DONA CLERK IN SUNBURY HOTEL

Man's Mother in Northumberland County Town, Worried Over Affair

Special to the Telegraph. Atlantic City, N. J., Jan. 5.—No longer is Francis Albert Gilbert Dona, youthful husband of "Countess" Ida Marie von Claussen, reputed possessor of a fortune of \$2,000,000, a man of mystery.

He is Frank A. Donagan, erstwhile hotel clerk at Sunbury, Pa., and subsequently an attendant at the State Homeopathic Hospital at Middletown, N. Y., where the "countess" now his glowing bride, spent several months under observation.

Guests of the Hotel Dennis, where the Donas have been comfortably quartered since their flight from New York immediately after their dramatic marriage, said there was no question as to Dona's identity when they compared the picture of Donagan, the Sunbury hotel clerk, with Dona, the bridegroom.

Hotel attaches also agreed the picture of Donagan clearly is that of a well-groomed youth known here as Dona. It was stated also that the "countess" and her young husband will be asked to make an explanation to meet the circumstances.

All of the discussion down on the office floor of the hotel did not worry the "countess" Claussen-Dona very much. "Of course the matter is annoying," she said, "but really it is quite immaterial to me. I want to reiterate that Mr. Dona is not Mr. Donagan. He has changed his name. But even if he were Donagan and a hotel clerk I should have married him just the same, for he rescued me from an insane asylum and I love him for that."

DONAGAN'S MOTHER WORRIED

Sunbury, Pa., Jan. 5.—The mother of Frank A. Donagan is said by friends here to have known of her son's wedding to "Countess" Ida Marie von Claussen. She is reported to be greatly worried over the turn affairs have taken; but is said to have declared that she will go to her son's aid financially should it be necessary.

Frank's brother, Fred, is said to have told confidential acquaintances that he saw two telegrams to Frank signed "Ida" while the former hotel clerk was here in December.

Frank Donagan, who is 27 years old, received a common school education and worked as a delivery boy for a dry goods concern and later was employed at the shops at Renovo. His experience as an attendant at the Middletown Hospital is said to have been his first experience in that line.

"HOUSE BASED UPON WOMAN"

"A house is not based upon the ground, but upon woman," is an old Montenegro proverb. To her falls the hard work of the household. They use the sickle, tend the flocks, as well as the spinning wheel, and have the vitality and health to enjoy it.

American women should take more care to preserve health and vitality by avoiding nervous run-down conditions, and for this purpose our local druggists George A. Gorgas, Druggist, Kennedy's Medicine Store, 321 Market St.; E. Kramer, Third & Broad Sts.; Kitzmiller's Pharmacy, 1225 Derry St., Harrisburg, Pa., have a most valuable combination of the three oldest tonics known in Vinol. If you are weak, run-down, over-worked, just try it.—Advertisement.

BETTER COAL

It is not generally known, but more time and money is being spent to-day in safety appliances in the mines and improvements in the breakers for preparing coal, than at any time in the history of the coal trade. This means much increased cost to the progressive and enterprising operator and shipper. It also means a more valuable and desirable product to the consumer.

Brick Company's Bridge Is Closed to Public

Special to the Telegraph. Mount Union, Pa., Jan. 5.—The large bridge recently remodeled by the Refractories Brick Company, which offered the only means of crossing the Juniata river between Mount Union and Newton Hamilton, will be closed to the public to-day at 4 o'clock. It is estimated that at least 1,000 persons used the bridge each day and probably twenty-five teams and as many automobiles. The keeping up of the bridge was a great cost to the brick company and most of the benefit was gotten by the employees of the Aetna explosive works. It is reported that the bridge was closed because the power company refused to pay half the expenses of maintaining the bridge.

OLD-TIME COLD CURE—DRINK TEA!

Get a small package of Hamburg Breat Tea, or, as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.—Adv.

THERE IS A VAST ARMY

of men and women who really never know what it is to enjoy sound, vibrating health—who would be surprised to suddenly gain that exhilarating vitality that robust health brings. Literally thousands without any particular sickness live in "general debility," as the doctors call it—have headaches, are tired and indifferent. To all such people we say with unmistakable earnestness—"Take Scott's Emulsion after meals for one month and allow its rare oil-food to enrich and enliven your blood, quicken your circulation, stimulate nutrition, and aid nature to develop that real red-blooded life that means activity, enjoyment, success." Scott's Emulsion is not a drug, but a pleasant food- tonic—free from alcohol. One bottle may help you. Scott & Bowne, Bloomfield, N. J. 15-31

Quality That Merits the Slogan

which are smoked—not for sentimental reasons but because their quality is regularly good and can be depended upon to give satisfaction. They certainly merit the slogan—
