COUNTY OFFICIALS ARE TOLD OF LAW

City Planning Committee Has Right to Invaade Cross-River Section

Special to the Telegraph
Carlisle, Pa., Jan. 10.—County officials are much interested in a law which vitally affects a big section in the lower end of the county. It has to do with the Harrisburg city planning commission, which, according to information received at the office of the clerk of the courts, must pass upon all improvements in a section of the county as far west as almost to the eastern limits of Shiremanstown. Many county residents have been interested in the matter of improvements

along the West Shore by this planning commission, but the general impression was that it was optional with or not they take up the plan of improvement under the commission.

Clerk of the Courts Carothers has received from the secretary of this commission, however, a copy of the law creating this body and also a map showing the limits of its sphere of action. Under a law passed in 1889 a commission of five men is created who have charge of proposed improvements in a section within a three-mile radius of third class cities.

All plans for laying out of lots, general town improvements and the like sent here for record must be submitted to the Harrisburg commission. The section that the body may act in is practically all of East Perry, Shireman township, a big slice of Hampden township, some of Lower Allen, and the towns of New Cumberland, Leomoyne, West Fairview, Enola and Camp Hill. The line reaches almost to Shiremanstown.

A section of Fairview township, York county, and a section of Perry, as well as a big slice of Dauphin, is included in the three-mile limit.

Mrs. Ada H. McAlarney Will's Whole Estate to Son and Daughter

The will of Mrs. Ada H. McAlarney, who died December 28 at her home in New York city, was probated to-day by Register of Wills Danner. Mrs. McAlarney's estate was valued at less than \$20,000. She set aside \$1,000 to be held in trust by the Harrisburg Cemetery Association for the upkeep of her burial plot. The remainder she bequeathed equally to her daughter, Mrs. Martha Cowden McAlarney Kliebaker, of Pittsburgh, and her son, John Hart McAlarney, of New York. In the absence of either, the share shall be divided among their children should have issue; should either die without issue, the share of the dead heir or heiress is to go to the survivor.

Three Drown and Two Die When Ice Capsizes Boat

Philadelphia, Jan. 10.—Three men were drowned and two others died from exhaustion and exposure to wind and snow after rescuers brought them ashore yesterday, following the capsizing of a sixteen-foot skiff near Edgington, on the Delaware river. The five men were thrown into the river when the skiff was rammed by an ice floe and upset. They tried to save themselves by clinging to cakes of floating ice and by clinging to the boat. The battle for life in the chilly water lasted for several minutes. Three of them sank before their cries brought assistance.

BAR EULOGIZES C. H. BACKENSTOE

Dauphin Co. Association Pays Tribute to Fellow Member; Funeral Services Are Held

Funeral services for Clayton J. Backenstoe, attorney and prominent member of the Dauphin County Bar Association, who died Thursday evening at his home, 1528 North Second street, from ptomaine poisoning, were held this afternoon at the home. The Rev. Dr. George Edward Hawes, pastor of Market Square Presbyterian church, officiated. Burial was made at the Paxtang cemetery. The following intimate friends of Mr. Backenstoe acted as pallbearers: William Jennings, Warwick M. Ogelsby, William M. Hain, A. Carson Stamm, Geo. R. Barnett, John Hoffer, Frank M. Eastman and Franklin J. Roth.

Bar Pays Tribute

"As a lawyer he was careful, diligent and conscientious, and he gave painstaking consideration to all matters which were submitted to his professional custody. In his intercourse with his colleagues of the bar he was always mild, kindly, courteous and affable, and while he never intentionally gave offense, yet neither did he falter in the vigorous maintenance of his client's rights. He was a persuasive advocate before the jury and overlooked no opportunity to present his clients' cause with vigor and effect. In his arguments before the court, he was clear, fair and forceful. In business affairs, he was conservative, and his judgment invariably sound and valuable. In all the walks of life his integrity was unflinching and his fidelity unquestioned.

"His association with his fellow-men was unassuming but frank, and he had the faculty, without any apparent effort on his part, and by the unostentatious sincerity and geniality of his intercourse, of making and holding a multitude of friends. With such congenious friendship no cold medium knew.

"His habits were exemplary, and he was a most companionable and social associate. He loved to commune with Nature. He was an ardent angler with rod and reel, and one of the greatest pleasures he enjoyed was the frequent and extended fishing excursions into the wilds of Canada, where he was a general favorite alike with companions and guides.

"He was in his fifty-third year with health and ambitions before him, but Death, at an untimely frost, has taken him away.

"His family has lost an affectionate and considerate brother; the bar a loyal associate; the conscientious member, and the community an influential and valuable citizen.

"For the purpose of expressing our deep grief at the severance, not only of our personal ties, but of the loss both of a companionable associate and brother, as well as of expressing our sincere sympathy to the bereaved, his family this minute is presented."

King Edward VII, Among Biggest of Dreadnaughts, Sinks After Hitting Mine

By Associated Press

London, Jan. 10.—The British battleship King Edward VII has been sunk as the result of striking a mine. The entire crew was saved. The sinking was announced by the Admiralty in the following statement: "H. M. S. King Edward VII has struck a mine. Owing to the heavy sea she had to be abandoned and sank shortly afterward. The ship's company was taken off without any loss of life. Only two men were injured."

"Another pang to the British public will be caused by the announcement of the loss of the battleship. The brief official statement does not reveal the cause of the action. The King Edward VII represented an investment of nearly £1,600,000, and was one of the finest of the last class of dreadnaughts corresponding in general to the American ships of the New Jersey and Nebraska type. She was only slightly older than the Natal, which was sunk by an internal explosion about a week ago.

"His habits were exemplary, and he was a most companionable and social associate. He loved to commune with Nature. He was an ardent angler with rod and reel, and one of the greatest pleasures he enjoyed was the frequent and extended fishing excursions into the wilds of Canada, where he was a general favorite alike with companions and guides.

Gallipoli Is Abandoned by British and French

By Associated Press

London, Jan. 10.—It is officially announced that the complete evacuation of the Gallipoli peninsula has been successfully carried out. The remaining positions held by the allies have been abandoned with the wounding of only one man among the British and French, according to a British official statement issued last night.

Get the Habit of Drinking Hot Water Before Breakfast

Says we can't look or feel right with the system full of poisons.

Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles if you could believe these hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so limestone phosphate and hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe in the inside than on the outside, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

CROWDED CARS A SOURCE OF ILLS

By Associated Press

Dr. Dixon Discusses the Way People Can Avoid Getting Into Grip-Laden Air

Walk and stay out of cars and go to bed early so that you can have time to walk to work, says Commissioner of Health Dixon. "This will end the crowded car trouble."

"The commissioner says: 'The street and railroad cars have not sufficient air space for ventilation to permit of the carrying of more passengers than they can seat. The over-crowding of our passenger transportation vehicles is an important factor in spreading the grippe and the so-called colds that have terminated so seriously of late with the old and young.'

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system.

They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or disagreeable effects of any kind.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color.

Take one or two every night for a week and note the effect. 10c and 25c box.
