready-to-use preparation, because it darkens the hair beautiful-ly and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after an-other application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear
