

Hopes, Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood.

Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation.

It is inexpensive and entirely vegetable, therefore harmless.—Advt.

NEW REPUBLICAN COUNTY OFFICIALS

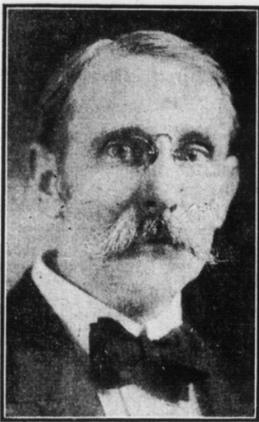

JAMES E. LENTZ, Recorder of Deeds.

MARK MUMMA, County Treasurer.

FRANK E. SNAVELY, Poor Director.

HENRY W. GOUGH, County Recorder.

NEW OFFICIALS SWORN IN TODAY

(Continued From First Page.)

man, Samuel S. Miller and John H. Eby. Mr. Cumber succeeded Mr. Hoffman as president. Edward H. Fisher took over the chair of D. Frank Lebo as chief clerk. All these except Wells are Republicans.

The Poor Board reorganized with Frank B. Snavely and Fernando Loudermich succeeding Charles L. Boyer and Thomas S. Manning. Mr. Manning was chosen this morning by Messrs. Loudermich and Snavely to fill the vacancy in the board caused by the death of ex-President Harry A. Walters. Alderman J. William Bayles was elected clerk to succeed John P. Guyer. G. W. Hensel, of Lykens, was chosen social worker in Miss Rachel Staples' place. Other changes were approved by the board.

In the recorder's office Recorder James E. Lentz formally took hold, although his working staff had been on duty during the last few weeks. In the sheriff's office former Jail Warden William W. Caldwell succeeded to the place vacated by Harry C. Wells. Deputy William B. Hoffman is retained there and the only new officer is Burton R. Speas, a former under-keeper at the jail, whom Sheriff Caldwell brought with him. Register of Wills Roy C. Danner, the lone Democrat, who had been re-elected, didn't figure to any extent in the fuss incident to change of administration. With his deputy, Charles W. Rubendall, the office went along very smoothly. Mr. Danner, however, made his annual report. The only change in the county treasury was the departure of Arthur H. Bailey, who turned over his keys to Mark Mumma, new watchdog of the county's funds. Joshua Rutherford will remain as deputy. Henry W. Gough continued the even tenor of the way of the county controller's office, to which he had been re-elected. He has retained Frederick Holtzman as deputy.

Poor Board Organizes For Year; J. W. Early Is Steward of Almshouse

The new Board of Poor Directors organized at 10 o'clock by electing Fernando Loudermich, Halifax, president, Frank B. Snavely, Hershey, as agent, and Thomas S. Manning, Londonderry township, treasurer. Mr. Loudermich was chosen to succeed former President Harry A. Walters. All are Republicans.

In addition to selecting J. William Bayles as clerk, John P. Guyer and George W. Hensel, as assistant clerk and social worker, the

poor directors elected the staff for the almshouse and the poor physicians' staffs.

The staff of poor physicians in the city was increased from nine to thirteen. Those who were dropped included Drs. C. J. Manning, P. A. Deckard, G. L. Laverty, C. I. Trullman, J. A. Usher, Williamstown, H. A. Shaffer, Millersburg, C. M. Rockett, Highspire, W. B. Kirkpatrick, Lingshown, F. L. Shenk, Penbrook, A. L. Shope, Middletown, J. F. Blecker and H. H. Rhoads. Steelton, W. P. Dalley; Oberlin, O. Putt, Robert Hursh and Leslie Marshall; Grantville, John L. Groh.

From the inquiries which Ambassador Penfield has been directed to make the American government hopes to sift what evidence there is for the conclusion that the Persia was torpedoed. No submarine was seen but the officer of the Persia said he saw the wake of a torpedo.

After conferences over the telephone between the President and Secretary Lansing and Secretary Lansing it was announced at the White House and also at Hot Springs, Va., that the president would start back to Washington to-night, arriving to-morrow.

The situation as it exists to-day was described in official quarters as paralleling the crisis which was caused by the sinking of the Arabic cloud of Germany's assurance in response to the representations of the United States on the destruction of the Lusitania.

