Again—We Save You Money It's on, Men! The Globe's One Thousand Suit and Overcoat Campaign A Profit-Sharing Sale and Half-Yearly Clearaway

Our Second Semi-Annual One Thousand Suit and Overcoat Campaign began on Thursday morning and the hearty response given to our opening announcements, proves conclusively that more men every season realize that this "Big, Live, Progressive Store" is the Clothing Store that really and truly gives the greatest possible values.

In addition to our extraordinary values we shall give to every suit and overcoat purchaser a "bonus" of FIVE PER CENT, if we succeed in selling 1000 Men's and Boys' Suits and Overcoats by February 26th.

Our merchandising policy does not allow any accumulation of goods to be carried into another season. It is our fixed rule that all goods must be sold during the season for which they were purchased.

BREAKING UNION PARTY

London, Jan. 7.—The Manchester Guardian expresses regret that the first result of the project of compulsory military service is a breaking up of the union of parties, which, however, checked by some untoward events, nevertheless helped to keep a united nation concentrated on a single object from the outbreak of the war to the present day.

GENTLE RUBBING HELPS VARICOSE VEINS

Rubbing the swollen veins nightly for about two minutes with a gentle upward stroke brings benefit to sufferers and is mighty good advice, says an authority.
After the rubbing, which should always be toward the heart, because the blood in the veins flows that way, apply Emerald Oil (full strength) with brush or hand.
Try this simple home treatment for a few days and improvement will be noticed, then continue until veins are reduced to normal. It is very concentrated and penetrating and can be obtained at any modern drug store. It is so powerful that it also reduces Goitre and Wens. All druggists have Emerald Oil in the original bottle and will be glad to supply it.—Advertisement.

HUNTERS DID NOT HAVE MUCH TIME

Decline in Issuance of Hunters' Licenses Attributed to That Cause Now

Hunters' licenses issued in Pennsylvania during 1915 are believed to have been about 10 per cent less than the number issued during 1914 because many men who would have gone hunting last Fall were too busy. Returns of the sales of hunters' licenses have not yet been received at the State Game Commission offices, but enough is known to warrant the statement that there will be from 25,000 to 30,000 fewer licenses in 1915 than

in the previous year. In 1915, the first year of hunters' licenses, there were 305,000 licenses issued, and last year 288,000.

The State Game Commission is now considering petitions from several counties for orders closing them to hunting of various kinds under the recent acts. Fifteen counties are now closed to deer, quail and other hunting and the time on some of them will expire this year and next. They may petition for reopening to give game placed by the State a chance to increase. Most of the counties which were too close are in Western Pennsylvania.

Dr. C. B. Penrose, who presided at the meeting yesterday, was re-elected chairman, a place he has held since 1911, and Dr. Joseph Kallifos, the veteran secretary, was re-elected.

Expect 400 Schools.—Officials of the State Bureau of Vocational Education expect that 400 continuation schools will be opened in the State under the new child labor law within the next few weeks and that steps for others will be taken in school districts in which attaches of the bureau are now discussing matters with the local school authorities.

Reports are being received here slowly from cities and manufacturing and mining towns and no estimate can yet be made of the number of minors who will be retained at work and sent to continuation schools and the number who will be dismissed.

Representatives of the bureau are now visiting manufacturing centers in an effort to ascertain plans of employers under the new law and are co-operating with representatives of the Department of Labor and Industry.

3,000 will be written by the end of this week. Applications have been received at the office of the State fund at the rate of from 200 to 300 a day, according to officials in charge, and as soon as the business now presented is handled it is likely that the State will send a corps of men into the various counties to solicit business for the fund.

Rush for Tags Keeps Up.—Although licenses for operation of automobiles have been issued by the State Highway Department at the rate of 500 to 700 a day for the last four days, there does not seem to be any cessation of the demand for tags. The weather conditions are believed to have caused many owners who had calculated on laying up machines for the winter to apply for licenses. The tags are being shipped from the Capitol by mail cart loads, as they go by parcel post.

Mallery Resigns.—Otto T. Mallery, of the State Industrial Board, has resigned as head of the Philadelphia Playground Association to devote his time to the industrial board. He succeeded the Governor as head of the playground association.

"He Persuaded Us to Advertise." Tribute to Telegraph's Advertising Manager.
It is rather unusual for an advertising manager to be presented with a loving cup in appreciation of his successful efforts in having a firm use proper newspaper publicity in its business, but such an unusual compliment has just been paid Boyd M. Ogelsby, the advertising manager of the Telegraph. A beautiful loving cup has just been presented to him by Jacob Tausig's Sons, the Market street jewelers. This token of esteem is engraved thus:

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off With Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.
Cleanse the blood, the bowels and the liver with Olive Tablets.
Dr. Edwards' Olive Tablets are the successful substitute for calomel—there's never any sickness or pain after taking them.
Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.
No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.
Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.
Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.
