## RECORD ADVANCES

New York, Dec. 21.—American Smelting and Mexican Petroleum, the chief features yesterday's trading were again conspicuous at the outset of to-day's market, both recording substantial fractional advances. Other oil shares, notably Texas Company and Foreign Petroleum, were in further demand, but elsewhere prices were inclined to react.

The automobile group was widely engaged. General Motors and Willys-Overland showing actual weakness. American Tobacco recorded a new low quotation for the current movement, 4 1/2, at 1915, and People's Gas continued to fluctuate. Holdings were irregular.

Smelting led all other stocks during the very dull morning session, advancing over 2 points to 104 3/4, or within 1% of its highest quotation since 1910. Some of the metal shares were strong, but U. S. Steel, the specialties and railway shares in general drooping tendency. Baltimore and Ohio was unresponsive to the road's highly favorable November statement.

The extent of the investment demand was measured by the heavy dealings in Anglo-French 5s at 94 3/4 to 95. Bonds were lower.
