WANT MORE DATA ON PENSION ACT

Commissioners Discuss Mothers' Act, but Take No Definite Action

The feasibility of adopting the mothers' pension plan in Dauphin county was briefly considered to-day by the new board of commissioners, but no definite action was taken. Complete data on the subject will be obtained and embodied in a report, according to one of the commissioners. "From the information we have received so far we understand that the Governor is empowered to appoint seven women to the pension board of each county and that the county is required to bear all the traveling and other expenses. The question of cost is not limited in any way. Under these circumstances we would like to have a little more light on the subject," said Commissioner Stine.

"If we could designate someone who is familiar with investigating cases such as would come under the jurisdiction of the pension board—for instance, the Associated Aid Societies—why, I think the plan would be admirable for Dauphin county. But this is not to be considered by the commissioners, according to the provisions of the act. However, we will investigate the matter thoroughly and make a report on it. When we have all the data necessary we will be in a better position to determine what can be done."

Baltimore Specialist Confirms Kaiser's Cancer

Baltimore, Md., Jan. 7.—Information has come to a prominent specialist here from Dr. James West, a former Baltimorean, now a cancer specialist in Berlin, that the Kaiser is a victim to that dread disease. Two years ago, when the Kaiser was in poor health, it was stated that an operation would be necessary. The imperial physician shortly afterward reported that the Kaiser had improved and an operation would not be necessary. As a matter of fact the operation had been performed, an ulcer being removed from the right side of the larynx. Dr. West was consulted and advised that the ulcer be burned out. This was done, although Dr. West did not perform the operation. In the case of the German Emperor, according to Dr. West, the ulcer was not entirely cleared away and after a period the eruption again appeared. The only thing to be done in cancer of the throat is to cut away the larynx and insert a trachea for breathing and the other for food purposes. According to Dr. West, the growth in the Kaiser's larynx has spread and it has become necessary to remove the larynx. The German Emperor's father suffered from a somewhat similar trouble.

Ford Party Speeding Through Germany in Sealed Special Train

Copenhagen, Jan. 7, via London, 11:50 a. m.—The Ford party left Copenhagen to-day for The Hague. On board the special train for the passage of which through part of the war zone permission has been granted by Germany are 150 peace advocates. They will be in Germany for eleven hours, from the time they cross the frontier at Warnemunde this afternoon until Holland is reached. Each person in the party is pledged to abide by military rule.

Another William Penn Highway Boost Comes In

That cities and individuals along the proposed William Penn Highway approve of the plans of the Harrisburg Chamber of Commerce to hold a meeting to promote that highway is further indicated by the following letter from R. Grier, president of the Birmingham School of Birmingham, Pa., a prominent and potential person in that section: "I am entirely in sympathy with your plan for the William Penn Highway, and you can call upon me at any time if I can serve you in helping the matter along. If necessary, we can form an organization here at Birmingham for the proper time comes. I hope you will feel free to call upon me if I can be of service."

Girls' Arm Fractured

While playing at the home in Lackawanna, Jennie Deckard, aged 6 years, fell and fractured a right arm. The fracture was reduced at the Harrisburg Hospital.

For Pimply Faces Try Cuticura Soap and Ointment

Samples Free by Post
A simple, easy, speedy treatment. Smear the pimples lightly with Cuticura Ointment on end of finger and allow it to remain about five minutes. Then wash off with Cuticura Soap and hot water and continue bathing for some minutes. This treatment is best upon rising and retiring, but is usually effective at any time.
For pimples, redness, roughness, itching and irritation, dandruff, itching scalp and falling hair, red, rough hands and baby rashes, itchings and chafings these fragrant super-creamy emollients are wonderful. They are also splendid for nursery and toilet purposes.
Sample Each Free by Mail
With 32-p. Skin Book on request. Address, Post-card "Cuticura, Dept. 17, Boston." Sold throughout the world.

STATES BANKS IN THE SOLID CLASS

Resources of Those Under Commissioner Smith Run Over \$1,300,000,000

The 498 trust companies, state-chartered banks and savings institutions of Pennsylvania had resources of \$1,371,238,193.12 on November 11 last, the time of the last call for statements, according to the advance sheets of the twenty-first annual report of the "States Banks in the Solid Class," made public here by Commissioner of Banking William H. Smith. These figures show a gain of \$292,595,252.34 in resources as compared with the report made as of the same time in 1914.

The number of deposit accounts increased from 2,315,321 to 2,422,127 in the same period and deposits of almost every one of the classes, except state government deposits, show gains. The deposits subject to check in the trust companies alone show a gain of \$61,000,000. Savings funds indicate increases in that branch running into millions. The report covers 11 savings institutions of which are in Philadelphia; 189 state-chartered banks of which Allegheny has 37, Lackawanna 20, Luzerne 19, Philadelphia 17 and Dauphin 10; and 298 trust companies, of which almost half are in four counties, Allegheny having 60, Philadelphia 59 and Westmoreland and Dauphin 11 each.

The statement of resources shows the following: Trust companies, \$985,862,118.26, against \$811,700,537.96 in 1914; state banks, \$225,122,959.68, against \$224,369,028.88; savings institutions, \$123,922,255.15, against \$242,575,384.94. The deposit accounts are distributed as follows: Trust companies, 1,243,272, against 1,182,842; state banks, 576,127, against 634,102; savings institutions, 602,728, against 498,377.

