CONSTABLE 47 YEARS, RETIRES

Harry Roat, Aged 80, Has Served Continuously Since 1869

HARRY ROAT, SR.,
Harrisburg's Oldest Constable Who Retires This Week.

With the close of criminal court sessions this week, Harry Roat, Sr., 1007 North Third street, will end a continuous service of 47 years as constable of the Fifth ward. He filed his last report on Monday.

Constable Roat is the oldest constable in service in the city. He was born on Friday, September 13, 1836. During the war Mr. Roat enlisted in the Second regiment, Pennsylvania Volunteers, and served six months. When discharged he came to Harrisburg and enlisted in the Fifty-fourth regiment, Pennsylvania Volunteers, under George Washington Primrose Davis. He is now the only survivor of that regiment.

In 1869 he was appointed a police constable under Mayor William Hayes, and assigned to duty in the Fifth ward. He also served under Mayor William K. Verbeke. His re-election suffered with little opposition each term. Last year he expressed a desire to retire.

Mr. Roat was deputy sheriff under Sheriffs John Heikie, William Jennings, William Sheehey, Samuel Keller and C. Wells Booser. Notwithstanding he is 80 years old, Constable Roat is still quite active. He is a member of Post 58, G. A. R., and spends much time with his comrades. Up to a few years ago he was one of Harrisburg's most expert anglers, and is an authority on this sport.

POLICE INVESTIGATE CASE OF MAN IN THE HOSPITAL.

An unknown man this afternoon was brought to the police station from 1943 Kensington street. He was recorded as "John Doe" drunk. Later he was seized with convulsions at the jail, and was sent to the Harrisburg Hospital. It was said the man was suffering with a slight concussion of the brain. A patrolman Rutter reported that he was annoying residents on Kensington street and had been thrown out one place, striking his head on the curb. An investigation is being made.

Charity Ball Boxes and Tickets on Sale at Sigler's Tomorrow

Sale of both boxes and tickets for the charity ball will begin at 10 o'clock to-morrow morning at the C. M. Sigler music house, 26 North Second street.

The committee of arrangements have planned to dispose of the sixteen boxes by lot at \$25 each. An additional \$15 payment, however, insures the purchaser his choice of location. Each box will have a seating capacity of ten. The number of boxes has been limited to sixteen because of the desire of the committee to give up all space possible for the dancing. The price of the boxes doesn't include the admissions and in order to accommodate purchasers the tickets will be held at the same place.

Pennypacker Sustains New Injury to His Arm

Philadelphia, Jan. 14.—Former Governor Samuel W. Pennypacker is confined to his home at Schwenksville, Pa., near here, because of an injury received when a railroad conductor grasped his arm to prevent him falling. Mr. Pennypacker broke his right arm several months ago. As he was alighting from a train at Schwenksville a few days ago he slipped from the coach and would have fallen but for the conductor who caught him by the injured arm. The shock and pain upset Mr. Pennypacker.

He is under the care of a physician who believes Mr. Pennypacker will be able to go to Harrisburg next week to resume his duties as Public Service Commissioner.

HEALED BY CUTICURA SOAP AND OINTMENT

"Go Slow With Mexico" Warns Ernest Thomson Seton, Famed Naturalist

Ernest Thomson Seton, the naturalist and author, who came to Harrisburg to-day for two lectures, would not discuss the Mexican situation. He is stopping at the Engineers' Club, in South Front street. When asked for a suggestion as to what the United States should do, he said: "I know little about real conditions there. I have been too busy to study closely what the present trouble is all about, but I think it will pay to go slow."

This afternoon Mr. Seton talked to 1,500 grammar school children on the "Woodcraft League" at Technical High School. He explained the objects of this new branch of outdoor work for young folks. Its value as an educational feature, and the importance of taking up the work in every community. He told how a league can be formed, and will, in all probability, arrange to have an organization started in Harrisburg. The subject of Mr. Seton's lecture to-night will be "In Search of Caribou." It will be illustrated. To-morrow he will go to Philadelphia, where he is scheduled for a series of lectures.

Three More Harrisburg People Testify

KATHARINE SWEENEY, Aged 16, Had Rheumatism. JULIUS BRINKER, Cigarmaker, Aged 47, Had Catarrh. HENRY T. PLUCKER, 29th St., Aged 53, Had Stomach Troubles and Indigestion.

The health teacher at Croll Keller's drug store wishes it to be announced again that he will not be located in Harrisburg permanently and it will, therefore, be wise for all who contemplate calling on him to do so at their very first opportunity. Most particularly such people who might be afflicted with rheumatism, catarrh or stomach troubles should make it a point to call real soon. He also requests that all who possibly can will visit him during the day so that the evening hours may be devoted to the working class of people. It is really amazing what wonderful results the Quaker remedies are really giving. Yesterday three people left their testimonials, which sure are undeniable proofs, just read them:

Katherine Sweeney, aged 16, who lives on Cumberland street, but who has recently been stopping with her aunt, Mrs. Patrick Hoban, at Seelton, reported that she had been confined

with rheumatism for nearly eight months. Her knees were becoming stiff, so that she had to be carried up and down stairs and at times her pains were so severe that she would scream out so loud that the neighbors would hear her. During the latter part of November a treatment of the Quaker remedies was sent for. It was used according to directions and so marvelous were the results that the young lady called yesterday and stated that she was well. In spite of the recent damp, wet weather which is usually hard on rheumatic sufferers, she has had no signs of pain or stiffness.

Julius Brinker, maker of Little Joe cigars, reported that he had been relieved of a severe and chronic case of catarrh by the Quaker remedies. The catarrh had affected his head, ears, throat and stomach, every trace of which has vanished and he is now in line health.

Henry T. Plucker, Penbrook, aged 53, was an old sufferer from stomach troubles, indigestion and constipation. He was indeed in a pitiable condition. His constant cry was, "Oh, if I could

only get rid of this gas on my stomach, how much better I would feel." But it seemed everything he ate would form gas, sour stomach, heart palpitation and dizzy spells. He was obliged to use the strongest kind of purgatives. When he called on the health teacher the first time he said: "I come to talk, not to buy medicine." Still when he saw and heard people reporting such grand results he concluded to try once more. The consequence is, to-day Mr. Plucker is well. He eats well, sleeps well, enjoys his meals, has no more indigestion and what pleases him most of all is, he was able to again go back to his old work as a buffer. His cure has created a sensation in the neighborhood of his home.

Call on the health teacher at once. He can be seen at Croll Keller's drug store, No. 405 Market street, daily, from 9 a. m. to 9 p. m. If you cannot call order by mail, Quaker Extract \$1.00 per bottle, 3 for \$2.50. Oil of Balm, 50c. A most wonderful safe and sure Worm remedy for children.—Advertisement.
