SHIP SHORTAGE HAMPERS TRADE

Some Huge Orders Still Pending, However, in Steel Business; Ore Shipments Big

The Iron Age, in its weekly review of the steel trades, to-day says: "Transactions in Lake Superior iron ore are on the verge of closing which, it is believed, will establish a price of \$2.25 for Mesabi Bessemer and \$2.50 for Mesabi Non-Bessemer ore, an advance of eight cents for the former and seventy cents for the latter upon the prices of this year."

"On December 1 the capacity of the 284 active blast furnaces was 163,033 tons a day, against 191,519 tons a day for 276 furnaces on November 1, this last rate being based on the unusual output of October. Production is now at the rate of 28,000 tons a year, allowing 400,000 tons for charcoal pig iron."

"The congestion of export shipments of steel adds to the troubles of home consumers. While mills are able to concentrate upon the relief of the domestic situation, the scarcity of cars is an increasing handicap."

"Contracts are still to be placed for 500,000 tons of shell bars for France, deliveries extending over 1916 and to be made without regard to the ending of the war."

"New business in finished lines is naturally smaller in view of the unusual efforts steel users must make to secure satisfactory deliveries, but specifications grow heavier."

"This applies largely to car business. The Pennsylvania Railroad, in placing 2,150 of the 11,000 cars which it withdrew from the market lately because of high prices, advised delivery after July 1."

Lake Superior ore shipments by water in this season just closed were 46,318,804 tons against 32,021,900 tons last year and 49,079,174 tons in a record year 1913. Estimates for next year range above 55,000,000 tons.

The Steelton Band has given assurances that it will participate in the big community Christmas celebration during Christmas week. The choristers met last evening at the High school and discussed preliminary plans for organizing the big chorus. Another meeting will be held in a few days.

AVOID ALL MEAT IF KIDNEYS AND BLADDER BOTHER

Uric Acid in meat excites Kidneys and irritates the Bladder.

Take Salts at first sign of Bladder weakness or Kidney-Backache.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again there is difficulty in voiding.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

It is a pleasant, effervescent lithia-water drink which quickly relieves bladder trouble.—Advertisement.

New-Way Wonder for Corns, "Gets-It" The Big Surprise For Corn Owners. It's Sure, Simple, Safe, Quick

Listen to the woe story of "Gets-It," the world's greatest corn remedy. It's a short story,—only about two feet,—"Mary had a little 'Gets-It,' and corns upon her toe; and every time she put

on 'Gets-It,' the corn was sure to go." Mary, like thousands of others, used to be a heroine, suffering martyrdom, using painful bandages, irritating salves, sticky tape, toe-harnesses, blood-bringing razors and scissors! She says now there's no sense in it. Use "Gets-It," applied in 2 seconds. Easy, simple, new way—just painless common sense! Millions are doing it. You know you can wear smaller shoes now. You don't have to limp around any more, or walk with the shoe of your enemy. You know how to get rid of your corns! You know for sure before you use "Gets-It" that the corn or callus is going away. For corns, calluses, warts and bunions. "Gets-It" is sold by all druggists, 25c a bottle, or sent by mail to E. Lawrence & Co., Chicago.—Advertisement.

Mr. Brown Here.—Attorney General Brown was at the Capitol to-day for the first time in quite a period, as he has been occupied in the banana trust case in Philadelphia.

New Marshal Due.—William Hartman, a member of the Legislature, John R. K. Scott's district in Philadelphia, has been appointed marshal of the Public Service Commission and will assume his duties on December 16, succeeding George Wood, the old Athletic baseball player. Mr. Wood will be transferred to clerical duties on the staff of the commission.

Smully's Started Out.—The first copies of the Legislative Hanser for 1915 were issued to-day by the Department of Public Printing and Binding, a limited number being available for immediate shipment. As rapidly as possible the handbooks will be issued, an example of clarity being given to-day by Dr. J. M. Esler, chief of the distribution division, who started out the first copies within ten minutes after they had been delivered.

Two New Cities.—The Secretary of the Commonwealth to-day issued charters as third class cities to Bethlehem and South Bethlehem, which voted to become cities last month.

FARM WORK WILL BE PUSHED ALONG

State and National Co-operation in Advisory Operations to Be Arranged

GOVERNOR AT DANVILLE Goes to Take Part in Exercises at Opening of Memorial Hospital Today

If the plans contemplated by Secretary of Agriculture Charles E. Patton and discussed yesterday by the State Commission of Agriculture are worked out the State and national governments will cover the agricultural districts of the State with more farm advisers next year and work on a system that will prevent duplication of territory. This will be done by arranging for co-operation with the State College agricultural extension system, which receives federal aid and works with the farm bureaus in various counties. The State has ten farm advisers on call and it will be the aim to map out districts so that expert advice will be available for farmers with little delay. Eventually the State will work closer to State College in other agricultural matters.