County Commissioners Dismiss Henry Hoffman; and Elect Herman Long

The most important change in the

County Commissioners' office as a result of the reorganization at noon to-day was the dropping of Henry Hoffman, Halifax township, as mercantile appraiser for 1916, and the election of Herman Long as justice of the peace of Highspire, as his successor. Hoffman, a son of Isaac S. Hoffman, ex-president of the board of commissioners, had been chosen by his father and County Commissioner Samuel S. Miller a few weeks ago. On assuming office to-day Charles C. Cumber, Highspire, Republican, Henry M. Stinger, city, Republican, and Harry C. Wells, this city, Democrat, the new commissioners, took the position that they are empowered under the Constitution. If remove any appointee from office without cause. They accordingly elected Mr. Long to succeed Mr. Hoffman. The only way the question can now be thrust out is for Mr. Hoffman to mandamus the commissioners into court. Whether or not this will be done is questionable, although a report was current about the courthouse to-day that this might be tried.

Philip S. Moyer, Solicitor

Philip S. Moyer, a member of the Dauphin county bar, was elected county solicitor to succeed Colonel F. M. Ott. This appointment becomes effective February 1. Mr. Moyer hails from the upper end, but has long resided here. He is one of the brightest and best known of the younger members of the county bar. He is a staunch Republican. Harry A. Boyer, county inspector of weights and measures, is one of the holders of appointments. Edward H. Fisher, East Hanover township, was chosen to succeed D. Frank Lebo as chief clerk; Charles Thamer, Millersburg, was appointed to succeed J. Harry Stroup, and William A. McIlhenny's place as clerk will be taken by Clarence G. Snyder, of this city. An engraver, Hugh Squire, H. Strook will be retained as clerk. All the appointees are Republican in politics.

Wilson Returns To Take Charge

(Continued From First Page.)

The fact that the Persia mounted one gun was disclosed in a dispatch from American Consul Garrels at Alexandria. What effect that will have on the situation, however, cannot be definitely determined until it is known whether the gun was mounted for offense or defense.

May Go to Committee

Chairman Stone, of the Senate Foreign Relations committee, conferred with Secretary Lansing at the Secretary's invitation, but was non-committal about the visit. Senator Wilson on the latter's return to-morrow. He said he did not know whether the committee would be expected to confer with President Wilson on the latter's return to-morrow. He said he did not know whether the committee would be expected to confer with President Wilson on the latter's return to-morrow.

Two Mothers Tell How Their Sickly Children Were Made Strong and Well

"For six years our little girl suffered from a bronchial trouble, she had no appetite, could not sleep and was so nervous we had to keep her out of school. The doctors said nothing but a change of climate would help her. We were discouraged when one day a friend asked us to try Vinol, and after taking six bottles she does not look like the same child. She has a fine appetite, is lively, healthy and well, and Vinol did it all." Mrs. F. E. Hufford, Iola, Kas.

The new fact developed to-day in the Persia case. The American consul at Alexandria reported that the ship carried one 4.7 inch gun but did not state where the gun was mounted. This may become a factor in the case. The Hague convention, however, provides that a merchant ship may carry a gun mounted on the stern for purposes of defense without being considered an armed ship.

Vessel Carried Gun

The official view here is that the question of whether a gun was mounted on where it was placed. If mounted forward, officials realized the Austrian government could contend the Persia was armed for destruction of submarines and had instructions to ram or destroy the submarines. The disposition is not to assign the incident of the gun to a place in consideration of the case until all the facts are known.

Who Sank It?

Secretary Lansing announced he had instructed American Ambassador Penfield at Vienna to ask the Austrian government for any information which might establish the nationality of the submarine which is said to have sunk the Persia and which would develop the facts in the case.

Baron Zwiedinek, Charge of the Austrian Embassy, Called on Secretary Lansing and Asked that Judgment be Withheld Until All the Facts are Known and Expressed the Belief that a Final Explanation Would be Satisfactory. He also Sought Any Available Information for the Benefit of his Government.

Baron Zwiedinek also Assured Secretary Lansing that it was Proved that an Austrian Submarine Had Sunk the Persia, his Government Would Give Full Reparation and Satisfaction.

Fear Persia Death List Will Greatly Exceed 200

London, Jan. 3.—There is still uncertainty regarding the number of lives lost in the sinking of the liner Persia. It seems probable, however, according to the latest dispatches that the 158 persons landed at Alexandria, including 59 passengers, comprise the entire list of survivors.

Survivors Drifted For 30 Hours Before Rescued

London, Jan. 3.—The Cairo correspondent of Reuters Telegram company sent the following concerning the sinking of the Persia: "Nobody aboard the Persia saw the torpedo. The second officer is under the impression that he saw the ripple of it. The survivors after 30 hours in the sea were rescued by a warship. Six officers were saved.
