

Relief for Catarrh Sufferers Now FREE

You Can Now Treat This Trouble in Your Own Home and Get Relief at Once.

How the Remedy for Catarrh Was Discovered.

THIS terrible disease has raged unchecked for years simply because symptoms have been treated while the vicious germs that cause the trouble have been left to circulate in the blood, and bring the disease back as fast as local treatments could relieve it.

C. E. Gauss, who experimented for years on a treatment for Catarrh, found that after perfecting a balm that relieved the nose and throat troubles quickly, he could not prevent the trouble beginning all over again.

On test cases, he could completely remove all signs of Catarrh from nose and throat, but in a few weeks they were back.

Goes to the Root of

- Stopped-up noses
- Constant "frog-in-the-throat"
- Nasal discharges
- Hawking and spitting
- Snoring at night
- Bad Breath
- Frequency of colds
- Difficult breathing
- Smothering sensation in dreams
- Sudden fits of sneezing
- Dry mucus in nose
- and any of the other symptoms that indicate approaching or present catarrh.

Removes the Cause and Immediately Gives Relief to the Nose and Throat

Reese Jones, of Scranton, Penn., says that after trying many other treatments, he used this new method and his nose is now entirely clear and free and I am not bothered by the disease any more. The New Combined Treatment is worth its weight in gold.

Temporary relief from catarrh may be obtained in other ways, but the New Combined Treatment must inevitably be accepted for permanent results.

Sarah J. Cape, Mount Pelia, Tenn., says, "I suffered the pains and distress of catarrh for thirteen years and needless to state, tried nearly every method. But by your new method I was completely cured, and you cannot imagine the joy that has come over me."

Trial Treatment FREE

This new method is so important to the welfare of humanity, so vital to every person suffering from any form of catarrh, that the opportunity to actually test it and prove its results, will be gladly extended without one cent of cost.

A large trial treatment, with complete, minute directions, will be sent free to any catarrh sufferer. Send no money, take no risks, make no promises. Simply clip, sign and mail the coupon and the test package of the New Combined Treatment will be sent to you prepaid, together with the valuable book on Catarrh.

Send the Test Treatment FREE

TRADE DISEASES TO BE COMBATTED

Department of Labor Takes to Printing Ink as a Means of Fighting Them

The State Department of Labor and Industry has turned to printers' ink in its effort to arouse people to the danger of occupational or industrial diseases and to enlist their aid in its campaign for their elimination.

The department has issued a number of small pamphlets, each one dealing with some form of disease in an industry which has been investigated by the experts in the division of industrial hygiene and engineering. They call attention to everyday dangers in various trades, printing being among the number.

United States Ranks First Among Nations of World

Washington, Jan. 6.—How the United States through the accident of a world war has moved from its place as a commercially provincial and secondary power to the rank of first importance among the great nations of the world—economically, industrially and financially—is told in detail in the first annual report of Dr. Edward E. Pratt, chief of the Foreign and Domestic Commerce Bureau of the Department of Commerce.

What the country has gained temporarily through the fortunes of the European conflict, says the report, it can hope to hold in the commercial struggle that will be resumed at the conclusion of peace only by the most far-sighted commercial preparedness. Two grave problems face development and maintenance of foreign trade. The first is declared to be that of finance and the second that of training men for the work.

FIRE CHIEF TO REMAIN AT POLICE STATION FOR PRESENT

For the present John C. Kindler, fire chief, will have his room in the police station. Yesterday Mayor E. S. Meals told the fire chief that more room was needed in his department.

He suggested that the Hope firehouse would be a good place for the chief. "I understand plans are under discussion calling for a central fire station at the Hope enginehouse. Of course that would be the place for a fire chief. At present everybody calls me here. The fire alarm system is here, and the Mayor said I should remain here."