In a short time the department will issue a bulletin giving a list of farms for sale in the State which, it is expected, will exceed 400. The locations and descriptions of the farms which have been received in the last few months in response to an invitation to owners desiring to sell and it is the plan to place the information in the hands of persons desiring to buy, of whom quite a number have written to the department, some of them desiring to start small market farms.

The commission decided last night before adjourning to January 4 to consider encouragement of a rural credit system.

Nearly 1,700 Paid.—Close to 1,700 received tickets of the State have now been received in the last few months in response to an invitation to owners desiring to sell and it is the plan to place the information in the hands of persons desiring to buy, of whom quite a number have written to the department, some of them desiring to start small market farms.

Bad Chestnuts Must Go.—The warty chestnut is to be banished from the stores and stands of the State, agents of the Department of Agriculture in Philadelphia, president of the trustees, instructed to direct the trustees. Already numerous samples have shown that last year's goods are being sold and some of the nuts have been well popular. Similar inspection is being given to walnuts, almonds and similar products which in demand at the holiday season.

Named Justice.—Arthur H. Berninger, of Locust township, Columbia county, is appointed justice of the peace last night.

Sheehan Pays.—James B. Sheehan, register of wills of Philadelphia, paid the State \$156,000 as collateral inheritance tax last night.

Water Supply Commission.—The Water Supply Commission last night granted rights to the Northampton county Water Company to furnish water to Freemansburg borough.

III' Visitors.—H. Walton Mitchell, of Philadelphia, president of the trustees of State College, and Congressman H. Miller, of Mercer, were visitors to the Attorney General's department.

National Guard Orders.—National Guard orders have been issued giving the officers assigned to the two new batteries at Pittsburgh, commencing the work of the National Guard rifle teams at the ranges this year and the beginning of the work of the junior teams, giving results matches and giving the monthly assignment of officers to commands.

Big Increase Filed.—The Mahoning and Shenango Railway Company has filed a report of increase of securities of \$1,000,000 to \$3,000,000 and paid the State a bonus of \$10,000.

South Mountain Goes Over.—The South Mountain Railway Company application for incorporation has been approved by the Public Service Commission until January, objection having been made that the route is already covered. The company proposed to run between Womelsdorf and Kilmertownville.

Charities Board Adjourns.—The State Board of Public Charities adjourned last evening after having discussed the county and county care of insane. Chairman Torrence discussed the new western State hospital with the Governor.

Can Give Degrees.—The State College and University Council last night granted the Lutheran Theological Seminary right to confer degrees of bachelor and doctor of divinity and sacred theology, subject to court confirmation of amendment to its charter, and placed Trinity College for Women, at Washington, D. C., on the approved list. Those present were Drs. N. C. Schaeffer, E. E. Sparks, State College; J. H. Harris, Bucknell; H. H. Apple, Franklin and Marshall; H. S. Drinker, Lehigh; E. F. Smith, University of Pennsylvania; W. H. Crawford, Allegheny; S. E. McCormick, Pittsburgh, and General E. DeV. Meyer, Philadelphia.

Governor at Danville.—Governor Brumbaugh was at Danville to-day attending the hospital dedication, which had been postponed from last summer because of the typhoid outbreak. He will go to Philadelphia to-night and return on Monday.

Hearing December 21.—The full crew cases will be heard by the Public Service Commission on December 21.

Cooper Case Settled.—The Public Service Commission was notified to-day of settlement of the complaint of E. N. Cooper, of Camp Hill, against the Riverton Consolidated Water Company.

Mr. Brown Here.—Attorney General Brown was at the Capitol to-day for the first time in quite a period, as he has been occupied in the banana trust case in Philadelphia.

New Marshal Due.—William Hartman, a member of the Legislature, John R. K. HEAR CLAIMS ON GETTYS' ESTATE

Mortgage Claims and Mechanics' Liens Will Take \$16,000 Balance

Claims of half a dozen or more creditors of M. H. Gettys were heard this morning by executor M. W. Jacobson, auditor, recently appointed by the Dauphin county court to examine and distribute the balance in Gettys' estate. All told there is a balance of about \$16,000. The Trust company put in a claim for mortgage and the other claimants were for mechanics' liens, etc. The balance is what remains after the sale of several of Mr. Gettys' apartment houses in North Sixth street.

Only Two Realty Transfers.—Only two realty transactions were recorded to-day. These were Peter W. Wade to H. Robinson, Steelton, \$1; D. C. Rhoads to Ida L. Selbert, Hummelstown, \$175.

City Council Considers Child Labor Measure.—A special meeting at 1 o'clock this afternoon, the city commissioners considered some of the proposed amendments to the new ordinance affecting the working hours of newsboys, flower boys, etc., on the streets as regulated by the new child labor law. Among other things the councilmen took up the question of providing badges for the newsboys.

Only Three Assessment Books Out.—Only three of the county districts have failed to return their books for the 1916 triennial assessment. These districts are the Ninth and Twelfth wards and Susquehanna township.

