TAKE TIME SAYS DR. DIXON TODAY

Commissioner of Health
Warns Against Making the
Second Go Too Rapidly

Dr. Samuel G. Dixon, State Commissioner of Health, says that people are trying to make the second hand of the clock go too fast in these days and that they are only harming themselves. Dr. Dixon says that the average man is working too hard and taking too little recreation.

Dr. Dixon says: "The season for good resolutions is approaching. Within a fortnight thousands of men and women will have resolved to begin the new year with a definite purpose of lopping of some bad habit or commencing some effort at self improvement. Human happiness so largely depends upon health that many of these resolutions will center upon conditions relating to personal welfare. It is not so difficult in this age of self-education to analyze our habits and discover where our weaknesses lie. Neither it is beyond the majority of us to plan a sensible course which if adhered to would bring about improvement. The task lies in adhering to the plans that we have made. Perhaps the most common plea which we make to excuse failure to carry out our good intentions is the want of time. 'I haven't time' has grown to be one of the commonest of phrases. There is no question about it, this is a rapid age we live in. The possibilities for accomplishment are great; what we lack is time. The man of business knows he needs more physical exercise and appreciates the fact that he feels the better for it but denies himself because he hasn't time. We lack time to eat properly, to think properly, to rest properly. Twenty-four hours seems too short a day for many of us and what is the result? Continually pleading the lack of time we rush from one thing to another and in the end the aggregate of accomplishment is little enough to boast of. Our clocks seem to be ticking at the rate of one hundred and twenty seconds to the minute but still the hour hand crawls at the same old pace. Unquestionably the majority of us would be happier and healthier if we cultivated repose. Tranquility is becoming a lost art and as a result disturbing nervous complaints are far more frequent than formerly. The cultivation of composure need not mean a reduction in our ability to achieve results. It is almost certain to insure us time through application for many things which will make life better worth the living."

Boy-Ed Seeks to Wed Despite Opposition

Special to The Telegraph
New York, Dec. 21.—Captain Boy-Ed is in Washington trying to arrange for his wedding to Miss Virginia Mackay-Smith, well known in society in the capital and in Newport. This was learned last night from a reliable person close to Captain Boy-Ed. It was also learned that Captain Boy-Ed has received intimations from the Berlin Foreign Office that his prospective marriage to an American woman at this time would not be desirable owing to the high feeling running in Germany against Americans. Miss Mackay-Smith's family is said to be opposed to the match under present unstable relations between this country and Germany.

249 Bucks and 30 Does Killed in South Mts.

Special to The Telegraph
Waynesboro, Pa., Dec. 21.—The past season for hunting deer in the Blue Ridge Mountains has been the best in many years and all hunters report that there were more deer roaming the mountains than seen for several years. More than 249 bucks and 30 does were killed in the South Mountains which border on Adams, Franklin and Cumberland counties during the open season from December 1 to 15, inclusive. Since records have been kept nothing like this number has ever been reached. The 1914 list totaled 130, which was a record.

SUNDAY SCHOOL REORGANIZED

Blackford; librarians, Harold Lerew and Pearl Weaver; assistants, librarians, Ralph Nester and Laura Wiley; chorister, Ethel Coulson; assistant chorister, Arthur Hess; pianist, Sarah Baker; assistant pianist, Maude Fory; executive committee, G. D. Yost, J. C. Baker and W. H. Lerew.

MRS. JULIA KITZMILLER DIES

Special to The Telegraph
Hagerstown, Md., Dec. 21.—Mrs. Julia Kitzmiller, widow of the Rev. J. H. Kitzmiller, died on Sunday in Pittsburgh at an advanced age. Her body was brought to this city to-day and the funeral took place from St. John's Lutheran Church. Burial was made in Rose Hill Cemetery. The Rev. Mr. Kitzmiller, who served charges in Pennsylvania and this State, died last May.

CROPS BREAKING STATE RECORDS

Immense Value of the Five Cereal Crops of Pennsylvania Is Demonstrated

Pennsylvania's crops are having their share in the great national crops according to the figures compiled by the State Department of Agriculture. The data was furnished by the local crop reporters to Chief L. H. Wible, of the bureau of agricultural statistics, whose conclusions show the tremendous extent of the cereal crops of the Keystone State. The total value of the five crops was \$95,000,000, almost \$96,000,000, in fact, and the total acreage was 4,477,000.

Corn was the most valuable, amounting to \$41,841,920 with wheat next at \$26,174,400, oats at \$19,823,700, buckwheat at \$4,321,200 and rye at \$3,971,200.

Reports show 1,312,000 acres of wheat harvested with an average yield of 19 bushels, the total being estimated at 24,928,000 bushels, a gain of over 700,000 bushels as compared to the previous year. The average price per bushel was \$1.05. The corn area harvested was 1,522,000 acres, a larger area than in 1914, but a smaller yield due to storms and unfavorable weather. The 1915 yield ran about 36 bushels per acre, and totaled 54,792,000 bushels against a total of 53,520,000 last year. Last year's crop was rated at \$45,845,600. Buckwheat amounted to 5,540,000 bushels from 277,200 acres, a decline in acreage and yield as compared with last year. The oats crop, as expected, ran away ahead of last year. This year there were 1,094,460 acres harvested, yielding an average of 39 bushels an acre and a grand total of 43,095,000 bushels against 1,073,000 acres harvested and yielding 32,190,000 bushels in 1914. The 1914 crop was rated at \$18,995,000. Rye statistics show 271,600 acres harvested, yielding 17.2 bushels per acre and a total of 4,672,000 worth 85 cents a bushel against 280,000 acres and 4,760,000 bushels valued at 85 cents a bushel last year. SAYS SEAL SALE MAY NET \$3,000

Dr. Phillips Declares Less Than 50,000 Yuletide Stickers Will Be Returned

More than 350,000 Red Cross Christmas seals have been distributed in and around Harrisburg and of that record-breaking number, less than 50,000 are likely to be returned unsold to the Red Cross Seal Headquarters, according to Dr. C. R. Phillips, general chairman, to-day. "From all indications," declared Dr. Phillips, "the committee this year will sell at least 300,000 Red Cross Christmas seals. That will be \$3,000 worth, \$200 to \$400 more than were sold last year. The distribution of the seals was so mapped out this year that most of the seals were taken up as they were sent out. This means that comparatively few of them will be unsold. The campaign thus far has been unusually satisfactory. While the merchants, the factories, the secret organizations and the dozen and one other agencies in the

city are disposing of the Red Cross seals, the smaller towns in this vicinity are vying with each other in the race for honors. Hershey, Steelton and Middletown, for instance, are racing neck and neck in a mighty interesting seal selling contest. In the schools of the county the total sales are piling up, while the local committee treasury was boosted to the extent of many dollars by the pretty girls of the Majestic who sold seals in the audience during a musical vaudeville act last week. Then too the milkmen are going to help. Every milk bottle that is delivered Christmas morning in the city will bear a Red Cross Christmas seal.
