Shop Early in the Day at the Early Closing Store

SHOP EARLY" takes on a new significance in this second week before Christmas.

Shop Early in the day is the slogan now.

The new front stairways—up and down—are open, and provide easy access to basement and upper floors. Just inside the doors—"UP" to your left; "DOWN" to your right.

Six O'clock is the Closing Hour on Christmas Eve.

Now Comes a Host of Dainty Kerchiefs in a Special Price Event

A Gift of Some Going-Away Need

Few there are who never participate in the delights of travel. Why, suppose it should be for a day only, the need for luggage is just as absolute as on a summer tour.

Choose here for many.

Cowhide bags, leather lined; sewed corners; in black or tan, \$5.00.

A special cowhide suit case, 24 inches long; heavy corners; ring handle; muslin lined, \$5.00.

Other bags at \$3.98, \$6.95, \$7.50, \$10 to \$25.

Fitted toilet cases, lined with grosgrain silk, in black or tan, \$1.50, \$2.50, \$3 and up to \$8.

BOWMAN'S—Second Floor.

A SHIRT!

What is there to say about a shirt?

To be sure, every man knows that a shirt's a shirt and all that; but what of the finer points that are seldom thought of? A shirt is not all size.

Take the stripe for example—is it woven? Are the lines smooth and even.

The buttonholes — cuffs; seams; stitching; facing; neckband — all these and other details have a direct bearing on making a shirt more than an ordinary shirt.

And the store that is attentive to all these little details of a shirt can give the best shirt-satisfaction.

Our Christmas line is complete. Percal and madras, 50c to \$2.00.

Silks, \$3.00 up.

SHERLOCK HOLMES PLAYS NO FAVORITE

(Continued From First Page.)

him. But whenever you do, you will receive \$25 cash from the Telegraph for your trouble.

Everybody After Him The Sherlock Holmes, Jr., fever is infectious and everybody feels it before the gentleman leaves the city. Almost everybody enters into the spirit of the fun.

Several people have asked the question if it is an easy job to round up Mr. Holmes. We will just say that it is equally as easy as picking blackberries off a huckleberry bush, and you will think so before the proposition is ended. Mr. Holmes has traveled far, operating in some of the largest cities of the country, and he will demonstrate to your satisfaction that he is a past master of the art of deception.

In Savannah, Ga., Mr. Holmes was billed to appear at the Aldrome, if he was not caught by a certain night. He appeared as advertised and upon leaving the theater to get into a waiting automobile it required four policemen to make way for him. This was not an exceptional experience at all, but one of many, which goes to show the interest displayed in many cities he has visited.

He'll Tell About Himself It might be possible to go more into detail and tell you some more of the things that this Man of Mystery proposes to do while in Harrisburg. But that is exactly what he does not wish done. Consequently you must content yourself until Mr. Holmes tells you himself, as he will do every day when he arrives and starts to write his own stories.

No one connected in any way with the Telegraph, directly or indirectly, will be allowed to enter the contest for the money.

MUST ANSWER CHARGE OF DYNAMITING HOUSE Special to The Telegraph. Stroudsburg, Pa., Dec. 14.—The Monroe County Grand Jury late yesterday afternoon found a true bill against Rufus Snow and George Coslar, charged with dynamiting the house of the Rev. Mr. Stansfield, pastor of the Moravian Church, at Canadensis.

The case will be tried in February, Mr. Stansfield was active in fighting liquor licenses.

PROHIBITION CUTS DOWN NEGRO CONVICTS' RANKS Moundsville, W. Va., Dec. 14.—According to Warden M. White of the State Penitentiary here the number of negro prisoners in that institution has decreased eight per cent, since the enactment of the prohibitory law, and the number of incoming negro prisoners is decreasing in ever greater proportion.

A Wonderful Influence. Thousands of women have unbounded confidence in Mother's Friend. They have used it and know its value to the expectant mother. They tell of its influence to ease abdominal muscles and how they avoided these dreaded stretching pains. The safe external application gently soothes the vast number of nerve threads just beneath the skin and relieves the undue tension on the cords and ligaments, giving great physical relief from stubborn pains. Druggists can supply Mother's Friend. There is no other treatment as dependable. —Advertisement.

