

LANCASTER FIVE PLAY TECH TOSSERS FRIDAY--FOLWELL TO COACH PENN SQUAD

SELECT FOLWELL TO COACH PENN

Will Introduce Something New in Football at Pennsylvania; Election Popular

Special to the Telegraph Philadelphia, Pa., Jan. 5.—Robert Cook Folwell, former gridiron star of the University of Pennsylvania, has been called by his Alma Mater to serve in the capacity of football coach at that institution for 1916 season. The announcement that Folwell had been finally selected as coach of the Red and Blue gridiron warriors came after a long and drawn-out period of time, but now that he has been finally selected as leader of the Quaker athletes next season, peace reigns.

It has been some years since the redoubtable "Bob" wore the Red and Blue on the gridiron, but since that time the Quaker athlete has not lost any of his old-time fight. With the coming of Folwell to the Quaker institution there will be introduced a new style of play; and as this man has already accomplished great results from his own coaching, there is little fear of results on the part of his adherents.

Officials Are Cleared of Ship Purchase Charges; Roosevelt Is Denounced

Washington, D. C., Jan. 5.—The charges circulated during the last session of Congress that Administration officials had in the interest of foreign business firms in urging the passage of the government ship purchase bill were held to be baseless in majority and minority reports filed to-day by the Senate committee appointed to investigate them. Both reports also found the shipping interests blameless of illegal activity in opposition to the measure. The majority denounced Theodore Roosevelt for failing to appear before the committee to testify concerning his published assertion that President Wilson and Secretary Bryan "had endeavored in the interest of certain foreign business firms to secure for the United States the power to purchase or charter ships of one of the belligerents." Senator Sutherland presented the minority report for himself, and Senator Penrose, "We do not concur," it said, "insofar as the report defends the bill itself nor insofar as it insists there would be no impropriety in the purchase of the belligerents' ships. The majority report is a thoroughly bad piece of legislation and ascertain that to have purchased the boats now seeking security in American harbors would have developed trouble for the United States."

WELLY'S CORNER

Members of the Harrisburg Sportsmen's Association will elect officers Monday night. John C. Martin will be elected president, it is expected. This shooter has for a number of years been prominent in every shoot held in Pennsylvania, and in many events in other States. He is a strong booster for Harrisburg, and under his leadership an interesting program of shooting events is promised.

The first big shooting event of the year in Harrisburg will be the State Live Bird Championship contest. It will be held Tuesday February 22, Washington's Birthday. For twenty years this event has been held on this day and in this city. In addition to the championship honors the winner takes the Harrisburg trophy. The latter has been in many cities since it was presented by the Harrisburg Sportsmen's Association. Efforts are being made to have the Chamber of Commerce, Rotary Club or Motor Club to offer a new trophy this year. It will be a big advertisement for the city as well as the donor.

Lew Ritter, the local baseball star, who has been prominently identified with the New York State League, has written to Frank H. Farrell, requesting an investigation of baseball conditions in Harrisburg. With the prospects of high class baseball for the New York State League, fans hope the Manager Ritter will succeed in landing a franchise.

Now that Yale realizes that Dr. Albert Sharpe is at Cornell to stay, the athletic committee will consider other candidates. Two more members will be added to the committee of which Vance C. McCormick of Harrisburg is chairman. Every effort is being made to get a capable man to take charge of football.

TWINE WISTARIA FOR GREAT BALL

Girls' Guilds and Sewing Societies Asked to Help Make Flowers

If you should find Her very, very busy in the midst of a lot of white and delicately green and purple tissue paper and bits of wire and scissors and paste and things, when you call "round most any evening this week, it is pretty nearly certain that she is a member of one of the many sewing clubs or charity guilds of the city.

She'll probably be making bunches of wistaria and iris for the Japanese garden at the charity ball.

More than a thousand bunches of the purple and white wistaria blossoms and at least 600 of the tall white iris will be needed for this effective feature of the decorative scheme and the committee in charge, headed by Mrs. Francis Jordan Hall, will ask the girls of the domestic science class of the high school, of the Y. W. C. A., the Flower Guild of the Harrisburg Hospital, the Sunshine Society, the Junior Guild of the Children's Aid, the scores of sewing and embroidery clubs of the city and surrounding towns to assist.

In fact, a general invitation has been issued to everybody to help make the flowers. Mrs. Hall will eagerly supply the material. She can be communicated with by phone or mail at her home, 1601 North Front street.

The Decorating Committee Serving with Mrs. Hall on the decoration committee, by the way, are Mrs. Mercer B. Tate, Mrs. Charles E. Co-

vert. Mrs. M. Jacobson, Mrs. Joseph Nachman, Mrs. Henderson Gilbert, Mrs. Walter P. Maguire, Miss Mary Rely and Mrs. William Henderson. And they're not only mighty busy individually, but they're enlisting the services of all their friends.

So when you find Her busy with scissors and paste and paper most any evening this week, there'll be a double significance in her occupation. She may be doubly interested in the charity ball.

Invitations for that big event of the social season, January 20, in Chestnut Street Auditorium, by the way, are now being sent out.

Dainty gowns and gay ruffled coats and plumed hats and great-boots, etc., are being ordered for the ball. Seamstresses from Philadelphia and New York were in the city to-day taking measurements and orders for the dainty costumes that will help make brilliant the pageant of dancing. The first big rehearsal was held yesterday under the eagle eye of Miss Katherine Noland, the instructor.

The Dancers

Miss Noland, by the way, will do the weird Egyptian "dance of the vases." Assisting her will be the following, who will form a background in the shape of a great vase: Misses Doris Coe, Katherine Eitter, Louise Carney, Margaret McClain, Frances Morrison, Sarah Cooper, T. J. Gould, T. S. Traill, Farley Gannett, J. E. Bevin, Jerome Hamilton and George Sutton. Those who will take part in the other dances include:

Waltz, Miss Emily Bailey and Henry McCormick Gross; minuet, Misses Martha Fleming, Mary Meyers, Sara Denehey and Augusta Hean, R. Boone Albert, J. B. Rodus, Dr. George R. Moffitt and T. E. Seelye; gavotte, Miss Margaretta Fleming and Edward J. Stackpole, Jr.; valseovienne, Miss Eleanor Clark and George Shotwell; mazurka, Miss Frances Bailey and Henderson Gilbert and Miss Susanna Fleming and John C. Herman; Grecian flower dance, Misses Jane Hlecock, Dorothy Cox and Eliza Bailey.

Get glad! for you've hit the right tobacco!

No more tobacco grouches; no more scorched tongues, parched throats! Just joy, via Prince Albert, tobacco that'll punch-pleasure into your system quicker than you or old Blue Monday can kick it out!

Smoke P. A. like you went to college with it—it's so chummy! Can't go wrong on P. A. because it's made to spread-smoke-sunshine; to make pipesters and "rollers" glad! The patented process does that—and cuts out bite and parch. All day long you'll sing how glad you are to know

PRINCE ALBERT the national joy smoke

Watch your step! It's easy to change the shape and color of unsuitable brands; to imitate the Prince Albert tidy red tin, but it is impossible to imitate the flavor of Prince Albert tobacco. The patented process protects that!

You should fret; you should dream about tobacco that hits the spot! And P. A. laying close-by ready to be called by its first name! Nothing to do but load a jimmy pipe or roll a cigarette, make fire—and puff away! You can smoke a barrel of P. A. without a kick! You take this testimony straight and—get glad! It's so cheerful-like to be peaceful, via real and true tobacco!
