HOUSEHOLD HELP ALONE EXEMPTED

"Domestic Service" Under the Compensation Law Does Not Include Hotels

The Workmen's Compensation Board has adopted a rule that the term "domestic service" as used in the new compensation law which goes into effect January 1 applies only to service in a private home and does not apply to service in a hotel, hospital or other institution. Under the law, farm labor and domestic servants are exempt from compensation benefits and the ruling of to-day makes this term apply to private families only, and proprietors of boarding houses, hotels, etc., will be required to comply with the terms of the act.

At the same time the board exempted forty-two organizations and corporations from necessity of taking out State or corporate insurance, being satisfied that they can meet all claims against them from current revenues. Among those so exempted were the school districts of Philadelphia and Scranton; the cities of Bradford and Altoona; the Valley Railways Company, Lemoine; Harrisburg Railways Company; Harrisburg; Susquehanna Coal Company, Philadelphia; borough of Mechanicsburg; Farmers Bank, Middletown, and the A. S.

Harrisburg Couples Wedded in Hagerstown

Special to the Telegraph

Hagerstown, Md., Dec. 28.—The Christmas season brought a number of Pennsylvania couples to this city to get married. Within a week over fifty marriage licenses were issued by Clerk of the Court Edward Oswald and his deputies, principally to couples from over the Mason and Dixon line.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed, it is entirely closed, deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed forever. Cases of deafness are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. It is the only way to cure deafness, and it cannot be cured by Hall's Catarrh Cure. BIG EATERS GET KIDNEY TROUBLE SAYS AUTHORITY

Take a tablespoonful of Salts to flush Kidneys if Back hurts.

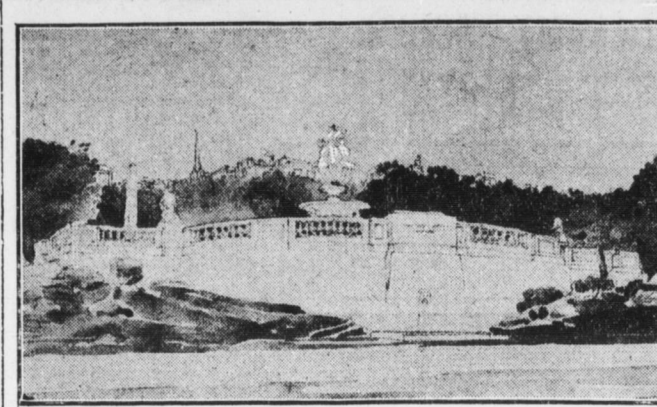

Omit all meat from diet if you feel Rheumatic or Bladder bothers.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid, which the kidneys strive to filter out; they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general aching of the body.

When your kidneys feel like lumps of lead; your back hurts or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful after-dinner lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Advertisement.

HOW DONATO STATUE WILL APPEAR IN PLACE

City Council this afternoon by unanimous vote accepted the recommendation of the City Art Commission to place the Donato fountain, "The Dance of Eternal Spring," in the River Front Park at Locust and Front streets. Commissioner Bowman, who at first objected to seeking Park Expert Manning's advice on the subject finally agreed to it. The accompanying etching drawn by Donato shows how the fountain will appear in place. The work will hardly be started before Spring.

SOME ENTHUSIASM AT LAST DRUMMED UP BY PACIFICISTS

Meeting at Stockholm Characterized as Greatest Demonstration Since War Started

By Associated Press

Stockholm, Dec. 28, via London.—The public meeting held last night under the auspices of the Ford Peace Expedition is characterized here as the most enthusiastic demonstration for peace that Europe has seen since the war began. Nearly a thousand citizens of Stockholm attended. Every mention of the end of the war prolonged long applause.

When Louis Lochner, secretary of the expedition, announced that the executive committee had secret information that certain ones of the belligerent nations were willing to negotiate for peace the meeting became tumultuous. "It would astonish the world," said Mr. Lochner, "if we made known at this time what influences are at work for peace. This information has been in the possession of the executives of the expedition ever since we sailed from New York. It was the real encouragement behind the expedition. We have every assurance that our project will meet with favor, although at this time it cannot be said just what is behind the movement."

The Rev. Charles F. Aked, of San Francisco, declared in his speech that he regretted to say that America was not giving the peace idea such support as might be desired. He found fault with President Wilson for what he characterized as the President's failure to take the initiative in leading neutrals in a peace movement.

The committee appointing that Sweden and Norway had arranged to send unofficial delegations and that citizens from other neutral countries will attend the final peace conference. The expedition leaves Wednesday night for Copenhagen. From that point it will proceed to the Hague, possibly by railway through Germany.