NEWS OF THE RAILROADS

FREIGHT EMBARGO HITS LOCAL YARDS

Orders Prohibit All Freight From Connecting Lines; Cars Tied Up

Facing the possibility of being swamped with freight, now that many of the trunk line railroads entering New York have prohibited shipments varying all the way from special products to a complete embargo, the Pennsylvania Railroad yesterday placed an embargo on all freight originating on connecting lines and destined for the New York district. The order includes Harrisburg, Enola and Marysville, where shipments are classified.

The embargo exempts freight originating from points directly on the Pennsylvania railroad, the Philadelphia, Baltimore and Washington and the West Jersey and Seashore railroad. Likewise it makes an exception of certain classes of perishable freight.

Except for a few commodities, the order prevents the carriage of all shipments coming from other roads, whether handled for export or New York city. Exceptions have been made in the case of livestock, dressed meats, flour and foodstuffs for local consumption, coal for delivery at Harbinus Cove, N. J., and coal for public service corporations.

Cars Tied Up Figures showing the actual number of cars with goods for export tied up awaiting movement, based on conditions yesterday morning, gave a total of 5,775 cars. This is a decrease of 371 cars, compared with the previous 24 hours. Of these cars 2,311 are stored between Philadelphia and New York, an increase of 70; 3,464 are on sidings on the various divisions, a decrease of 441 over Sunday. The Pennsylvania unloaded at New York on Sunday 85 cars for export.

The Philadelphia and Reading Railway announced yesterday that it had levied no embargoes further than that on export grain through the port of Philadelphia, which was put into effect some days ago. The local situation, it was said at the offices, was in no way serious. Plenty of steamships to move the grain accumulations are either in port or destined to arrive shortly.

RAILROAD NOTES

Another assignment of Philadelphia division passes was made today. The large siding of the Pennsylvania Railroad at Duncan used for unloading cars is now doing service as a storage siding.

An alarm clock, shaving outfit and other articles awaited identification at the police department of the Pennsylvania Railroad. They were taken from Thomas Jenkins, who is being held as a suspect.

Lucknow Shopmen Held on Brass Theft Charges

Three employees of the Lucknow

shops of the Pennsylvania Railroad have been held for court on a charge of larceny. They are John Gibboney, George Nagle and Samuel Fisher. These men are charged with stealing brass. It is the belief that the thefts have been carried on for three years. The men, it is said, sold the brass to Israel Levitt, 1106 North Seventh street, who is charged with receiving stolen goods. Captain Barclay, head of the railroad police department, made the arrest. He has been on the case for some time. The cases were heard last night by George A. Hovertter, alderman of the Ninth ward.

RECOMMEND "GUILTY BUT INSANE" FOR "NOT GUILTY"

By Associated Press New York, Dec. 14.—Substitution of the verdict "Guilty, but insane," for the verdict of not guilty, rendered by juries in cases where insane persons have committed crimes, is recommended by a committee of the Society of Medical Jurisprudence in a report to that body.

For Acid Stomachs Use Magnesia

The almost universal use of magnesia by physicians and specialists in the treatment of stomach troubles is due to the fact that it neutralizes the excessive acid and thus stops food fermentation — the direct cause of nearly all stomach trouble. Of the many forms of magnesia such as oxides, citrates, carbonates, sulphates, etc., the one now supplied in either powder or tablet form and especially recommended for acid stomachs is bisulphated magnesia, a teaspoonful of which in a little warm water immediately after eating will instantly neutralize the excessive acid, stop fermentation, and thus ensure painless normal digestion. Be sure to get bisulphated magnesia, rather than any other magnesia, as this form is prepared especially for the treatment of acid stomachs. The five grain tablets are the most convenient for physicians and travelers to carry and two tablets are equivalent to a teaspoonful of the powder. Take two of the tablets (with or without water) or a teaspoonful of the powder in a quarter of a glass of water after each meal. Stomach sufferers and dyspeptics who follow this plan and avoid the use of pepsin, charcoal, soda, mints, drugs and medicines are astonished to find that the stomach, relieved of the irritating acid and gas, soon regains its normal tone, and can do its work alone without the doubtful aid of artificial digestants.—Advertisement.
