CUNNINGHAM TO MAKE BIG CHANGE

Announces Grand Change
Around in the Personnel of
Highway Field Force

A general reorganization of the field administration of the State Highway department, the creation of a new district and alteration of others with changes among the engineers and others were announced to-day by State Highway Commissioner Robert J. Cunningham to become effective on January 1. The plan was worked out by Chief Engineer W. U. Usher and represents what is considered to be the result of a study of the department administration for several months.

The new positions have been filled by promotion on the merit system," was the statement made by Mr. Cunningham on the announcement. Two attaches of the department have been advanced to acting assistant engineers and one transferred. Four new county road superintendents have been named and more will be appointed. The Philadelphia, Pittsburgh, Scranton and York districts remain unchanged, but every other one was hit. The new district will have headquarters at Clearfield and include Clearfield, Huntingdon, Jefferson, Elk and Cameron counties. Mifflin has been taken from the Harrisburg district and Snyder added to it.

In announcing these changes, State Highway Commissioner Cunningham and Chief Engineer Usher declared that all of the new positions had been filled by promotion based on the "merit system." Every man advanced has been with the State Highway Department for several years and has demonstrated his ability to hold his position.

The first Engineering District, formerly composed of Center, Clearfield, Clinton and Indiana counties, has been changed to comprise Center, Mifflin and Huntingdon counties. The headquarters of this district had been at Clearfield but has now been transferred to Bellefonte. W. E. Meyers remains as the assistant engineer in charge of this district. W. O. Bennett is the superintendent of Center county and C. H. Orndorf, who has been a draftsman attached to District No. 2, at Harrisburg, has been promoted to be superintendent of Huntingdon county, taking the place of T. J. Strickler, resigned.

In District No. 2, with headquarters at Harrisburg, formerly comprising Dauphin, Perry, Lebanon, Mifflin and Juniata counties, Mifflin county has been cut out and Snyder county replaces it. The assistant engineer, W. Hardt in charge of this district, remains in charge. The county superintendents are unchanged.

In District No. 3, with headquarters at Bloomsburg, A. S. Clay remains as assistant engineer in charge. Snyder county has been added to District No. 2 and Sullivan county has been taken over to District No. 3 in its place. The county superintendents remain as before except that D. R. Mason, is transferred to be under Mr. Clay instead of under the assistant engineer in charge of the district of which Sullivan county was formerly a part.

In District No. 4, with headquarters at Franklin, H. W. Claybaugh remains as assistant engineer in charge. Jefferson county has been withdrawn from this district and has been added to the newly created engineering district.

District No. 5, comprising Berks, Schuylkill, Carbon, Northampton and Lehigh counties, remains as it is but W. R. Wolfinger, who has been assistant engineer in charge of District No. 9, with headquarters at Chambersburg, is transferred to District No. 5, with headquarters at Allentown, succeeding John T. Gephart, Jr., engineer of construction, who has been temporarily in charge of this district. Mr. Gephart returns to the Harrisburg office to assume his duties as engineer of construction.

District No. 6, with headquarters at York, retains W. A. Van Duzer as assistant engineer in charge and the county superintendents remain unchanged. The county superintendents are: Mr. Hammaker at Chambersburg, Mr. Gephart at Allentown, Mr. Gephart at York, Mr. Van Duzer as assistant engineer in charge and the county superintendents remain unchanged.

The newly created District No. 8, will have its headquarters at Clearfield and will include Clearfield, Indiana, Jefferson, Elk and Cameron counties. The engineer in charge will be F. E. Winter, who has been a resident engineer in charge of inspection at Warren, and who is promoted to the post of acting assistant engineer. Mr. Winter is a graduate of Pennsylvania State College and has been with the State Highway Department four years. The county superintendents in this new district remain the same.

In District No. 9, with headquarters at Chambersburg, where W. R. Wolfinger, transferred to Allentown, has been in charge, W. S. Hammaker, county superintendent of Cumberland county, is promoted to the post of acting assistant engineer in charge of the district. Mr. Hammaker is succeeded as county superintendent of Adams and Cumberland counties by W. B. Fleming, who has been general foreman and acting superintendent in Adams county.

District No. 10, with headquarters at Wellsboro, remains in charge of J. S. Ritchey, as assistant engineer, but loses Sullivan and Cameron counties. Sullivan county being transferred to District No. 3 and Cameron county to the new District No. 8. W. H. Haid, who has been county superintendent of Potter and Tioga counties, retains Tioga county and J. V. Frazier, who has been a draftsman at District No. 4, is promoted to the superintendency of Potter county.

