

WANT DATA FOR WORKMAN'S ACT

County Commissioners Take First Step Toward Inaugurating Compensation System

The first step toward carrying out the provisions of the workmen's compensation act among county employees was taken yesterday by the new board of county commissioners when blank forms to be filled out with information as to number, age, manner of occupation, etc., of the attaches were distributed to the poor directors, recorder, prothonotary, sheriff, prison inspectors and other county departments. The return of the data has been requested as early as possible and as soon as the information is all in hand the commissioners will determine whether the county will carry out the provisions of the act itself or whether it will take out liability insurance. Definite action may be taken to-morrow although it is doubtful if much can really be done for a week at least.

Whole Courthouse A-Glowing.—Under the vigilant, eagle eye of Chas. H. Peters, the new courthouse janitor, the court rooms, the corridors, the rotunda, the closets, the offices, are undergoing the cleaning of their historical lives as it were. The staff of cleaners was augmented yesterday by the appointment of Joshua Porter. He devoted most of his time to the windows. Incidentally some of the county officials caught the clean-up craze and among those who re-furnished his quarters was County Recorder James E. Lentz.

Bankers to Meet.—A meeting of the creditors of Walter C. Baskins, bankrupt, has been called for January 17, when a trustee will be appointed. The meeting will be held at 10 o'clock in Federal Referee John T. Olmsted's office.

Recorder Completing Report.—The annual statement of ex-Recorder O. G. Wickersham will likely be completed by to-morrow noon according to Mr. Wickersham to-day. The former official will probably have the data ready to turn over for transcription.

MRS. C. L. HARLACKER DIES.—Special to the Telegraph.—Mechanicsburg, Pa., Jan. 6.—Mrs. Catherine L. Harlacker, aged 62, died suddenly to-day at the home of her daughter, Mrs. Clayton Shultzbaugh. Funeral services will be held at the Church of the Brethren Sunday. Burial will be made in the Mechanicsburg cemetery. Her daughter, Mrs. Shultzbaugh, and a son John survive.

AN IMPARTIAL STUDENT.—We were walking through the apartments of his excellency, Mr. Samarth, the prime minister of the Gaekwar of Baroda, about two years ago, and noticed an open Bible on a table at the head of the prime minister's bed. I asked why he, a devout Hindu, was interested in the Bible. He replied, "I spend a half hour each day reading this book along with the educated men of India. I have found it one of the greatest influences in developing my intellectual as well as my spiritual life. You may be interested to know," he continued, "that the educated men of India know the Bible as a rule quite as well as they know any one of their own sacred classics."—The Christian Herald.

A CARAVAN OF BIBLES.—At the edge of the Sahara desert, near old Hiskra, we were interested in a long camel caravan carrying huge packages and evidently starting upon a long journey into the desert. I asked what they were carrying, and was told that they were transporting 2,000 copies of the New Testament, translated into Arabic, into the desert country. These Bibles were purchased by the Moslems at two cents apiece and were the means of bringing to many a desert nomad the first real knowledge of this text book of Christianity.—The Christian Herald.

UTILIZING TROLLEY TIME.—A busy teacher of sixteen boys from thirteen to fifteen years finds time by substituting the lesson study for the morning newspaper on the cars. He writes: "I make a short outline of the lesson. I study the lesson while riding in trolley cars and from my work on Friday, Saturday and Sunday morning. This gives me five hours' preparation if I need it. I don't always use it all."—The Christian Herald.

THE TREE OF KNOWLEDGE.—The only suggestion of civilization is a tall telegraph pole standing in the very point where the rivers meet. The British telegraph line, connecting Europe with India, passes down the Euphrates, through the traditional site of the Garden of Eden.—The Christian Herald.

BELL-ANS Absolutely Removes Indigestion. One package proves it. 25c at all druggists.

Bowman's Here In This List of Friday Bargains Is Supreme Proof Of the Economy in Purchasing at Bowman's

FAVORITE CIGARETTES FLUSH KIDNEYS WITH SALTS IF BACK IS ACHING Noted authority says we eat too much meat which clogs Kidneys. Take glass of Salts when Kidneys hurt or Bladder bothers you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked, from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys. The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness. Jad Salts is inexpensive and can't injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—Advertisement.

LADIES Buy Your Garments Direct From Factory—Shirtwaists, Middy Blouses, Skirts and Dresses. A single visit will convince you the reason better than words can express.