GRACE LADIES' AID ELECTS

Officers to serve for the ensuing year were elected yesterday at the annual meeting of the Ladies' Aid Society of Grace Methodist Church. Officers: President, Mrs. W. B. Sloan; vice-presidents, Mrs. J. Horace McFarland and Mrs. Belle Walter; secretary, Miss Fannie Awt; treasurer, Mrs. W. Miller; and clerk, Mrs. Annie Bacon. Mrs. Joseph Ross and Miss Louisa Kelster; superintendents, Mrs. M. Floyd, Mrs. A. Quigley and Mrs. Annie Meese.

G. A. R. TO INSTALL OFFICERS

Post 58 of the Grand Army will formally install its new officers with special ceremonies in the post rooms tomorrow evening. Major M. A. Gherst will preside. Post 58, which numbers some 250 members, is one of the largest in the State. The officers to be installed to-morrow evening were elected a few weeks ago.

A Genuine Rupture Cure

Cent on Trial to Prove It

Don't Wear a Truss Any Longer

After Thirty Years' Experience I Have Produced An Appliance For Men Women and Children That Actually Cures Rupture

If you have tried most everything else, come to me. Where others fail is where I have my greatest success. Send attached coupon to-day and I will send you free my illustrated book on Rupture and its cure, showing my Appliance and giving you prices and names of many people who have tried it and were cured. It is instant relief when all others fail. Remember, I use no salves, no harness, no ties. I send on trial to prove what I say is true. You are the judge and once having seen my illustrated book and read it you will be as enthusiastic as my hundreds of patients whose letters you can also read. Fill out free coupon below and mail to-day. It's well worth your time whether you try my Appliance or not.

The above is C. E. Brooks, inventor of the Appliance, who cured himself and who is now giving others the benefit of his experience.

Ten Reasons Why

1. It is absolutely the only Appliance of the kind on the market to-day, and in it are embodied the principles that inventors have sought after for years.
2. The Appliance for retaining the rupture cannot be thrown out of position.
3. Being an air cushion of soft rubber it clings closely to the body, yet never chafes or causes irritation.
4. Unlike the ordinary so-called pads used in other trusses, it is not cumbersome or ungainly.
5. It is small, soft and pliable, and positively cannot be detected through the clothing.
6. The soft, pliable bands holding the Appliance do not give one the unpleasant sensation of wearing a harness.
7. There is nothing about it to get foul, and when it becomes soiled it can be washed without injuring it in the least.
8. There are no metal springs in the Appliance to torture one by cutting and bruising the flesh.
9. All of the material of which the Appliance is made is of the very best that money can buy, making it a durable and safe Appliance to wear.
10. My reputation for honesty and fair dealing is so thoroughly established by an experience of over thirty years of dealing with the public, and my prices are so reasonable, my terms so fair, that there certainly should be no hesitancy in sending free coupon to-day.

Child Cured in Four Months

Dear Sir:—The baby's rupture is altogether cured, thanks to your Appliance, and we are so thankful to you. If we could only have known of it sooner, our little boy would not have had to suffer near as much as he did. He wore your brace a little over four months. ANDREW EGGENBERGER.

Pennsylvania Man Thankful

Mr. C. E. Brooks, Marshall, Mich. Dear Sir:—Perhaps it will interest you to know that I have been ruptured six years and have always had trouble with it till I got your Appliance. It is very easy to wear, fits neat and snug, and is not in the way at any time, day or night. In fact, at times I did not know I had it on; it just adapted itself to the shape of the body and seemed to be a part of the body, as it clung to the spine, no matter what position I was in.

It would be a veritable God-send to the unfortunate who suffer from rupture if all could procure the Brooks Rupture Appliance and wear it. They would certainly never regret it. My rupture is now all healed up and nothing ever did it but your Appliance. Whenever opportunity presents itself I will say a good word for your Appliance, and also the honorable way in which you deal with ruptured people. It is a pleasure to recommend a good thing among your friends or strangers. I am, yours very sincerely, JAMES A. BRITTON, 80 Spring St., Bethlehem, Pa.

