### RAILROAD NEWS

## WORK STOPS ON CONCRETE BRIDGE

Will Place Tracks on Cumberland Valley Structure Within Two Weeks

Work on the new Cumberland Valley Railroad bridge across the Susquehanna has practically been shut down for the winter. Within a few weeks at most the company will transfer the present tracks on the old structure to the southern half of the new bridge.

With the opening of Spring the construction of the northern half of the great viaduct will be started so that the biggest structure of its kind in this section of the country will be rushed to completion without a single day's interference of traffic schedules.

The "finishing" of the concrete work and the removal of the steel superstructure of the form, and the roofing of the tile and concrete signal tower at Front and Mulberry streets, are yet to be done, however. The big staff of several hundreds of men have been laid off.

### An Unfailing Way To Banish Hairs

(Beauty Notes)  
Ugly hairy growths can be removed in the privacy of your own home if you get a small original package of delatone and mix into a paste enough of the powder and water to cover the hairy surface. This should be left on the skin about 2 minutes, then removed and the skin washed and every trace of hair will have vanished. No harm or inconvenience can result from this treatment, but be sure you buy real delatone.

### DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless. — Advertisement.

### ATTORNEY DIES FROM PTOMAINE

[Continued From First Page.]

of Market Square Presbyterian Church. Burial will be made in the Paxtang cemetery. The survivors are Dr. H. A. Backenstoe, a brother, of Philadelphia, and the following sisters: Mrs. H. McDanel, Highspire; Mrs. E. L. Denniston, wife of Dr. Elmer L. Denniston, and Miss Clara R. Backenstoe, of Harrisburg.

Clayton H. Backenstoe was born in West Hanover township, this county. His parents were the late John H. and Mary E. Backenstoe. Following a course in the township schools, Mr. Backenstoe at the age of 15 entered Lebanon Valley College, where he studied for one year. During the next three years he taught school, and returned to college, graduating in 1887. He was class orator and editor of the class journal.

Following his graduation he registered as student of law with the firm of Fleming and McCarrell. The senior member was the late David Fleming, and the junior member Samuel J. M. McCarrell, present associate judge of Dauphin county. In October, 1889, Mr. Backenstoe was admitted to practice in the several courts of Dauphin county, and always was a successful practitioner. He has been identified with many important cases. In 1891 he was admitted to practice in the Supreme Court

of Pennsylvania. At various times he was identified with a number of local corporations. Recently he was a member of the board of directors of the First National Bank, and attorney for that institution. At one time he was prominently identified with the Governor's Troop, was a member of the Harrisburg Club and an ardent supporter of baseball and football.

In Republican circles Mr. Backenstoe was recognized as a staunch worker. He frequently served the party as delegate to State conventions, and was active as a campaign orator. He once was a candidate for the Republican nomination for district attorney of Dauphin county.

### Mentioned For Judgeship

Hershey Backenstoe, as he was called by all his intimates, is mourned to-day by a large circle of warm friends who appreciated his worth. It is not generally known that he was frequently discussed as a prospective judge and that in the event of the creation of the third judgeship by the last Legislature he would have been urged as a fit selection for the bench. He was a wise counsellor and enjoyed a large practice throughout the county.

But it is not only here at home where he will be mourned. Every summer he spent several weeks on the Kawartha lakes in Canada, with his friend, W. M. Hain, a fellow member of the Dauphin bar. Both loved the fishing in that region and last summer Mr. Backenstoe captured the record muscalonge near Bobcaygeon. He was greatly admired by the guides as a skillful and appreciative angler. He loved the sport and all Bobcaygeon will regret his death. The Dauphin County Bar Association will meet Monday afternoon at 1 o'clock, to take action on the death of Mr. Backenstoe.

### PUT STOMACH IN FINE CONDITION

Says Indigestion Results From An Excess of Hydrochloric Acid.

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by Hyperacidity, meaning, there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus much like garbage sores in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate sour food or have heartburn, flatulence, water-brash or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effervescing and furthermore, to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices. Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble with excellent results.
