We know the secret of treating our old customers right. Thereby, we never lose any, and every day we are continually adding new ones to our business.

You ask how we do this. Simply by being wide awake, and on the job. We are the first in everything. We set the pace that others try to follow. We carry the largest and most complete line of Patent Medicines, Toilet Articles and Rubber Goods in the city. We give our customers what they ask for, by alert, intelligent, and courteous clerks, who know their business, and don't keep you waiting all day for what you want.

Besides that, our stock is all fresh and new goods; in fact, it isn't on our shelves long enough to become old. And the last, but not least, Our Prices are the Lowest.

Those are the most important reasons why our business is growing larger every day.

Are you shopping where everybody else is? IF you are not, come in and get acquainted with our methods of doing business and the PEOPLE who cut prices in Harrisburg.

Attack De Luxe Is Launched at Wilson

Washington, Dec. 10.—A special messenger passed through the Capitol recently distributing envelopes that looked like invitations to a White House reception, but when opened by senators to whom they were ad-

ressed were found to consist of a folder printed on a very fine cream paper and several cards attacking the Administration policy. The folder had several illustrations or sketches that purported to be the work of "count von Ferri." One illustration pictured President Wilson and Emperor William confronting each other, the former demanding that the Emperor put a stop to sub-

marine warfare, the Emperor retorting that the President should stop export of munitions. A card showed two illustrations in deadly parallel, one representing Bethlehem and the Nativity, labelled "Peace went out from Bethlehem, Palestine," while the other represented a string of cars loaded with shells and was labelled "Hell went out from Bethlehem, Pennsylvania." The whole picture was labelled "O Little Town of Bethlehem."

It May Be Unscientific but Here's Proof of It

Special to The Telegraph
London, Dec. 20.—Despite the argument that there is no basis in science for the belief that more boy babies than girls are born in war time, the statistics of thirty-six large towns in England and Wales break all records in this country for boy babies.

From January to March for every 1,000 girl babies there were thirty-two more boys. For April and June there were forty-three, and for July and September, fifty-five more. The marriage rate for England and Wales in the last three months was the highest ever recorded, being 21.8 in every 1,000 population.

New Cumberland, Pa., Dec. 10.—Misses Mary Butterff will instruct the Glee Club which has been organized by the girls of the Senior class of the New Cumberland High school.

A Simple Way to Remove Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.—Advertisement.
