FIVE MINUTES! NO GAS, INDIGESTION **OR ACID STOMACH**

Instant relief from sourness, heartburn, headache,

dyspepsia.

'Pape's Diapepsin" is quickest and surest stomach relief known.

Why not get some now—this moment, and forever rid yourself of stomach trouble and indigestion? A dieted stomach gets the blues and grumbles. Give it a good eat, then take Pape's Diapepsin to start the digestive juices working. There will be no dyspepsia or belching of gas or eructations of undigested food; no feeling like a lump of lead in the stomach or heartburn, sick headache and dizziness, and your food will not ferment and poison your breath with nauseous odors.

Pape's Diapepsin costs only 50 cents for a large case at any drug store here, and will relieve the most obstinate case of indigestion and upset stomach in five minutes.

There is nothing else better to take gas from the stomach and cleanse the stomach and intestines, and, besides, one single dose will digest and prepare for assimilation into the blood all your food the same as a sound, healthy stomach would do it.

When Diapepsin works, your stomach rests—gats itself in order, cleans up—and, then you feel like eating when you come to the table, and what you eat will do you good.

Absolute relief from all stomach misery is waiting for you as soon as you decide to take a little Diapepsin. Tell your druggist that you want to become thoroughly cured this dime. Remember, if your stomach feels out-of-order, and uncomfortable now you can get relief in five minutes.—

SEASONAL BUXING FOR HOUSE-WIVES

We know little of the seasons of production, and still less of marketing conditions. A retail dealer told me not long ago that he "never knew what to buy when he went to market, for," he said, "when lima beans are in season, the women want peas, and when peas are in season, the women want lima beans." In other words, having no knowledge of the market, we try to make this market fit our daily menus rather than make our daily menus fit the market. Efficient buying, economy in the home, means a full knowledge of the seasons of production in order to buy those things which are in season; in other words, to buy on a "down market."

Closed Tuesday to Get Ready For Clean Sweep Sale

Twice a year the Kaufman Underselling Stores clean house, so to speak, by disposing of all remaining stocks in the various departments. These sales, known as the Clean Sweep Sales, have been a prominent feature of the Kaufman merchandishing for a number of years.

On Wednesday morning of this week, the first of these 1916 events will begin. In the meantime there is much to be done to get everything in readiness for Wednesday shoppers. Consequently, the store will be closed all day to-morrow, and clerks will be actively engaged in rearranging stocks in the various departments, for the convenient selection of visitors on the opening day.

Every department in the big store will take its part in the Clean Sweep Sale. Men's, women's and children's outer apparel, dress accessories and every line of ready-to-wear will be featured, as well as many attractive offerings in the Bargain Basement. As in the past, the broom sales will be a feature of the event.

Full particulars regarding the various offerings in the sale will be covered by the store's advertisement in this paper to-morrow.