State banks paid in dividends during the year \$1,510,012.25 on \$17,718,432.50 paid in capital and a jump in trust funds from \$1,160,653,275.23 to \$1,205,381,349.68. Corporate trusts aggregate \$3,696,851,329.73.

ALL DEMANDS ARE MET BY GERMANY

[Continued from First Page.]
submarine commanders operating in the Mediterranean were virtually unaided without warning privately owned vessels of any description including liners, freighters and tramp steamers. The German navy is engaged in maritime warfare in the North Sea, including only liners in passenger service.

It was also stated with authority to-day that the German government had agreed with the position of the United States in regard to small boats not being under all conditions, a place of safety for passengers aboard ship should be destroyed. These last concessions are understood to have been contained in the last note from Germany regarding the sinking of the delegates to-day. The communication reached the State Department several weeks ago but has been withheld from publication on the ground that it had a certain bearing on the Louisiana negotiations. Germany is understood to have fully agreed with the American point of view.

May Erect Statue to Volunteer Firemen of State in Capitol Park

Initial steps in the movement to provide a statue in Capitol Park to commemorate the deeds of valor of Pennsylvania's volunteer firemen will likely be taken in this city next Wednesday when the officers of the organization and the plans will be completed and the officers will be elected at the dinner to be held at the Plaza Hotel. About 75 will attend.

Patrolman "Didn't Ask Me to Be Retained"—Meals

"Patrolman Halsey was dropped because he did not come up to my standard," said Mayor E. S. Meals to-day, when asked for an explanation for this officer's dismissal. Halsey was to be dropped on January 15, sent in his resignation yesterday. He claimed to have been double-crossed by Mayor Meals.

Department, Not Men, to Get Credit for Arrests

Under Mayor E. S. Meals the department, not the officer, will be credited with arrests made. Mayor Meals said: "If a detective makes an arrest, it will be credited to the Bureau of Detection. What does it matter to the public whether the figures in an arrest. Detectives and patrolmen are supposed to do their duty."

HELD ON ASSAULT CHARGE
In default of bond, Solomon Washington, colored, 1407 William street, was sent to jail to await a hearing before Alderman Fritz Kramme. Washington was given a hearing last night on a charge of assault and battery preferred by his wife.

Big Removal Sale of Shoes at Drastic Price Cuts

In the near future we will move our business to another location. It is our aim to go into the new store with an entirely new line of Shoes for Spring and Summer. It becomes necessary, therefore, to clear out every pair of Fall and Winter shoes in our stock. This we will endeavor to do by February 1st. That gives us just about three weeks. A big task, you say. Yes, but we know we can do it with prices such as we will offer in this big

Delegates Approve of Pan-American Alliance Plan Outlined by Wilson

Washington, D. C., Jan. 7.—President Wilson's address before the Pan-American Scientific Congress last evening in which he outlined the government's plan for a Pan-American alliance guaranteeing absolute political independence and territorial integrity was favorably commented on by the delegates to-day.

WOULD RESTRAIN SOLICITOR

An injunction was obtained this afternoon by the Harrisburg Imperial Laundry Company to restrain Paul Bowman, a former clerk and solicitor, from soliciting for the Arcade Laundry, a rival concern. Bowman, the plaintiff contends, had an agreement with it not to solicit for any other concern within eight weeks after he left their employ. He has been violating the agreement, the petitioner dears. The Dauphin County Court fixed January 11, at 9:30 o'clock, to hear the matter.

ROOM UNFIT FOR PLANTS TO LIVE IS QUITE UNFIT FOR HUMANS, TOO

J. Horace McFarland Urges People to Test Out Living Conditions by Having Growing Plants in Homes

In line with the plan of this newspaper to co-operate with the Civic Club for a general movement next Spring in the direction of window and porch boxes with a view to making Harrisburg one of the flower cities of the country, the Telegraph has received a letter from J. Horace McFarland, president of the American Civic Association, in which he says: "It appears quite certain that inside living conditions that are unfavorable to plant life are also unfavorable to human life. If the thought could be taken up and founded in that the growing of plants in livingrooms would be a provision of an automatic means of determining the fitness of those livingrooms for healthy human habitation, then your outside decoration idea would be fostered and an additional and even greater good be done in connection with inside living conditions. The main factor for plant prosperity in livingrooms is the provision of a sufficient supply of moisture in the air, not about the roots particularly. This additional humidity means better health, better work and security of furniture, decoration and hangings, and other desirable matters. This newspaper is in entire harmony with the suggestion of Mr. McFarland, as it is with all suggestions looking to the general improvement of the city along esthetic and healthful lines. The Telegraph shall be glad to print any other suggestions looking to the growing of plants inside the home in addition to those which may be used on the outside next summer."

COMB SAGE TEA INTO GRAY HAIR

A Mixture of Sage and Sulphur Darkens the Hair Beautifully and Evenly

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; cures the dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Weyth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe for about 50 cents. Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.—Advertisement.

YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

Hurry, Mother! Remove poisons from little stomach liver, bowels.
Give "California Syrup of Figs" if cross, bilious or feverish

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given. If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that the little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the constipated poison, undigested food and sour bile gently moves out of the little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs"; then see that it is made by the "California Fig Syrup Company."
