Important Opinion Furnished to the Agricultural Depart-

ment For Guidance

In an effort to escape the payment

In an effort to escape the payment of the registration fee based on the tonnage of their products sold in Pennsylvania during the past year commercial fertilizer manufacturers who resorted to a minor change in the trade names have had their registration applications held up by the Department of Agriculture.

The changes made in the trade names were so minor in most cases that the distinct trade name, referred to in the fertilizer law, was not done away with. The manufacturers attempted to register the changed brands and tendered the usual fee of \$15 for each brand having a distinct trade name, instead of a fee based on the tonnage sold during the past year. By this method the manufacturers selling over 100 tons of fertilizer were saving from five to fifteen dollars on each brand registration. About 100 brands are affected.

are affected.
Secretary of Agriculture Charles E.
Patton has taken the stand that in
these cases the distinct trade name has
not been changed and that the tonnage
fee is necessary in all such regis-

USING UP LEFTOVERS

USING UP LEFTOVERS

Puddings also help out the winter menu, and very unpromising leftovers can be made to combine into a delicious and nourishing dessert. 
Take an enameled ware baking dish, butter it carefully inside, then put in such odds and ends of dry bread and cake as you may happen to have on hand, breaking them into small pieces. Add to this the little bits of jelly, stewed fruit or apple sauce that have remained from various meals. Pour over the whole a large cup of milk into which a well-beaten egg has been stirred. When the pudding is baked it may be covered with a meringue which can be decorated to correspond with the color of the baking dish. Green enameled ware, for example, might have bits of citron laid on the meringue, or pink enameled ware might have candied rose leaves. When thus embellished the pudding becomes the La Reine of French cooks, and humble leftovers have given you a company dessert.

U. S. A. TO U. S. A:
George Gladden in World Outlook
The U. S. A. furnishes the larger
share of the imports of the U. S. A.
No, it isn't a puzzle—just a brief way
of stating that the United States of

## Service + Efficiency + Ability =Satisfaction

### The Formula of Belsinger Eye Service

¶ It is but little more than a year since the doors of this modern optical store were opened—little more than a year since Belsinger Eye Service was inaugurated-little more than a year since we first invited the public to come in and get acquainted with our methods.

¶ And in that brief space of time a wonderfully gratifying business has been built up-hundreds have come in response to our invitationhave investigated-have tested our service-and, satisfied, have come back again.

¶ And after all, "pleased patrons" is the keynote of Belsinger Eye Service-for "one pleased patron will send two to be pleased."

Tharges are based entirely upon the kind of lenses needed, and the style and quality of the mounting or frame desired.

The sooner we know one another the sooner we'll be mutually benefited.

Eves examined. Lenses ground in our own laboratory.

Goats' Milk For Coughs

"Go to the Hills and drink goats milk" was the prescription given by Hippocrates more than 2000 years ago for coughs, colds and bronchitis, but nowadays our local druggists, George A. Gorgas, Druggist, Kennedy's Medicine Store, 321 Market St., C. F. Kramer, Third & Broad Sts., Kitz-Harrisburg, Pa., have a non-secret constitutional remedy just as certain which can be taken right at home. It is Vinol,—composed of the healing, medicinal extractives of cod livers, without oil, peptonate of iron for the broad and the nourishing properties of the trouble, removes the cough and cures the cold. Vinol is a very reliable preparation.

P. S.—In your own town, wherever you live, there is a Vinol Drug Store. Look for the sign.—Advertisement. on account of failure of health of owner. One of the best located and successful carriage and auto repair
