## ONLY 50 TRACTS TO BE PURCHASED

Capitol Park Extension Commission Has Been Making Notable Progress

State ownership of the zone embraced in the proposed Capitol Park extension will be a fact within the next half year or so. Of the 539 buildings in the forty-one city blocks in the park extension district less than fifty remain to be acquired by the State and condemnation proceedings have been started against others. In the case of a number of the properties acquired, such as churches and factories, the Commonwealth has given the privilege of occupying until new places can be built, but in most of the cases the occupants have moved and the buildings are to be demolished before April 1.

## Curling Hair Like This Promotes Its Health

For those whose hair is straight and lank nothing better could be recommended than the silmerine method. This insures a beautiful curliness which is perfectly natural in appearance, and the health of the hair is not affected as where the heated iron is used. A few ounces of liquid silmerine—which can of course be had at any drug store—lasts a long time, so it is quite economical to use. It is pleasant to use, too, being neither sticky nor greasy, and is easily applied with a clean tooth brush. The hair should be moistened the full length before curling.

## In Parting---

We have laid down the tools of business—others take them up to continue our work of the past 25 years—the rearing of a shoe business on the solid foundation of honest worth, sensible pricing, absolute satisfaction.

To everyone who has contributed, directly or indirectly, to our achievements—our friends, our patrons, our advisers, our capable assistants—we express, with the passing of this firm, our sincere thanks.

landscape features of the park will be considered by the Board of Public Grounds and Buildings this summer and a plan for a State commission or a competition of landscape architects is being discussed informally at the Capitol.

**Rush For Oleo Licenses.**—Over 2,300 licenses for the sale of oleo have been issued by the State Department of Agriculture to date and before the end of the month it is possible that the 2,000 mark will be passed. During 1915 there were 2,800 licenses issued, which is double the number issued a very few years ago.

**Jitney Case Soon.**—Decision in the jitney case in which the Scranton railway raised the point that jitneys had to secure certificates of public convenience is expected to be given by the Public Service Commission within the next forty days. The case will have a State-wide effect.

**Huntingdon Men Here.**—Governor Brumbaugh had as his guests last night S. T. Spyer, Republican chairman of his home county; Howard E. Butz, editor of the Huntingdon Globe, who has always been the Governor's warm personal friend, and the Governor's brother Frank. They had an old-time reunion and no doubt incidentally discussed political conditions in the home valley.

**New Justice.**—Elias Groff was today appointed Justice of the peace for New Holland, Lancaster county.

**Captain Retires.**—Adjutant General Thomas J. Stewart today announced that Captain Frank O. Cole, Company M, Fourth Infantry, Bethlehem, had retired at his own request.

**Big Merger On.**—According to word received here, the Pittsburgh Coal Company and the Monongahela Consolidated Coal and Coke Company are about to be consolidated, under the name of the Pittsburgh Coal Company of Pennsylvania, with a capital of \$80,000,000.

**Mr. Reynolds Here.**—Ex-Lieutenant-Governor John M. Reynolds, of Bedford, was among the visitors at the Executive Mansion today. He was warmly greeted by his friends, as this was the second time he had been here in a year. Ex-Representative J. M. Yeager, of Lewistown, was also at the Capitol.

**Harrisburger Interested.**—J. William Bowman, of this city, is the treasurer of the A. H. Armstrong Company, advertising, Bloomsburg, which was chartered today, and Joseph G. Diefenderfer, former prothonotary, is treasurer of a gas light company chartered for Pittsburgh.

The readers of the Telegraph will enjoy themselves next week. Look for the surprise.—Advertisement.

## U. S. Consul Accused of Violating Neutrality

By Associated Press  
Berlin, Jan. 11 (By wireless to Sayville).—The newspapers of Berlin, says the Overseas News Agency, assert that the German government has taken up the case of Edward Higgins, American consul at Stuttgart, who is said to have made statements hostile to Germany and in violation of neutrality.

An English correspondent at Amsterdam reported on Saturday that the Colonne Gazette and other German newspapers were demanding the immediate recall of Mr. Higgins on the ground that he had given expression to anti-German sentiments.

## Gall-Stones

Don't Submit to the Knife Until You Have Learned What Lohmann's Gallstone Can Do

Few doctors ever try any medical treatment for gall-stones. Usually, the verdict is: "Operation." Then what? After going through the agony and danger attending this resort to the surgeon's knife, the gall-stones are just as likely to re-form. Lohmann's Gallstone aims to not merely remove the existing stones, but to correct the defective action of the kidneys, liver and bowels that was back for their formation. Its success has been wonderful, as attested by numerous letters.

# January Reductions

## At the Live Store

The policy of this Live Store always has been and always will be "no goods carried over from one season to another," and so, regardless of market conditions, our January Reductions go merrily on. It's one of the ways in which we keep this Live Store a live one all the time.

COPYRIGHT 1915 THE HOUSE OF KUPPENHEIMER

Of course we expected our January Reductions to bring business, but scarcely the great volume of the past week. Whatever the cause we're glad for this measure of confidence in our advertising and we renew our contention that this is beyond question the biggest value giving event in Harrisburg.

These are the prices for good clothing in the store where
