Trial Package of Stuart's Dyspepsia of Tablets Free

Gluttony is as vile a sin as drunkenness and its evil results are more terrible and far more rapid. The human system turns into the stomach and alimentary canal from 7 to 35 pounds of digestive fluid every twenty-four hours. Cram your stomach with food and you exhaust these juices. If your stomach cannot digest the food because it lacks juices to do it with, you should either eat less or make more gastric fluids.

Stuart's Dyspepsia Tablets contain ingredients one grain of which will digest 3,000 grains of food. With Stuart's Dyspepsia Tablets in your stomach the evil effects of overeating are removed, for these little tablets when dissolved stick to the food and digest all the good from it. They won't abandon the stomach and leave a mass of decaying undigested food to putrify and irritate the mucous membrane lining. They give greater quantities of gastric fluid, help the intestiness enrich the blood, prevent constipation and gluttony, while sinful, may yet be made less harmful by the use of these tablets.

Every druggist carries them in stock; price 50 cents per box, or send us your name and address and we will send you a trial package free by mail. Address F. A. Stuart Co., 215 Stuart Eldg., Marshall, Mich.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and fresh-ening the entire alimentary canal before putting more food into the stomach.

MUSCULAR BACKACHE

The muscles of the back do the heavy work of the body. When they are overworked or ill nourished they ache and people who are looking for trouble begin to worry about their kidneys.

Backache may be due to lumbago, which is rheumatism of the muscles of the back, but more backaches are caused by overstrain, overwork and muscle starvation due to thin blood than by anything else.

Dr. Williams' Pink Pills build up the blood and sufferers from backache would do well to try this treatment before giving way to worry over a fancied organic disease. Rest and the tonic treatment with Dr. Williams' Pink Pills will correct most forms of backache, even rheumatic.

For people who work too hard or dance too much and sleep too little, better habits and a course of treatment with Dr. Williams' Pink Pilis are all that are needed to drive away the pains and aches that are warnings of a coming breakdown.

Ings of a coming breakdown.
