HERE'S A **CHEW THAT**

"American Navy" is Rich in **Quality and Fruity** in Flavor

TASTIEST TOBACCO MADE

Do you chew tobacco? If you don't you're missing a lot of wholesome entoyment and healthful satisfaction. If you do, what form of tobacco do you use? A plug is the only chew that perfectly retains all the natural juices of the leaf.

the leaf.

American Navy is a high-grade "scrap" chew in plug form. It's made of the same type of leaf as "scrap," but the leaves used are whole instead of "cutrings."

of "cuttings."

of "cuttings."

And being pressed close, the sweet, mellow, fruity flavor of the leaf runs evenly through every last juicy chew of the American Navy plug.

American Navy represents the highest form of plug tobacco production—the very best chew that can be made from rich, ripe tobacco leaf—the last word in tobacco satisfaction.

American Navy is so carefully and painstakingly made that not one drop of the leaf's rich, natural juice escapes from the plug.

American Navy is the money's worth chew—and more! In 5c and 10c cuts.

ACTRESS TELLS SECRET

Darkened Her Gray Hair and Promoted Its Growth With a Simple Home Made Mixture.

Miss Blanche Rose, a well-known actress, who darkened her gray hair with a simple preparation which she mixed at home, in a recent interview Chicago, Ill., made the following statement: "Any lady or gentleman can darken their gray hair and make it soft and glossy with this simple recipe, which they can mix at home. To a half pint of water add 1 oz. of bay rum, a small box of Barbo Compound, and ½ oz. glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until it becomes the required shade. This will make a gray haired person look 20 years younger. It is also fine to promote the growth of hair, relieves itching and scalp humors and is excellent for dandruff and falling hair." it soft and glossy with this simple