Confederate Veteran Cured

Commerce, Ga., R. F. D. No. 11. Mr. C. E. Brooks, Dear Sir:—I am glad to tell you that I am now sound and well and can plough or do any heavy work. I can begin to feel like a man again. I have had a permanent cure. Before getting your Appliance I was in a terrible condition in which you deal with ruptured people. It is a pleasure to recommend a good thing among your friends or strangers. I am sixty-eight years old. WM. PATTERSON, No. 717 S. Main St., Akron, O.

Remember

I send my Appliance on trial to prove what I say is true. You are to be the judge. Fill out free coupon below and mail to-day.

Others Failed But the Appliance Cured

Mr. C. E. Brooks, Marshall, Mich. Dear Sir:—Your Appliance did all you claim for the little boy and more. We let him wear it for about a year in all, although it cured him 3 months after he had begun to wear it. We had tried several other remedies and got no relief, and I shall certainly recommend it to friends, for we surely owe it to you. Yours respectfully, WM. PATTERSON, No. 717 S. Main St., Akron, O.

"Their Married Life"

Copyright by International News Service.

Helen always remembered the evening that followed her extraordinary morning as one of the most extraordinary in her whole life. She was surprised that everything went off so smoothly, for she admitted to herself that everything had been remarkable. Dr. Marshall's maid had acquitted herself well, Warren had been agreeable and even cordial to Ned Burns, and Frances had been very gracious to the young doctor who seemed quite taken with her.

At five-thirty Helen slipped out of her apron to answer the door bell, and came back into the diningroom with a huge box in her arms. The box was filled with roses from Ned. Helen's cheeks burned as she set them in different vases. The last time a man had sent her roses, Warren had been furious. When she would be say to-night, "Everything was going splendidly when Frances arrived. She came in with her usually breezy manner, but Helen thought she looked tired."

"What is it, dear, please tell me," she said, bending over the girl and holding her close as she would have held Winifred.

"I am a fool," she said, suddenly, crying for the moon. "I used to think I had some pride, but it seems that I have none at present."

"Frances is it, Carp?"

"Yes, dear, I do."

"Do you think Warren was the right man for you, Helen?"

mean to say that I love Warren in the right way and that he loves me selfishly, but I do sometimes think that Warren should have married a woman with more strength of character. I'll tell you something dear, if it will make you feel any better. Ned Burns, the man who is coming to-night and who sent the roses, is an old sweetheart of mine.

"I wanted him to come to dinner to-night largely to play him off against Warren. I know, Frances, that I didn't make a mistake, but sometimes I wish that, for the good of both of us, Warren had not chosen me."

"There is now," excuse me, dear, I'll go and meet him."

"We are having company for dinner," she said, meeting Warren in the darkened hall. "An old friend of mine, Warren, Ned Burns, and Frances and Dr. Marshall."

"Everything smells good," said Warren good naturedly. "And look at the roses, somebody loves you, Helen, even if your husband doesn't. And he slipped his arm about her and drew her close. The hot tears sprang to Helen's eyes. Life was full of surprises and perhaps Warren did care."

Every trace of dirty, soapy water gone—the porcelain white and clean. Simple and practical, isn't it?

Surprising the number of ways Atlantic Rayolight Oil does help keep the home bright, cheery and clean. Thousands of careful housekeepers tell us (as a result of our advertised request) that Atlantic Rayolight Oil is the very best thing for such purposes as polishing windows and mirrors, brightening up linoleum and restoring dull and faded carpets.

Of course, for this kind of work, the very finest kerosene is needed; that's why these experienced, competent women use

ATLANTIC Rayolight OIL

And it's ever so much better for purposes of lighting and heating.

You see it burns slowly and economically, yielding an intense, constant, steady heat without a jot of smoke or smell. A steady, flickerless, soft, white light beams from almost any lamp in which it is burned, but to get the best and most light for the least money, use a Rayo Lamp filled with Atlantic Rayolight Oil.

You buy it certain that it will give the greatest heat, the finest light and that careful refining makes it best for household purposes. But, with all these advantages, Atlantic Rayolight Oil costs no more than the unknown, unreliable kind.

Ask your dealer for it by name—**Atlantic Rayolight Oil**