In District No. 11, with headquarters at Hollidaysburg, C. S. Lemon remains as assistant engineer. Huntingdon county is withdrawn from this district and becomes a part of District No. 1. The superintendents remain the same except in the case of Huntingdon county where Mr. McCloskey succeeds T. J. Strickler.

In District No. 12, with headquarters at Scranton, P. M. Tebbis remains as assistant engineer and the counties remain as heretofore, the only change in this district being that of J. G. English, who has been a transitman at District No. 7, with headquarters at Philadelphia, and who is promoted to the superintendency of Wayne county.

In District No. 13, with headquarters at Pittsburgh, S. W. Jackson remains in charge and the county superintendents are unchanged.

District No. 14, with headquarters

AMUSEMENTS

ORPHEUM
Thursday, matinee and night, December 23—"Hello Girls."
Saturday (Christmas) matinee and night—"At the Old Cross Roads."
"AT THE OLD CROSS ROADS"
One of the principal dramatic attractions of the current season will be the appearance here of "At the Old Cross Roads," which will be presented at the Orpheum Christmas, matinee and night, by Arthur C. Alston's excellent company of players. It is extremely doubtful if any other portion of our own country lends itself more readily to the purposes of the dramatist than the romantic South. The story that it reveals is highly dramatic; the situations and climaxes thrilling in the extreme; but the whole is so happily blended with unobtrusive comedy scenes and incidents that it charms all. The play gives a splendid opportunity for elaborate set design by the feminine portion of the company, which is taken the best advantage of.—Advertisement.

ELSIE JANIS, IN "NEARLY A LADY," TODAY AND TOMORROW AT THE REGENCY
"Nearly a Lady," replete with the breezy comedy American love, provides an ideal film starting vehicle for the brilliant Elsie Janis, and will be presented by Bosworth, at the Regent to-day and to-morrow.
"Nearly a Lady" starts with a rush, showing Elsie Janis on a Montana ranch in an amazing series of feats both thrilling and beautiful. She gives dazzling exhibitions of horsemanship; engineers a mock hold-up of an innocent English Lord, which proves his salvation, for an hour later he is beset by genuine bandits, who are, of course, cheated of their loot; and finally does a lariat dance that is without doubt one of the most beautiful and most original dances ever performed.
In the cast supporting Miss Janis are Owen Morris, Frank Elliott and Myrtle Stedman.—Advertisement.

VALLI VALLIA AT THE VICTORIA TODAY IN "THE WOMAN PAYS"
Valli Vallia, the renowned English actress, who has a long list of stage successes to her credit, in both England and America, will be seen on the screen at this popular theater to-day and to-morrow in "The Woman Pays," a five-act dramatic feature picture produced by the Rolfe Photo Play, Inc., for release on the Metro program. This production affords Miss Vallia and excellent opportunity to give full sway to her remarkably versatile talents, which insure an interesting picture. Miss Vallia is supported by a cast of distinguished artists of the screen and stage. An exceptionally well arranged musical program will be rendered by Professors McBride and McIntosh on our \$25,-000 pipeorgan.—Advertisement.

ROOSEVELT GUEST AT SECRET FEAST

Ex-Judge Gary Is Host; Hint
of Political Significance

Special to The Telegraph.
New York, Dec. 20.—Despite attempts to keep the knowledge secret, it was learned that Colonel Theodore Roosevelt was chief guest at a dinner last week at the home of ex-Judge Elbert H. Gary, head of the Steel Trust, at his home, 556 Fifth avenue. Many persons high up in financial affairs were present, though the majority present were Republicans, several were prominent Democrats, and there were a few progressives.

When the news of the dinner leaked out those who attended were reticent about it. There was a rumor that the dinner was held for purely political purposes, and that the possibility of Colonel Roosevelt becoming the candidate of the Republican party for the presidential nomination next year was discussed. When Colonel Roosevelt was reached through his secretary, John McGrath, all he would say was that he was at the dinner, but did not care to discuss what had taken place.

