CIVIC CLUB TO ELECT OFFICERS

Annual Meeting Will Be Held Next Monday; Year Book Is Out; Reviews Improvements

Arrangements were completed at yesterday's meeting of the executive committee of the Steelton Civic Club for the annual meeting of that organization to be held in Trinity parish house, Pine street, next Monday afternoon. Yesterday's meeting was held at the home of the president, Mrs. John M. Heagy, South Front street. At Monday's meeting officers will be elected and the annual reports of all officers will be received. Paul G. Fuhrman, chief of the Department of Statistics in the State Department of Labor and Industry, will deliver an address on "What is Our Duty to the Immigrant?" The Civic Club is interested in measures that will better the conditions of foreigners who come here to live and Mr. Fuhrman's speech will likely be followed by action towards this end.

Copies of the Civic Club's first annual year book, recently completed, are now being distributed. The little book takes the form of an attractive pamphlet and is neatly bound in green fiberboard. The booklet contains lists of the officers, committees and all members of the organization. It contains an outline history of the club's organization in January, 1910, and also gives a brief review of the many things accomplished by the organization. In a modest sort of way the little volume points out the part played by the club in obtaining many municipal improvements and civic betterments and describes some of the many projects now being carried out.

Home Celebration of Wonder Interest

The arrival of a baby in the household completely changes the entire aspect of the future. But in the meantime, during the anxious period of expectancy, there is a splendid remedy known as "Mother's Friend" that does wonders. It is for external use, relieves the pains of muscle expansion, soothes and quiets the nerves, extends its influence to the internal organs and removes to a great extent the tendency to worry and apprehension. It is a natural treatment, safe for the mother, has no drug effect whatsoever and for this reason must exert a most beneficial influence upon those families directly connected with motherhood. In a very interesting book the subject is freely discussed and a copy will be mailed free to all expectant mothers by Bradfield Regulator Co., 406 Lamar Bldg., Atlanta, Ga. Get a bottle of "Mother's Friend" today of any druggist. Use as directed and you will then know why mothers for nearly a century have used and recommended this splendid aid to motherhood. Their letters are messages of cheer. Don't breathe comfort in empty words.
