#### TO-DAY'S BEAUTY HINT

It is not necessary to shampoo quite so frequently if your hair is properly cleaned each time by use of a really good shampoo. The easiest to use and quickest drying shampoo that we can recommend to our readers may be prepared very cheaply by dissolving a teaspoonful of cantrox, obtained from your druggist, in a cup of hot water. This rubbed into the scalp creates a thick lather, soothing and cooling in its action, as well as very beneficial to scalp and hair. After rinsing, the scalp is fresh and clean, while the hair dries quickly and evenly, developing a bright luster and a soft fluffiness that makes it seem very heavy.—Advertisement.

#### Missionary Society to Hold Entertainment

## TO-DAY'S BEAUTY HINT

When a young man goes a-courting, his mind turns to beautiful gifts for his loved one. An engagement ring, then a wedding ring. C. Ross Boas has all these among the thousands of other beautiful things to gladden the heart.

Now, after the wedding comes the home. The House that Jack Built might have been good enough in its time, but Joseph W. Pomraining can build a much better and up-to-date one.

When the house is done, you can go and see Sam Fackler about the furniture and carpets—no better place in the world.

Say, now, it is time for the Player Piano. Charles E. Bard and Company can arrange this. If you already own a piano that has no player in it, don't trade it off, but send it out to Charles E. Bard and Company and they will put a player in it for you.

After a player piano, comes an automobile. Here is where Harvey W. Ehling shines. He also sells tires and he never tires telling about their good qualities.

Now, Hubby, think some about your office. Go over and talk to David W. Cotterel and he will tell you about all the latest office supplies and filing cabinets.

We don't know yet where you are to buy coal, but Thomas A. Thorley can sell you all kinds of drugs and toilet articles. Arnica is good for bruises which occur from accidents.

When accidents happen to your car and you want it made new, be fair and take it across the Mulberry Street Bridge to Chas. A. Fair.

Now to keep up the expense of the foregoing, one must invest the money they have in paying securities. These are handled by the Industrial Securities Co.

Sorry about that coal but maybe when we tell you where you buy milk, groceries, clothing and a few other things, our coal man will have been found.