Among those present at the dinner besides Mr. Gary and Mr. Roosevelt were August Belmont, Jacob H. Schiff, George F. Baker, R. Livingston Beekman, Republican Governor of Rhode Island; Medill McCormick, of Chicago, former Bull Moose leader of Illinois, who has gone over to the Republican party; George W. Perkins, chairman of the Executive Committee of the National Progressive party; A. Barton Hepburn, Frank A. Vanderlip, Cornelius Vanderbilt, Frederick W. Witheridge, Frank T. Kellogg, of St. Paul; Daniel Guggenheim, C. A. Coffin, Henry Walter, Richard V. Lindabury, E. C. Converse, Clarence Mackay and George B. Cortelyou.

When Mr. Gary was asked if he cared to say anything about the dinner he replied:
"I don't care to say anything about it. It was purely a private affair."
It was learned that Governor Beekman, of Rhode Island, had a conference with Colonel Roosevelt recently. It was said the Governor told the Colonel that he favored his nomination by the Republican party. It is also known that Medill McCormick and Theodore Douglas Robinson, chairman of the Executive Committee, also returned to the Republican fold, had a conference with the Colonel at his office at the Metropolitan Magazine.

MYSTERIOUS FIRE AT PLOW WORKS

Pedestrians passing Union Square late Saturday night discovered fire in the plant of the Oliver Chilled Steel Plow Company and an alarm was quickly turned in. The flames, which are believed to have been of incendiary origin, were controlled before much damage had been done by the prompt work of the firemen. The blaze was the second of a mysterious origin in the last few years.

NEW OFFICERS INSTALLED

Marysville, Pa., Dec. 20.—At a special meeting of Perry Lodge No. 453, F. & A. M. the following officers were installed: W. M., H. B. Wheeler; S. M., Ray Neumyer; J. W., E. Z. Duncan; secretary, G. H. Epplay; treasurer, Frank Rupley; trustees, J. D. Shull, F. W. Gelb and William Arnold; representative, R. H. Holmes.

PRINCE OF WALES IS NOT ALARMED AT REPUBLIC

Would Go Into Auto Business,
He Says, and Suggests
Trades For Family

Special to The Telegraph.
London, Dec. 18.—The Prince of Wales is not at all alarmed by the views of many onlookers that Great Britain will become a republic after the war.
On one of his recent flying visits to London from the front he was discussing the question of what would happen if such a change came about.

DARE TO REBUILD

John E. Dare, the Allison Hill coal merchant whose big elevator was practically destroyed by fire late on Friday night, will rebuild along bigger and broader lines. This will be a modern fireproof structure and will likely be of the silo type. Although the fires in the coalpiles are still smouldering, Mr. Dare put a dozen additional wagons and men to work to-day.

CITY MINISTERS AT LEWISTOWN

Many Methodist ministers of this city and vicinity are attending the conference of churchmen of that denomination at Lewistown. The commission on evangelism is conducting the services which began to-day and will be resumed throughout to-morrow. Speakers will include Bishops Theodore Henderson, Chattanooga, Tenn., Earl Cranston, Washington, D. C., Joseph A. Berry, Philadelphia, and the Rev. Dr. Don S. Colt, Baltimore. The purpose of the conference is to promote evangelism in the Methodist church.

AIDS TO DIGESTION

Whatever improves bodily conditions in general aids digestion. Cheerfulness, exercise, fresh air, baths and good habits make your digestion better able to take care of any burdens you impose upon it. But the greatest aid to good digestion is good blood. Anaemia, or thin blood, is a common cause of indigestion. Normal action of the stomach is impossible without healthy, well-oxygenated blood. Dyspepsia which does not yield to ordinary treatment may be quickly corrected when the blood is enriched. Many people have secured relief from chronic forms of indigestion by the use of Dr. Williams' Pink Pills which make the blood rich and red, capable of carrying an increased amount of oxygen, the great supporter of human life.

Have you ever seriously considered giving Dr. Williams' Pink Pills a trial to tone up your digestion, increase your vitality and make life better worth living. If your blood is thin and your digestion weak you certainly need them. Send for a diet book. It is free and will help you decide. Your own druggist sells Dr. Williams' Pink Pills or they will be mailed postpaid on receipt of price, 50 cents per box, six boxes \$2.50, by the Dr. Williams' Medical Co., Schenectady, N. Y.—Advertisement.

JEWELRY GIFTS AT ONE-THIRD LESS

FOR over forty years this store has been patronized by those who have sought expert jewelry service and the lowest possible prices in Watches, Diamonds, Rings, Silverware and Jewelry of reliable quality.