Hear Testimony in Keefer Case.—At a brief sitting this morning in No. 2 courtroom testimony was heard by the Hon. J. P. Hilton, referee, on the claims of some of the heirs in the Keefer estate case.

TO WIDEN SCOPE OF INCOME TAX [Continued From First Page.] Income, and a change so that the tax shall not be withheld at the source, were among Mr. McAdoo's other suggestions. On the basis of examinations, the secretary says that apparently more than \$4,600,000 in personal tax and more than \$20,891,000 in corporation tax still is due the government.

In keeping with his recent announcement, Mr. McAdoo suggested the present stamp tax and the existing duty on raw sugar should be retained in force, and said again that no issue of bonds is necessary either to provide for current expenses or in anticipation of added burdens incident to a policy of military preparedness. He also advocates that the surtax on income tax be applicable at \$10,000 instead of \$20,000, and that gasoline, crude and refined oils, horsepower of automobiles and "various other things" be taxed.

42,000,000 Gallons Less of Rum Made Last Year Washington, Dec. 9.—Effective answer to the charge made by liquor interests that "prohibition does not prohibit," is contained in the annual report of the secretary of the treasury for the fiscal year ending June 1, 1915. If, as the liquor dealers contend, the adoption of prohibition by nearly a score of States has not lessened the liquor production, at least something has.

Figures show the production of distilled spirits last year, exclusive of fruit brandies, was 42,477,492.8 gallons less than the preceding year. Production of fermented liquors

such as beer showed a similar decrease. During the year 59,808,210 barrels were produced, a decrease of 6,281,263 barrels.

Reports Value of Gold in U. S. at \$2,198,113,762 Washington, Dec. 9.—The annual report of the Secretary of the Treasury for the fiscal year ending June 30, 1915, shows two great facts—that we have the largest amount of gold any

country ever held and that the trade balance this year is the largest known in history.

The result of the year's trade has been to make the grand total of gold in the United States \$2,198,113,762 on November 1 this year, an increase since January 1 of \$392,237,182. This is the largest amount of gold by any country at any time in the history of the world. During the year our volume of exports has been so large as to produce a balance of trade of more than \$1,500,000,000. This also is a world record.

Relief for Catarrh Sufferers Now FREE

You Can Now Treat This Trouble in Your Own Home and Get Relief at Once.

How the Remedy for Catarrh Was Discovered.

By the new method the nose and throat are treated by an effective local remedy applied directly to the affected membranes.

THIS terrible disease has raged unchecked for years simply because symptoms have been treated while the vicious germs that cause the trouble have been left to circulate in the blood, and bring the disease back as fast as local treatments could relieve it.

C. E. Gauss, who experimented for years on a treatment for Catarrh, found that after perfecting a balm that relieved the nose and throat troubles quickly, he could not prevent the trouble beginning all over again.

On test cases, he could completely remove all signs of Catarrh from nose and throat, but in a few weeks they were back.

Careful experiments and investigations have shown that as the troubles were expelled from the nose and throat, the real cause of the disease was overlooked and in a short time the Catarrh would return stronger than ever. Mr. Gauss has gone way ahead of the ordinary methods of treatment and has provided a remedy that

Removes the Cause and Immediately Gives Relief to the Nose and Throat

Reese Jones, of Scranton, Penn., says that after trying many other treatments, he used this new method and—My nose is now entirely clear and free and I am not bothered by the disease any more. The New Combined Treatment is worth its weight in gold.

Temporary relief from catarrh may be obtained in other ways, but the New Combined Treatment must inevitably be accepted for permanent results.

Sarah J. Cape, Mount Zella, Tenn., says, "I suffered the pains and distress of catarrh for thirteen years and needless to say, tried nearly every method. But by your new method I was completely cured and you cannot imagine the joy that has come over me."

Trial Treatment FREE This new method is so important to the welfare of humanity, so vital to every person suffering from any form of catarrh, that the opportunity to actually test it and prove its results, will be gladly extended without one cent of cost.

A large trial treatment, with complete, minute directions, will be sent free to any catarrh sufferer. Send no money, take no risks, make no promises. Simply clip, sign and mail the coupon and the test package of the New Combined Treatment will be sent fully prepaid, together with the valuable book on Catarrh.

Stopped-up noses Constant "frog-in-the-throat" Nasal discharges Hawking and spitting Snoring at night Bad Breath Frequent coughs Difficult breathing Smothering sensation in dream Sudden fits of sneezing Dry mucus in nose and any of the other symptoms that indicate approaching or present catarrh.

Send the Test Treatment FREE C. E. GAUSS, 7687 Main Street, Marshall, Mich.

If your New Combined Treatment will relieve my Catarrh and bring me health and good spirits again, I am willing to be shown, on my own cost, or obligation to me, sent, fully prepaid, the Treatment and Book.
