RUSS FIGHTING WITH GREAT FURY

More Than 800,000 Men With 3,500 Cannon Are Incessantly Engaged

AT ONCE! STOPS STOMACH MISERY AND INDIGESTION

Instant relief from sourness, gas, heartburn, acidity, dyspepsia.

"Pape's Diapepsin" is quickest and surest stomach relief known.

Wonder what upset your stomach— which portion of the food did the damage—do you? Well, don't bother, if your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated— just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress. Millions of men and women to-day know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear. If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary. — Advertisement.

"The plan we have in mind," said Commissioner Henry M. Stine to-day, "is to establish a system something like that which is now in use in Prothonotary Holler's office. The deeds have never been serviceably indexed and it is our intention to inaugurate a system that will be convenient and practical. The committee will likely report at the next meeting."

DRINK WATER TO AVOID SICKNESS SAYS AUTHORITY

Glass of hot water before breakfast fast daily keeps the doctor away.

Sanitary science has of late made rapid strides and the result is a new untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy nose, cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins, waste, souring, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness, others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation. — Advertisement.

Gen. Hamilton Blames Gallipoli Fiasco on His Superior Officers

London, Jan. 7. — General Ian Hamilton's report on the British operations on the Gallipoli Peninsula was published in the Official Gazette last night. It tells the story of the fighting on the peninsula from the beginning of May to the middle of October.

Probably no more important contribution to the history of the present war has yet been made. The report throws light on the great landing at Anzac cove and Suvla Bay, August 7, which has been the subject of strong attacks upon the military administration of the Government, the whole operations requiring the combined action of the army and navy.

The Suvla Bay landing failed to accomplish its object, the report shows, partly because the force consisted largely of untried troops under general inexperienced officers, and partly through the failure of the water supply. The sufferings of the troops for lack of water make painful reading.

Home Government and Generals Bitterly Scored By British Newspapers
By Associated Press
London, Jan. 7. — Both the home government and the generals at the front are severely criticised in the London morning newspapers to-day as the result of the publication of General Sir Ian Hamilton's report.

The authorities are especially blamed for their failure to meet Hamilton's repeated demands for reinforcements, the lack of which caused the collapse of the military plans. In contrast to what is termed the inefficiency of the higher commands, the greatest admiration is accorded the heroic conduct of the men under the terrible conditions.

The Times censures the home authorities for their failure to send reinforcements and says it can find no warrant for the assumption that the great blow from the Anzac region failed solely because the landing at Suvla went amiss.

"I WILL BE 86 MY NEXT BIRTHDAY"

This Venerable Old Gentleman is Indeed Thankful, and He Herewith Tells Harrisburg People What Quaker Extract Has Done For Him

His Name Is Wm. S. Hedrick, and He Lives at 120 Twenty-Ninth St., Penbrook

Rarely, yes, very rarely indeed, is it possible for a person reaching the 90-year mark in life, to honestly, openly, fearlessly and truly proclaim to the world that in his age in life he has just been cured of stomach and kidney complaints. But such a case has been reported here in Harrisburg during this week.

The following particulars are positively true and investigation in any manner is invited.

About five weeks ago the venerable old gentleman, Mr. Wm. S. Hedrick, came into Croll Keller's drug store, No. 405 Market street, all worn out and bearing heavily on a stout cane. He asked for the health teacher and then inquired: "Do you think the Quaker remedies would help an old man like me? I will be 86 my next birthday. My stomach is so weak that it no longer retains food, my kidneys pain me and are decidedly irregular." The health teacher who realized that such conditions usually arise with extreme old age did not wish to discourage and knowing that Quaker Extract could not harm and might possibly help he recommended it, but not with his usual enthusiasm. But now comes the wonderful fact. On last Tuesday morning Mr. Hedrick again called. He was all smiles and grasping the health teacher by the hand, he said:

Quaker Extract is wonderful indeed. I can eat and enjoy my victuals, no distress follows. I sleep fine, my kidneys no longer pain and act regularly and naturally. I am so pleased, I can hardly express myself. I wish you would publish my name in the papers and tell the people how wonderful the Quaker remedies really are. I want everybody to know it and maybe my grateful words will help many other sufferers to the road to health.

So it has thus been again proven that the old people can be benefited by Quaker, it has also been proven in many, many cases that it should be given to children and hence it is certain that people of all ages can safely take it.

Should you therefore suffer from stomach troubles of any kind, or catarrh or rheumatism, call at Croll Keller's drug store, No. 405 Market street. Do not delay another day. Ask for the health teacher and he will tell you all about the remedy. He may be seen daily from 9 a. m. to 9 p. m. It costs nothing to talk to him.

Another wonderful thing happened yesterday—John Rolfe, of 113 Market street, who thought his trouble was catarrh of the stomach took only 6 doses of Quaker Extract which was sufficient to prove that stomach worms and not catarrh was the cause of his trouble.

Quaker Extract is \$1.00 per bottle or 6 bottles for \$5.00. Mail orders filled promptly. Sent prepaid on receipt of price.