Three More Members of Ford Peace Party Quit

Stockholm, Sweden, Dec. 28.—Three more leading members of the Ford peace party have abandoned the attempt to get the troops "out of the trenches." They are Lieutenant Governor Bethel of South Carolina; Hermon Bernstein, editor of the Day, and S. S. McClure, New York editor and publisher. Another, Governor L. B. Hanna, of North Dakota, has been stricken with influenza and has been removed to St. Joseph's Hospital in Copenhagen.

Thus has the movement lost five of its strongest members in the last two days.

New Scheme Shows That Hungry Is on Verge of Ruin

By Associated Press

London, Dec. 28.—Count Tisza, the Hungarian premier contemplates making the production of wheat a state monopoly according to the Post's Budapest correspondent who declares that it is a desperate scheme showing that Hungary is on the verge of ruin. The correspondent says that it seems incredible that the government should propose such a measure and the mere fact of its being proposed proves the gravity of the present situation.

Regard French Loan as Splendid Security

London, Dec. 28.—The London financial papers point to the French loan as the most attractive government security that has been launched since the beginning of the war. The price of 88 per cent of the five per cent rents means a yield of nearly 5 1/2 per cent, while the English or American investor, with the additional advantage of an unusual exchange rate, obtains a yield considerably higher.

It is interesting to note in this connection what happened to the French loan in connection with the Franco-Prussian war of 1870. In spite of the fact that on that occasion France was defeated and was required to pay a heavy indemnity, the loans quickly rose to par. The French loans of 1870 and 1872, bearing 5 per cent interest, were issued at 82.50 and 84.50. By 1879 they were quoted in the market at as high as 105, and they went on rising until 1880 when they reached 120.85, their highest. They were subsequently converted.

SLEUTH BUREAU IS LAID OVER

See Further Widening of Political Breach in This Postponement

The ordinance creating the "bureau of detectives," to be headed by a captain at \$1,500, offered in City Council several weeks ago by Commissioner Harry P. Bowman at the request of Mayor-elect Ezra S. Meals, was postponed at this afternoon's session of Council.

"Until after the new administration begins," explained Mr. Bowman in asking for postponement, "so that Mayor Meals may vote and talk on the measure." Mr. Lynch seconded his comrade's move.

And that latest development once more agitated city political circles. In the act of postponement the go-sips foresee a further widening of the breach between Mayor-elect Meals and Commissioners Bowman and Lynch. And it will remain so, it is said, until the question of whether M. Harvey Taylor or Harry P. Oves is to be city treasurer is settled. Bowman and Lynch, 'tis said, insist upon Oves; Meals is at least noncommittal.

Council passed on second reading the city budget ordinance for 1916. It provides for a total expenditure of \$599,379.82. The millage ordinance providing for a 9 1/2 mill tax rate was offered this afternoon. Both will be passed finally at a special meeting at 3:30 o'clock Friday afternoon.

The city assessor's ordinance, carrying a \$2,000 salary for this official, was passed finally. The qualification requiring three years' experience in buying and selling real estate was stricken out. Mr. Bowman's water department budget was amended to provide an appropriation of \$5,000 for various city funds, thus swelling his total estimated expenditure to \$122,179.93.

That will likely be Commissioner Taylor's last ordinance provides for acquisition by the city of five acres of Prospect Hill Cemetery land for the city parkway drive. Mr. Taylor will confer at 9 o'clock to-morrow with Herman P. Miller relative to the purchase of five additional acres. Council also decided on motion of Mr. Taylor to hang Mayor John K. Royal's picture in the councilmanic presidential picture gallery. Mayor Royal smilingly voted "no."

After the Council meeting Messrs. Bowman, Lynch and Commissioner-elect Gross got together in low-voiced confab. Now and then they laughed. And when Mr. Bowman was asked if he'd say whereof the trio was talking he laughingly declared:

"Sure, Mr. Gross was telling us a little story about spilled gravy!"

Mayor-elect Meals did not attend to-day's meeting.

A MIRACLE OF THE CENTURY

The moral miracle of the century is the flight of the nations of Europe from making an alcohol as a war measure. Do the ages present a much more sublime picture than that of the poor peasant of Russia who had grown to be a proprietor, who at the open coffin of the wife of one of his tenants slain by rum took a vow before God to spend his life fighting vodka and so impressed that hatred on the 175,000,000 of his countrymen that it was translated into a law of the empire? He persuaded the Czar to prohibit vodka during the mobilization of forces. Prohibition during mobilization worked so well that it was extended till the close of the war. The head of Russian finance, in an interview recently, said that prohibition was a success beyond expectation; that the efficiency of the peasantry had been increased one-third; that vice and crime had decreased in a marked degree, and that the deposits in the savings banks had increased one-third.—The Christian Herald.
