There is one sure way to end dandruff that has never failed. Dandruff is caused by a little parasite or germ that burrows underneath the scalp and feeds on the nutrition that should go into the scalp and hair. The only way to kill dandruff is to kill the dandruff germ. To do this, go to the drug store and get a small cake of Vacuum, and dissolve it in a pint of hot water. Then apply to the scalp as a shampoo. In a short time your dandruff will disappear. For sale by
